Cash Position

As of September 30, 2024, consolidated cash, cash equivalents and restricted cash were \$12.1 million. Net cash provided by operations was \$5.3 million.

Travelzoo North America

North America business segment revenue decreased 4% year-over-year to \$12.8 million. Operating profit for Q3 2024 was \$3.2 million, or 25% of revenue, compared to operating profit of \$3.0 million in the prior-year period.

Travelzoo Europe

Europe business segment revenue increased 1% year-over-year to \$6.1 million. In constant currencies, Europe business segment revenue was \$5.9 million. Operating profit for Q3 2024 was \$1.0 million, or 17% of revenue, compared to operating profit of \$267,000 in the prior-year period.

Jack's Flight Club

Jack's Flight Club is a membership subscription service in which Travelzoo has a 60% ownership interest. Revenue from unaffiliated customers increased 11% year-over-year to \$1.2 million. The number of premium subscribers increased 14% year-over-year. Jack's Flight Club's revenue from subscriptions is recognized ratably over the subscription period (quarterly, semi-annually, annually). Non-GAAP operating profit for Q3 2024 was \$85,000. Non-GAAP operating profit excludes amortization

of intangibles (\$58,000) related to the acquisition of Travelzoo's ownership interest in Jack's Flight Club in 2020.

New Initiatives

New Initiatives business segment revenue, which includes Licensing and Travelzoo META, was \$33,000. Operating loss for Q3 2024 was \$160,000.

In June 2020, Travelzoo entered into a royalty-bearing licensing agreement with a local licensee in Japan for the exclusive use of Travelzoo's brand, business model, and members in Japan. In August of 2020, Travelzoo entered into a royalty-bearing licensing agreement with a local licensee in Australia for the exclusive use of Travelzoo's brand, business models, and members in Australia, New Zealand, and Singapore. Under these arrangements, Travelzoo's existing members in Australia, Japan, New Zealand, and Singapore will continue to be owned by Travelzoo as the licensor. Travelzoo recorded \$7,000 in licensing revenue from the licensee in Japan in Q3 2024. Travelzoo recorded \$10,000 in licensing revenue from the licensee in Australia, New Zealand, and Singapore in Q3 2024. Licensing revenue is expected to increase going forward.

Members and Subscribers

As of September 30, 2024, we had 30.1 million members and subscribers worldwide. In North America, Travelzoo had 15.8 million unduplicated members as of September 30, 2024. In Europe, Travelzoo had 9.1 million unduplicated members as of September 30, 2024. Jack's Flight Club had 2.1 million subscribers, including premium subscribers, as of September 30, 2024. Comparisons to prior periods are no longer meaningful due to strategic developments of the Travelzoo membership and Jack's Flight Club premium subscriber acquisition. For Travelzoo, the average activity of members is increasing. For Jack's Flight Club, the premium subscribers are increasing.

Discontinued Operations

In March 2020, Travelzoo decided to exit its Asia Pacific business and operate it as a licensing business going forward. Consequently, the Asia Pacific business has been classified as discontinued operations.

Income Taxes

A provision of \$1.1 million for income taxes was recorded for Q3 2024, compared to an income tax expense of \$1.0 million in the prior-year period. Travelzoo intends to utilize available net operating losses (NOLs) to largely offset its actual tax liability for Q3 2024.

Share Repurchase Program

During Q3 2024, the Company repurchased 552,679 shares of its outstanding common stock.

Looking Ahead

For Q4 2024, we expect growth in revenue year-over-year, albeit at a smaller pace than in 2023. However, there could be unexpected fluctuations. We also expect for Q4 2024 higher profitability year-over-year and quarter-over-quarter. For 2025, we expect substantial growth in revenue as a result of additional revenue from membership fees.

In December 2023, we announced the introduction of a membership fee for Travelzoo beginning January 1, 2024. We recognize membership fee revenue ratably over the subscription period. Legacy Travelzoo members as of December 31, 2023, which represent more than 95% of members, are exempt from the fee during 2024. Therefore, we do not anticipate membership fee revenue from these members before 2025.

Non-GAAP Financial Measures

Management calculates non-GAAP operating income when evaluating the financial performance of the business. Travelzoo's calculation of non-GAAP operating income, also called "non-GAAP operating profit" in this press release and today's earnings conference call, excludes the following items: amortization of intangibles, stock option expenses and severance-related expenses. This press release includes a table which reconciles GAAP operating income to the calculation of non-GAAP operating income. Non-GAAP operating income is not required by, or presented in accordance with, generally accepted accounting principles in the United States of America ("GAAP"). This information should be considered as supplemental in nature and should not be considered in isolation or as a substitute for the financial information prepared in accordance with GAAP. In addition, these non-GAAP financial measures may not be the same as similarly titled measures reported by other companies.
