WD-40 Company Reports Third Quarter 2020 Financial Results

~ Company reports diluted EPS of \$1.06 for the third quarter ~

SAN DIEGO – July 9, 2020 — WD-40 Company (NASDAQ:WDFC), a global marketing organization dedicated to creating positive lasting memories by developing and selling products that solve problems in workshops, factories and homes around the world, today reported financial results for its third fiscal quarter ended May 31, 2020.

Third Fiscal Quarter Financial Highlights

- Total net sales for the third quarter were \$98.2 million, a decrease of 14 percent compared to the prior year fiscal quarter. Year-to-date total net sales were \$296.9 million, a decrease of 6 percent compared to the prior year fiscal period.
- Translation of the Company's foreign subsidiary results to U.S. dollars had an unfavorable impact on sales
 for the current quarter and year-to-date. On a constant currency basis, total net sales would have been
 \$100.5 million for the third quarter and \$301.1 million year to date.
- Net income for the third quarter was \$14.5 million, a decrease of 20 percent compared to the prior year fiscal quarter. Year-to-date net income was \$41.0 million, a decrease of 13 percent from the prior year fiscal period.
- Diluted earnings per share were \$1.06 in the third quarter, compared to \$1.30 per share for the prior year fiscal quarter. Year-to-date diluted earnings per share were \$2.98 compared to \$3.39 in the prior year fiscal period.
- Gross margin was 54.0 percent in the third quarter compared to 54.5 percent in the prior year fiscal quarter. Year-to-date gross margin was 54.0 percent compared to 55.0 percent in the prior year fiscal period.
- Selling, general and administrative expenses were down 13 percent in the third quarter to \$27.9 million when compared to the prior year fiscal quarter. Year-to-date selling, general and administrative expenses were down 5 percent to \$90.4 million compared to the prior year fiscal period.
- Advertising and sales promotion expenses were down 24 percent in the third quarter to \$4.8 million when compared to the prior year fiscal quarter. Year-to-date advertising and sales promotion expenses were down 13 percent to \$15.2 million compared to the prior year fiscal period.

"Our total sales in the third quarter declined by 14 percent due to disruptions related to the COVID-19 pandemic," said Garry Ridge, WD-40 Company's chairman and chief executive officer. "As a global business that operates in 176 countries around the world, each of our locations has been impacted by COVID-19 in different ways but our tribe members everywhere adapted quickly to the unprecedented situation which enabled us to hold our own this quarter even while confronted with extremely challenging circumstances."

"I have often said that physical awareness and mental awareness of our product – or said simply, making our endusers aware of our products and making them easy to buy – is core to our continued success. COVID-19 has reinforced this lesson for me. In geographies and trade channels where our products remained easy to buy, like in ecommerce and in certain countries that were not subject to movement restrictions, we performed very well in the third quarter. However, in markets with strict movement restrictions in place or less developed e-commerce adoption, our sales were more severely impacted."

"Though the global health crisis is not over yet, I do believe that we have maneuvered through the immediate crisis very well. We have always had a very clear strategy with very clear targets enabled by an enviable culture. What this crisis has required us to do is pause, reset, and become even more laser-focused on how we will achieve our growth

Net Sales by Segment (in thousands):

	 Three Months Ended May 31,						Nine Months Ended May 31,					
	 2020		2019	Change		2020		2019	Change			
Americas	\$ 50,094	\$	52,966	(5)%	\$	143,672	\$	144,654	(1)%			
EMEA	32,521		44,548	(27)%		113,519		124,259	(9)%			
Asia-Pacific	15,632		16,475	(5)%		39,661		47,693	(17)%			
Total	\$ 98,247	\$	113,989	(14)%	\$	296,852	\$	316,606	(6)%			

- Net sales by segment as a percent of total net sales for the third quarter were as follows: for the Americas, 51 percent; for EMEA, 33 percent; and for Asia-Pacific, 16 percent.
- Net sales in the Americas decreased 5 percent in the third quarter primarily due to lower sales of WD-40 Multi-Use Product in Latin America which decreased 46 percent compared to the prior year fiscal quarter. This decline was driven by disruptions around the distribution and sales of our products due to the complete lock down of most countries in the region due to the COVID-19 pandemic. In addition, sales in Latin America were negatively impacted due to decreased sales in Mexico from period to period as a result of a change the Company made to the distribution model for this region. Also contributing to lower sales in the Americas were decreased sales in Canada which declined 10 percent compared to the prior year fiscal quarter due to the negative impacts of COVID-19. Partially offsetting these declines were higher sales in the United States, which increased 1 percent compared to the prior year fiscal quarter due to increased demand for cleaning products as a result of the COVID-19 pandemic.
- Net sales in EMEA decreased 27 percent in the third quarter primarily due to lower sales of WD-40 Multi-Use Product throughout the Company's European direct and distributor markets, which declined 28 and 25 percent, respectively. These decreases were due to disruptions related to the COVID-19 pandemic. Also contributing to lower sales in EMEA were decreased sales of homecare and cleaning products which declined 45 percent compared to the prior year fiscal quarter. This sales decrease was primarily due to sales of 1001 Carpet Fresh which were significantly higher in the prior year fiscal quarter due to positive impacts of digital marketing associated with the brand. Changes in foreign currency exchange rates had an unfavorable impact on sales for EMEA when compared to the prior year quarter. On a constant currency basis, EMEA sales for the third quarter would have decreased to \$33.8 million or 24 percent compared to the prior year fiscal quarter.
- Net sales in Asia-Pacific decreased 5 percent in the third quarter primarily due to lower sales of WD-40 Multi-Use Product in the Asia distributor market, which decreased 33 percent compared to the prior fiscal quarter. The decrease in sales in the Asia distributor market was mainly due to disruptions related to the COVID-19 pandemic. Partially offsetting these declines were higher sales in both Australia and China, which increased 16 and 26 percent respectively compared to the prior year fiscal quarter. The increase in sales in Australia was mainly driven by increased demand for Solvol® and no vac® as a result of the COVID-19 pandemic. The increase in sales in China was mainly driven by the company's ability to resume normal operations and ship many large orders in the third quarter that had previously been delayed due to the impacts of the COVID-19 pandemic and Chinese New Year. Changes in foreign currency exchange rates had an unfavorable impact on sales for Asia-Pacific when compared to the prior year quarter. On a constant currency basis, Asia-Pacific sales for the third quarter would have decreased to \$16.4 million or 1 percent compared to the prior year fiscal quarter.

Net Sales by Product Group (in thousands):

	 Three Months Ended May 31, Nine Months En							hs Ended Ma	inded May 31,	
	 2020		2019	Change		2020		2019	Change

Homecare and cleaning products	10,388		9,456	10%		28,176		27,235	3%	
Total	\$ 98,247	\$	113,989	(14)%	\$	296,852	\$	316,606	(6)%	

- Net sales of maintenance products, which are considered the primary growth focus for the Company, decreased 16 percent in the third quarter when compared to the prior year fiscal quarter. This sales decline was primarily attributable to decreased sales of WD-40 Multi-Use Product in all three segments due to disruptions related to the COVID-19 pandemic.
- Net sales of homecare and cleaning products increased 10 percent in the third quarter when compared to the prior year fiscal quarter. This higher level of sales was due to the increased demand for such products that has resulted from the COVID-19 pandemic. The homecare and cleaning products, particularly those in the United States, are considered harvest brands providing healthy profit returns to the Company and are becoming a smaller part of the business as net sales of multi-purpose maintenance products grow per the execution of the Company's strategic initiatives.

Dividend and Share Repurchase

During the period from September 1, 2018 through May 31, 2020, the Company repurchased 268,538 shares at a total cost of \$46.4 million under this \$75.0 million plan. On April 8, 2020, the Company elected to temporarily suspend repurchases under its current share buy-back plan. The Company has elected this suspension in order to preserve cash while it monitors the impacts of the COVID-19 pandemic as it continues to unfold. Therefore, no repurchases of the Company's stock were transacted between April 8, 2020 and May 31, 2020.
