SAN DIEGO - October 18, 2018 - WD-40 Company (NASDAQ:WDFC), a global marketing organization dedicated to creating positive lasting memories by developing and selling products that solve problems in workshops, factories and homes around the world, today reported financial results for its fourth quarter and fiscal year ended August 31, 2018.

## Financial Highlights and Summary

- Total net sales for the fourth quarter were $\$ 102.6$ million, an increase of 6 percent compared to the prior year fiscal quarter. Net sales for the full fiscal year were $\$ 408.5$ million, an increase of 7 percent compared to the prior fiscal year.
- Translation of the Company's foreign subsidiary results to U.S. dollars had a favorable impact on sales for the current quarter and full fiscal year. On a constant currency basis total net sales would have been $\$ 102.2$ million for the fourth quarter and $\$ 398.0$ million for the full fiscal year.
- Net income for the fourth quarter was $\$ 21.6$ million, an increase of 51 percent compared to the prior year fiscal quarter. For the full fiscal year net income was $\$ 65.2$ million, an increase of 23 percent from the prior fiscal year.
- Diluted earnings per share were $\$ 1.54$ in the fourth quarter, compared to $\$ 1.01$ per share for the prior year fiscal quarter. Year-to-date diluted earnings per share were $\$ 4.64$ compared to $\$ 3.72$ in the prior fiscal year.
- Gross margin was 55.2 percent in the fourth quarter compared to 56.0 percent in the prior year fiscal quarter. Full fiscal year gross margin was 55.1 percent compared to 56.2 percent in the prior fiscal year.
- Selling, general and administrative expenses were up 5 percent in the fourth quarter to $\$ 29.7$ million when compared to the prior year fiscal quarter. Selling, general and administrative expenses for the full fiscal year were up 6 percent to $\$ 121.4$ million compared to the prior fiscal year.
- Advertising and sales promotion expenses were up 23 percent in the fourth quarter to $\$ 6.5$ million when compared to the prior year fiscal quarter. Advertising and sales promotion expenses for the full fiscal year were up 9 percent to $\$ 22.3$ million compared to the prior fiscal year.
"In the fourth fiscal quarter, net income and diluted earnings per share were positively impacted by a $\$ 7.1$ million provisional tax adjustment we recorded during the quarter associated with the Tax Cuts and Jobs Act," said Jay Rembolt, WD-40 Company's Chief Financial Officer. "Because of this adjustment we substantially exceeded the guidance we issued in July of 2018 for both net income and diluted EPS. This has been a very unusual tax year due to the transition associated with the Tax Cuts and Jobs Act which caused our effective income tax rate for fiscal year 2018 to be approximately 13 percent. The exceptionally low tax rate we recorded this year is not expected to carry into fiscal year 2019. I suggest investors review our Annual Report on Form 10-K for more detailed information on the impacts of Tax Cuts and Jobs Act."

WD-40 Company's president and CEO, Garry Ridge added, "We are pleased that we achieved both sales and earnings results in fiscal year 2018 which reflect new record highs for the Company. Our maintenance products delivered solid sales increases in the full fiscal year including 8 percent growth of WD-40 Multi-Use Product and 22 percent growth of WD-40 Specialist. I'd like to thank the tribe for their contributions during
fiscal year 2018. The tribe has never been more aligned and focused. We are clear about our purpose and we know what we need to do to achieve our long-term goals," concluded Ridge.

| \$ | 102,640 | \$ | 96,561 | 6\% | \$ | 408,518 | \$ | 380,506 | 7\% |

- Net sales by segment as a percent of total net sales for the fourth quarter were as follows: for the Americas, 47 percent; for EMEA, 36 percent; and for Asia-Pacific, 17 percent.
- Net sales in the Americas were up 2 percent in the fourth quarter entirely due to a 9 percent increase in sales of maintenance products in the United States. This increase was partially offset by lower sales of maintenance products in Canada and Latin America. The higher sales of maintenance products in the United States were primarily due to an increase in sales of WD-40® EZ-REACH ${ }^{\text {TM }}$ as well as the timing of promotional programs in the region.
- Net sales in EMEA increased 2 percent in the fourth quarter primarily due to a 10 percent increase in sales in the EMEA direct markets which was significantly offset by a 14 percent decrease in sales in the distributor markets. The increase in the direct markets was primarily due to higher sales of maintenance products throughout most countries in the region, whereas the decline in the distributor markets was due to decreased sales in Russia. Changes in foreign currency exchange rates had a favorable impact on sales for the EMEA segment from period to period. On a constant currency basis EMEA sales for the fourth quarter would have increased by only $\$ 0.1$ million compared to the prior fiscal year period.
- Net sales in Asia-Pacific increased 36 percent in the fourth quarter primarily due to a 128 percent increase in sales in the Asia distributor markets and a 30 percent increase in sales in China. The sales growth in the Asia distributor markets was primarily attributable to increased sales as a result of the Company completing its transition to new marketing distributors in certain regions. The growth in China was due to the timing of customer orders in the region. Changes in foreign currency exchange rates did not have a significant impact on sales in the Asia-Pacific segment.

| Total | \$ | 102,640 | \$ | 96,561 | 6\% | \$ | 408,518 | \$ | 380,506 | 7\% |

- Net sales of maintenance products, which are considered the primary growth focus for the Company, increased 8 percent in the fourth quarter when compared to the prior fiscal year period. This sales growth was primarily attributable to increased sales of WD-40® Multi-Use Product within the Asia-Pacific and Americas segments.
- Net sales of homecare and cleaning products decreased 7 percent in the fourth quarter when compared to the prior fiscal year period. The homecare and cleaning products, particularly those in the U.S., are considered harvest brands providing healthy profit returns to the Company and are becoming a smaller part
of the business as net sales of multi-purpose maintenance products grow per the execution of the Company's strategic initiatives.
