Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

Class A Common Stock is freely transferable. Class B Common Stock is transferable only to certain permitted transferees (generally tied to the Penny family (the Company's principal stockholders)) but is convertible into Class A Common Stock on a share-for-share basis. Holders of Class A Common Stock have one vote per share and holders of Class B Common Stock have four votes per share. Except as previously described, no other dividend or preemptive rights.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

The Board of Directors has the authority to issue up to 1,000,000 shares of preferred stock in one or more series and to fix the rights, preferences, privileges and restrictions thereof, including dividend rights, conversion rights, voting rights, terms of redemption, liquidation preferences, sinking fund terms and the number of shares constituting any series or the designation of such series, without any further vote or action by stockholders.

3. Describe any other material rights of common or preferred stockholders.

The members of the Penny family (principal stockholders) have a Stock Transfer Restriction Agreement that prohibits, with limited exceptions, such members from transferring their Class B Common Stock acquired prior to November 30, 1995, without first offering such stock to the other members of the Penny family. If converted, Class B stock converts on a one-for-one basis into shares of Class A Common Stock upon a transfer.

4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

None

3) Issuance History

The goal of this section is to provide disclosure with respect to each event that resulted in any changes to the total shares outstanding of any class of the issuer's securities **in the past two completed fiscal years and any subsequent interim period.**

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares, or any other securities or options to acquire such securities, issued for services. Using the tabular format below, please describe these events.

A. Changes to the Number of Outstanding Shares for the two most recently completed fiscal years and any subsequent period.

Indicate by check mark whether there were any changes to the number of outstanding shares within the past two completed fiscal years:

Use the space below to provide any additional details, including footnotes to the table above:

4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Westell Technologies, Inc., (the "Company") was incorporated in Delaware in 1980 and is headquartered at 750 North Commons Drive, Aurora, Illinois 60504. The Company is a holding company that primarily conducts business through its wholly owned subsidiary, Westell, Inc. ("Westell"). Westell, through its three segments, is a leading provider of high-performance network infrastructure solutions focused on innovation and differentiation at the edge of communication networks where end users connect. Westell's portfolio of products and solutions enable service providers and network operators to improve performance and reduce operating expenses.

B. List any subsidiaries, parent company, or affiliated companies.

Westell Technologies, Inc. (the "Company") is a holding company. Its wholly owned subsidiary, Westell, Inc. ("Westell"), designs and distributes high-performance network infrastructure solutions, which are sold primarily to telecommunication companies.

The Company has a 50% equity ownership in AccessTel Kentrox Australia PTY LTD ("AKA"). AKA distributes network management solutions provided by Westell and the other 50% owner to one customer.

C. Describe the issuers' principal products or services.

The Company has three reportable operating segments: In-Building Wireless ("IBW"), Intelligent Site Management ("ISM"), and Communications Network Solutions ("CNS").

IBW Segment

IBW segment solutions enable public safety and cellular coverage in stadiums, arenas, malls, buildings, and other indoor areas not served well by the existing outdoor radio network. For the public safety market, solutions include Class A repeaters, Class B repeaters, VHF/UHF repeaters, Public Safety distributed antenna systems ("DAS"), and battery backup units. IBW also offers passive signal distribution, attenuation solutions, protection products, and antennas for both the public safety and cellular markets.

ISM Segment

ISM segment solutions include a suite of remote units, which provide machine-to-machine ("M2M") communications that enable operators to remotely monitor, manage, and control physical site infrastructure and support systems. Remote units can be combined with the Company's Optima management software system. ISM also offers support services (i.e., maintenance agreements) and deployment services (i.e., installation).

CNS Segment

CNS segment solutions include a broad range of hardened network infrastructure offerings suitable for both indoor and outdoor use. The offerings consist of integrated cabinets, fiber distribution hubs (FDHs), power distribution products, copper and fiber network connectivity products, and fiber access products.

5) Issuer's Facilities

The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

The Company leases the following real property as of June 30, 2024:

Location	Purpose	Square footage	Termination calendar year	Segment
Aurora, IL	Corporate headquarters, office, manufacturing and distribution	83,000	2025	
Dublin, OH	Engineering design center	5,798	2025	ISM
Manchester, NH	IBW engineering test facility	2,225	2024	IBW

During fiscal year ended March 31, 2022, the Company executed a two-year lease extension for approximately 2,300 square feet for our Manchester, New Hampshire IBW engineering test facility (the “Original NH Lease”). During the quarter ended December 31, 2023, at the landlord’s request, the Company terminated the Original NH Lease and executed a replacement lease for 2,225 square feet at a new Manchester, New Hampshire location (the “Replacement NH Lease”). The original expiration of the Replacement NH Lease was scheduled for August 31, 2024, the same expiration date that was in the Original NH Lease. In the first quarter of fiscal year 2025, the Company executed a one year extension option on the Replacement NH lease which will expire August 31, 2025.

During fiscal year ended March 31, 2021, the Company executed a 62- month lease extension for approximately 83,000 square feet for our Aurora, Illinois headquarters facility. The Aurora lease expires November 30, 2025.

During fiscal year ended March 31, 2020, the Company executed a 63-month lease for approximately 5,800 square feet for the ISM engineering design center in Ohio. The Dublin lease expires on February 28, 2025.

6) All Officers, Directors, and Control Persons of the Company

Using the table below, please provide information, as of the period end date of this report, regarding all officers and directors of the company, or any person that performs a similar function, regardless of the number of shares they own.

In addition, list all individuals or entities controlling 5% or more of any class of the issuer’s securities.

If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity. Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer.

The goal of this section is to provide investors with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial owners.

- (1) Percentage of beneficial ownership is based on 7,991,226 shares of Class A Common Stock and 3,484,287 shares of Class B Common Stock outstanding as of June 30, 2024.
- (2) Class A Common Stock is freely transferable and Class B Common Stock is transferable only to certain transferees but is convertible into Class A Common Stock on a share-for-share basis. Holders of Class A Common Stock have one vote per share and holders of Class B Common Stock have four votes per share.
- (3) 179,340 shares are held by Revocable Trust.
- (4) Includes 246,409 shares held in trust for the benefit of Mr. Penny's children for which Mr. Foskett is trustee and has sole voting and dispositive power. Mr. Foskett disclaims beneficial ownership of these shares.
- (5) Includes 3,237,878 shares of Class B Common Stock held in the Voting Trust Agreement dated February 23, 1994, as amended (the "Voting Trust"), among Robert C. Penny III and certain members of the Penny family. Mr. Foskett, and Mr. Patrick J. McDonough, Jr. are co-trustees and have joint voting and dispositive power over all shares in the Voting Trust. Messrs. Foskett and McDonough each disclaim beneficial ownership with respect to all shares held in the Voting Trust in which they do not have a pecuniary interest. For additional information on the Voting Trust, see the Schedule 13D/A filed with the SEC on May 5, 2015. The Voting Trust contains 120,656 shares held for the benefit of Mr. Foskett. The address for Messrs. Foskett and McDonough is Robert W. Foskett, 1035 Pearl St. #400, Boulder, Colorado 80302.
- (6) As of June 30, 2024, Robert W. Foskett and Patrick J. McDonough, Jr., as trustees of the Voting Trust containing common stock held for the benefit of the Penny family, have the exclusive power to vote over 59.1% of the votes entitled to be cast by the holders of the Company's common stock. Certain Penny family members also own, or are beneficiaries of, trusts that own shares outside of the Voting Trust. Messrs. Foskett and McDonough, as trustees of the Voting Trust and other trusts, control 63.9% of the voting power of the Company's outstanding stock and therefore effectively control the Company.
- (7) 35,833 shares are held in a Trust titled "TIMOTHY L. DUTSMAN TRUST DATED AUGUST 1, 2022".
- (8) Mr. Swartwood resigned from the Company effective August 5, 2024.

6. Been the subject of a U.S Postal Service false representation order, or a temporary restraining order, or preliminary injunction with respect to conduct alleged to have violated the false representation statute that applies to U.S mail.

To the knowledge of Westell Technologies, Inc., none of the foregoing officers, directors or control persons has been the subject of any such proceeding in the past 10 years.

- B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party to or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

The Company and its subsidiaries are involved in various assertions, claims, proceedings and requests for indemnification concerning intellectual property, including patent infringement suits involving technologies that may be incorporated in the Company's products, which are being handled and defended in the ordinary course of business. These matters are in various stages of investigation and litigation. Although the Company does not expect that the outcome in any of these matters, individually or collectively, will have a material adverse effect on its financial condition or results of operations, litigation is inherently unpredictable. Therefore, judgments could be rendered, or settlements entered, that could adversely affect the Company's operating results or cash flows in a particular period. The Company routinely assesses all of its litigation and threatened litigation as to the probability of ultimately incurring a liability, and it records its best estimate of the ultimate loss in situations where it assesses the likelihood of loss as probable.

In January 2022, a former stockholder of the Company filed a complaint in the Delaware Court of Chancery (the "Court") on behalf of a putative class of former stockholders against the Company, its directors, a former director, and the Voting Trust concerning the October 1, 2020, Reverse/Forward Stock Split Transaction (the "Transaction"). The complaint asserts that the \$1.48 per share price paid in the Transaction was unfair and seeks, among other things, damages for the class. The complaint also asserts a state law claim for purported insider trading in connection with an officer's purchase of Company shares in August 2020. In April 2022, a second complaint was filed on behalf of two putative classes against the same parties concerning the Transaction. In March 2023, the Court granted the Company's motion to partially dismiss the second suit, consolidated the two suits, and appointed the plaintiff that filed the

first complaint and his counsel as the lead plaintiff and lead counsel for representation of the class. In February 2024, the parties reached agreement on formal settlement documentation to resolve this shareholder class action lawsuit, captioned *In re Westell Technologies, Inc. Stockholder Litigation*, C.A. No. 2022-0090-NAC (Del. Ch.). The settlement contains no admission of wrongdoing, fault, liability or damage by the Company or any defendant. The settlement provides for consideration of a gross payment of \$2.2 million in cash, plus payment of up to \$49,000 in expense for notice to the class, which amounts will be funded fully by proceeds of existing Directors and Officers insurance. The settlement will resolve this matter against all defendants, releasing them from all claims by the plaintiffs and the class. The settlement was contingent upon various conditions, including, but not limited to final approval by the Court. On June 14, 2024, the Court approved the settlement. In July 2024, the Company's insurer made the payment in full to the settlement account. As this settlement was approved by the Court and paid, the Company will no longer report on this matter.

A significant customer is a defendant in a patent infringement claim and is asserting possible indemnity rights under contracts with the Company. The customer initially won summary judgment for all claims, which was subsequently reversed on appeal. After the reversal, the customer filed another motion for summary judgment for non-infringement on all claims, which was granted by the District Court. Prior to issuance of the most recent summary judgment order, the customer informed the Company that the customer intends to seek to recover from the Company a share of the settlement and defense costs. The timeframe for appeal of denial of the second summary judgement motion has lapsed, and accordingly, the litigation has concluded. The Company has received notice from the customer that they intend to seek \$273,000 as the Company's share of litigation defense costs from June 2019 to the conclusion of litigation. (The Company has a release as to all defense costs incurred prior to June 2019.) The Company is seeking additional information to fully evaluate the merits of the claim in order to determine potential exposure, which will vary from a high of the asked-for amount to some lower figure, which we cannot determine with certainty at this point. The merits of the claim depend on the Company's contribution ratio and the reasonableness of the defense costs allegedly incurred by the customer. This claim relates to a business that was previously sold and therefore any future expense would be presented as discontinued operations in the financial statements.

Note 1. Basis of Presentation

Description of Business

Westell Technologies, Inc., (the “Company”) was incorporated in Delaware in 1980 and is headquartered at 750 North Commons Drive, Aurora, Illinois 60504. The Company is a holding company that primarily conducts business through its wholly owned subsidiary, Westell, Inc. (“Westell”). Westell, through its three segments, is a leading provider of high-performance network infrastructure solutions focused on innovation and differentiation at the edge of communication networks where end users connect. Westell’s portfolio of products and solutions enable service providers and network operators to improve performance and reduce operating expenses.

Basis of Presentation and Reporting

The accompanying Condensed Consolidated Financial Statements include the accounts of the Company and its wholly-owned subsidiaries. The Condensed Consolidated Financial Statements have been prepared using generally accepted accounting principles (“GAAP”) in the United States for interim financial reporting, and, accordingly, they do not include all of the information and footnotes required in the annual consolidated financial statements and accompanying footnotes. The Condensed Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements and accompanying notes included in the Company’s Annual Report for the year ended March 31, 2024. All intercompany accounts and transactions have been eliminated in consolidation.

In the opinion of management, the unaudited interim financial statements included herein reflect all adjustments, consisting of normal recurring adjustments, necessary to present fairly the Company’s condensed consolidated financial position and the results of operations, comprehensive income and cash flows at June 30, 2024, and for all periods presented. The results of operations for the periods presented are not necessarily indicative of the results that may be expected for fiscal year 2025.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and that affect revenue and expenses during the periods reported. Estimates are used when accounting for the allowance for uncollectible accounts receivable, net realizable value of inventory, product warranty accrued, relative stand-alone selling prices, stock-based compensation, intangible assets fair value, depreciation, income taxes, right-of-use lease assets and related lease liabilities, and contingencies, among other things. Actual results could differ from those estimates.

Recently Issued Accounting Pronouncements Not Yet Adopted as of June 30, 2024

In March 2024, the FASB issued Accounting Standards Update (“ASU”) 2024-02, *Codification Improvements - Amendments to Remove References to the Concepts Statements* (“ASU 2024-02”). This amendment to the Codification removes references to various Concepts Statements. This update will be effective for public business entities for fiscal years beginning after December 15, 2024, with early adoption permitted if adopted as of the beginning of the fiscal year that includes that interim period. The Company is currently evaluating the effects of the adoption of ASU 2024-02 on the Company’s Condensed Consolidated Financial Statements.

In March 2024, the FASB issued ASU 2024-01, *Compensation—Stock Compensation (Topic 718): Scope Application of Profits Interest and Similar Awards* (“ASU 2024-01”), to clarify the scope application of profits interest and similar awards by adding illustrative guidance in ASC 718, Compensation - Stock Compensation. The ASU clarifies how to determine whether profits interest and similar awards are in the scope of ASC 718 and applies to all reporting entities that account for profits interest awards as compensation to employees or non-employees. In addition to adding the illustrative guidance, the ASU modified the language in paragraph 718-10-15-3 to improve its clarity and operability. However, this amendment does not change the intent of that guidance, nor how it should be applied. The ASU’s amendments are effective for fiscal years beginning after December 15, 2024, including

interim periods within those years. The Company is currently evaluating the effects of the adoption of ASU 2024-01 on the Company's Condensed Consolidated Financial Statements.

In December 2023, the FASB issued ASU 2023-09, *Income Taxes (Topic 740) - Improvements to Income Tax Disclosures* ("ASU 2023-09"). ASU 2023-09 is intended to address investor requests for more transparency about income tax information through improvements to income tax disclosures primarily related to the effective tax rate reconciliation as well as additional income taxes paid information. ASU 2023-09 is effective for fiscal years beginning after December 15, 2024, and should be applied prospectively. Retrospective application is permitted. Early adoption is permitted. The Company is currently evaluating the impact of ASU 2023-09 on the Company's Condensed Consolidated Financial Statements.

In November 2023, the FASB issued ASU 2023-07, *Segment Reporting (Topic 280) - Improvements to Reportable Segment Disclosures* ("ASU 2023-07"). ASU 2023-07 is intended to improve reportable segment disclosure requirements primarily through enhanced disclosures about significant segment expenses in annual and interim periods. ASU 2023-07 is effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024, and requires retrospective application to all prior periods presented in the financial statements. Early adoption is permitted. The Company is currently evaluating the impact of ASU 2023-07 on the Company's Condensed Consolidated Financial Statements.

Subsequent Events

The Company evaluates subsequent events occurring between the most recent balance sheet date and the date that the consolidated financial statements are available to be issued in order to determine whether the subsequent events are to be recorded and/or disclosed in the Company's financial statements and footnotes. Management considers the consolidated financial statements available to be issued at the time that they are filed with the OTC.

In August 2024, the Company's Board of Directors authorized a new stock repurchase authorization of up to \$2.0 million of Class A Common Stock.

Note 2. Leases

The Company accounts for leases under ASC Topic 842, *Leases*. Leases with an initial term of 12 months or less are not recorded on the Consolidated Balance Sheets. The Company also made the accounting policy election to account for each separate lease component and non-lease component associated with that lease component as a single lease component. The Company determines lease terms based on whether or not it is reasonably certain to exercise the lease extensions. The Company determines at inception whether an arrangement is a lease.

Right-of-use ("ROU") assets represent the Company's right to use an underlying asset during the lease term and lease liabilities represent the Company's obligation to make lease payments arising from the lease. ROU assets and lease liabilities are recognized at the lease commencement date based on the net present value of remaining fixed lease payments over the lease term. Lease terms used to calculate the present value of the lease payments include any options to extend, renew, or terminate the lease, when it is reasonably certain that these options will be exercised. ROU assets also include any advance lease payments made and exclude any lease incentives. As the implicit interest rate for our leases is not readily determinable, the Company uses its incremental borrowing rate based on the information available at commencement date in determining the present value of lease payments. Lease expense is recognized on a straight-line basis over the lease term. The Company has lease arrangements with non-lease components that are not in-substance fixed and considered variable, which were not included in the carrying balances of the ROU asset and lease liability. The Company does not have any finance leases. No lease requires residual value guarantees.

The Company reviews the impairment of ROU assets consistent with the approach applied to other long-lived assets. ROU assets are reviewed for recoverability whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. Determination of recoverability is based on an estimate of undiscounted future cash flows resulting from the use of the asset and its eventual disposition. If the carrying amount of an asset exceeds its estimated future undiscounted cash flows, an impairment loss is recorded for the excess of the asset's carrying amount over its fair value.

The Company's operating leases primarily include building leases for the corporate headquarters in Aurora, IL, an engineering and service center in Dublin, OH, and engineering test facility in Manchester, NH.

Future minimum lease payments as of June 30, 2024, consisted of the following (in thousands):

Fiscal Year Ending March 31,	Operating Leases
2025 ⁽¹⁾	\$ 423
2026	286
Thereafter	—
Total lease payments	709
Less: imputed interest	(25)
Total operating lease liabilities	\$ 684

⁽¹⁾ Represents the future minimum operating lease payments expected to be made over the remaining balance of the fiscal year.

As of June 30, 2024, the weighted-average remaining lease term was 1.4 years and the weighted-average discount rate was 4.6%. As of June 30, 2023, the weighted-average remaining lease term was 2.4 years and the weighted-average discount rate was 4.5%.

During fiscal year ended March 31, 2022, the Company executed a two-year lease extension for approximately 2,300 square feet for our Manchester, New Hampshire IBW engineering test facility (the “Original NH Lease”). There were no new leases in fiscal year ended March 31, 2023. During the quarter ended December 31, 2023, at the landlord’s request, the Company terminated the Original NH Lease and executed a replacement lease for 2,225 square feet at a new Manchester, New Hampshire location (the “Replacement NH Lease”). The Replacement NH Lease expires August 31, 2024. Leases with an initial term of 12 months or less are not recorded on the Consolidated Balance Sheets. In the first quarter of fiscal year 2025, the Company executed a one year extension option on the Replacement NH lease which will expire August 31, 2025.

Our building leases include variable lease payments that are not included in the lease liability balances as they are based on the expenses which can vary during the term of each lease.

Lease expenses are included in Cost of revenue, Research and development, Sales and marketing, and General and administrative in the Company’s Condensed Consolidated Statements of Operations. The components of lease expense are as follows:

The components of lease expense are as follows:

(in thousands)	Three months ended June 30, 2024	Three months ended June 30, 2023
Operating lease expense	\$ 152	\$ 152
Variable lease expense ⁽¹⁾	60	53
Total lease expense ⁽²⁾	\$ 212	\$ 205

⁽¹⁾ Variable lease expense is related to our leased real estate and primarily includes labor and operational costs as well as taxes and insurance.

⁽²⁾ Short-term lease expense is immaterial.

For each of the three months ended June 30, 2024 and 2023, cash paid for operating leases included in the measurement of lease liabilities was \$0.2 million. All of these payments are presented in Operating activities cash flows on the Condensed Consolidated Statements of Cash Flows.

The following table summarizes the classification of ROU assets and lease liabilities as of June 30, 2024 and March 31, 2024:

(in thousands)	June 30, 2024	March 31, 2024	Balance Sheet Classification
Assets:			
ROU assets	\$ 784	\$ 891	Right-of-use assets on operating leases, net
Liabilities:			
Current operating lease liability	543	527	Accrued expenses
Non-current operating lease liabilities	141	273	Lease liabilities non-current
Total lease liabilities	\$ 684	\$ 800	

Note 3. Revenue Recognition and Deferred Revenue

Disaggregation of revenue

The following table disaggregates our revenue by major source:

(in thousands)	Three months ended June 30,	
	2024	2023
Revenue:		
Products	\$ 7,616	\$ 9,697
Software	189	37
Services	1,109	942
Total revenue	\$ 8,914	\$ 10,676

The following is the expected future revenue recognition timing of deferred revenue as of June 30, 2024:

(in thousands)	< 1 year	1-2 years	> 2 years
Deferred Revenue	\$ 311	\$ 143	\$ 165

During the three months ended June 30, 2024, and June 30, 2023, the Company recognized \$0.3 million and \$0.1 million, respectively, of revenue related to contract liabilities at the beginning of the periods.

The Company allows certain customers to return unused product under specified terms and conditions. The Company estimates product returns based on historical sales and return trends and records a corresponding refund liability. The refund liability, which is recorded in Accrued expenses on the accompanying Condensed Consolidated Balance Sheets, was approximately \$0.1 million at both June 30, 2024 and March 31, 2024. The gross product return asset, which is recorded in Prepaid and other current assets in the Condensed Consolidated Balance Sheets, was approximately \$0.1 million at both June 30, 2024 and March 31, 2024.

Note 4. Revolving Credit Agreement

Revolving Credit Agreement

Effective December 15, 2023, the Company executed an amendment (the "Amendment") to its credit agreement dated as of December 15, 2022 (the "Credit Agreement") with St. Charles Bank & Trust Company, N.A. The Amendment extends the maturity on the revolving credit facility in an amount up to \$5.0 million to December 15, 2024, with availability under the line of credit subject to a borrowing base calculated as a percentage of eligible accounts receivable (the "Borrowing Base Calculation"). The line of credit is secured by a blanket lien on all tangible and intangible assets of the Company and its domestic subsidiary. Borrowings under the Credit Agreement will bear interest at SOFR plus 300 basis points. The line of credit is to be repaid in monthly payments of interest only and is renewable at maturity. The Credit Agreement contains certain restrictive covenants customary for transactions of this type. Prior to the Amendment, the Credit Agreement contained one financial covenant requiring the Borrower to maintain a minimum fixed charge coverage ratio of 1.2x, measured semi-annually. The Company maintained compliance with this covenant, which was eliminated with Amendment. There were no borrowings under this facility at June 30, 2024 or March 31, 2024. Based upon the Borrowing Base Calculation, there was approximately \$5.0 million available under this facility at June 30, 2024.

Note 5. Interim Segment Information

Segment information is presented in accordance with a "management approach", which designates the internal reporting used by the chief operating decision-maker ("CODM") for making decisions and assessing performance as the source of the Company's reportable segments. The Company's CODM is the Chief Executive Officer. The CODM continues to define segment profit as gross profit less research and development expenses. The accounting policies of the segments are the same as those for Westell Technologies, Inc. described in the summary of significant accounting policies included in the Company's Annual Report for year ended March 31, 2024.

The Company's three reportable segments are as follows:

In-Building Wireless ("IBW") Segment

IBW segment solutions enable public safety and cellular coverage in stadiums, arenas, malls, buildings, and other indoor areas not served well by the existing outdoor radio network. For the public safety market, solutions include Class A repeaters, Class B repeaters,

VHF/UHF repeaters, Public Safety distributed antenna systems (“DAS”), and battery backup units. IBW also offers passive signal distribution, attenuation solutions, protection products, and antennas for both the public safety and cellular markets.

Intelligent Site Management (“ISM”) Segment

ISM segment solutions include a suite of remote units, which provide machine-to-machine communications that enable operators to remotely monitor, manage, and control physical site infrastructure and support systems. Remote units can be combined with the Company's Optima management software system. ISM also offers support services (i.e., maintenance agreements) and deployment services (i.e., installation).

Communications Network Solutions (“CNS”) Segment

CNS segment solutions include a broad range of hardened network infrastructure offerings suitable for both indoor and outdoor use. The offerings consist of integrated cabinets, fiber distribution hubs (FDHs), power distribution products, copper and fiber network connectivity panels, and fiber access products.

Segment information for the three months ended June 30, 2024, and 2023, is set forth below:

(in thousands)	Three months ended June 30, 2024			
	IBW	ISM	CNS	Total
Revenue	\$ 2,620	\$ 2,887	\$ 3,407	\$ 8,914

Other income, net				172
Income tax expense				(25)
Net income				\$ 847

Segment asset information is not reported to or used by the CODM.

Note 6. Inventories

Inventories are stated at the lower of cost, on a first-in, first-out basis, or net realizable value. The components of net inventories are as follows:

(in thousands)	June 30, 2024		March 31, 2024	
Raw materials	\$	3,410	\$	3,018
Finished goods		5,607		5,463
Total inventories	\$	9,017	\$	8,481

The Company records provisions against inventory for excess and obsolete inventory, which are determined based on the Company's best estimates of future demand, product lifecycle status and product development plans. These provisions reduce the inventory cost basis. The Company believes the estimates and assumptions underlying its provisions are reasonable. However, there is risk that additional charges may be necessary if future demand is less than current forecasts due to technological changes, uncertain customer requirements, or other factors.

Note 7. Stock-Based Compensation

Employee Stock Incentive Plans

The Westell Technologies, Inc. 2023 Omnibus Incentive Compensation Plan (the "2023 Plan") was approved at the annual meeting of stockholders on November 7, 2023. The 2023 Plan replaces the Westell Technologies, Inc. 2019 Omnibus Incentive Compensation Plan (the "2019 Plan"). The 2023 Plan includes a total of 500,000 shares of Class A Common Stock (Shares) plus the number of Shares reserved for issuance under the 2019 Plan that have not been granted or reserved for issuance under an outstanding award that may be issued under the 2023 Omnibus Plan. If any award granted under the 2023 Plan or the 2019 Plan is canceled, terminates, expires, or lapses for any reason, any Shares subject to such award shall again be available for the grant of an award under the 2023 Plan. Shares subject to an award shall not again be made available for issuance under the Plan if such Shares are: (a) delivered to or withheld by the Company to pay the grant or purchase price of an award, or (b) delivered to or withheld by the Company to pay the withholding taxes related to an award. Any awards or portions thereof that are settled in cash and not in Shares shall not be counted against the foregoing Share limit.

The stock options, restricted stock awards ("RSAs"), and restricted stock units ("RSUs") awarded under both the 2023 Plan and the 2019 Plan generally vest in equal annual installments over 3 years for employees and 1 year for non-employee directors. Performance-based restricted stock units ("PSUs") earned generally vest over the performance period, as described below. Certain awards provide for accelerated vesting if there is a change in control (as defined in the 2023 Plan and the 2019 Plan), or when provided within individual employment contracts. The Company accounts for forfeitures as they occur. The Company issues new shares for stock awards under the 2023 Plan and the 2019 Plan.

Stock-Based Compensation

The following table is a summary of total stock-based compensation expense resulting from stock options, restricted stock, RSUs and PSUs during the three months ended June 30, 2024, and 2023:

Total stock-based compensation expense is reflected in the Consolidated Statements of Operations as follows:

(in thousands)	Three months ended June 30,	
	2024	2023
Stock-based compensation expense	\$ 80	\$ 87
Income tax benefit	-	-
Total stock-based compensation expense, after taxes	\$ 80	\$ 87

Stock Options

Stock option activity for the three months ended June 30, 2024, is as follows:

	Shares	Weighted-Average Exercise		Weighted-Average Remaining Contractual Term (in years)	Aggregate Intrinsic Value ⁽¹⁾ (\$ in thousands)
		Price Per Share			
Outstanding on March 31, 2024	150,000	\$	1.35	2.4	\$ 21

Non-vested as of June 30, 2024	309,048	\$ 1.51

PSUs

In May 2024, the Compensation Committee granted 232,141 PSUs to executives pursuant to the Westell Technologies, Inc. 2023 Omnibus Incentive Compensation Plan. These PSUs will be earned based upon achievement of a pre-determined performance goal for fiscal year 2027. The PSUs will cliff vest based on actual attainment on the Compensation Committees certification date for the fiscal 2027 results. Actual attainment could range from 0% to 200% depending on actual results, but capped at 175,000 shares per participant. Upon vesting, the PSUs convert into shares of Class A Common Stock of the Company on a one-for-one basis.

A total of 29,411 PSUs were granted during fiscal year ended March 31, 2024 with a weighted-average grant date fair value of \$1.70. PSUs were earned based upon achievement of a performance goal tied to growing a specific revenue target for fiscal year 2024, but

have a continued employment provision. Based upon the actual results for fiscal year 2024, 18,046 of these PSUs were forfeited prior to vesting and the remaining 11,365 PSUs will vest in three equal annual installments beginning on September 1, 2024. Upon vesting, the PSUs convert into shares of Class A Common Stock of the Company on a one-for-one basis. The following table sets forth the PSU activity for the three months ended June 30, 2024:

	Shares	Weighted-Average Grant Date Fair Value
Non-vested as of March 31, 2024	11,365	\$ 1.70
Granted, at target	232,141	1.40
Vested	–	–
Forfeited	–	–
Non-vested as of June 30, 2024	<u>243,506</u>	<u>\$ 1.41</u>

Note 8. Product Warranties

The Company's products carry a limited warranty ranging from one to three years for the products within the IBW segment, typically one year for products within the ISM segment, and one to seven years for products within the CNS segment. The specific terms and conditions of those warranties vary depending upon the customer and the products sold. Factors that affect the estimate of the Company's warranty reserve include: the number of units shipped, anticipated rates of warranty claims, and cost per claim. The Company periodically assesses the adequacy of its recorded warranty liability and adjusts the reserve as necessary. The current portions of the warranty reserve are \$132,000 and \$130,000 as of June 30, 2024 and March 31, 2024, respectively, and are presented on the Condensed Consolidated Balance Sheets in Accrued expenses. The non-current portions of the warranty reserves are \$48,000 and \$50,000 as of June 30, 2024 and March 31, 2024, respectively, and are presented on the Condensed Consolidated Balance Sheets in Other non-current liabilities.

The following table presents the changes in the Company's product warranty reserve:

(in thousands)	Three months ended June 30,	
	2024	2023
Total product warranty reserve at the beginning of the period	\$ 180	\$ 205
Warranty expense to cost of revenue	33	31
Utilization	(33)	(21)
Total product warranty reserve at the end of the period	<u>\$ 180</u>	<u>\$ 215</u>

Note 9. Variable Interest Entity and Guarantee

The Company has a 50% equity ownership in AccessTel Kentrox Australia PTY LTD ("AKA"). AKA distributes network management solutions provided by the Company and the owner of the remaining 50% equity to one customer. The Company holds equal voting control with the other owner. All actions of AKA are decided at the board level by majority vote. The Company evaluated ASC 810, *Consolidations*, and concluded that AKA is a variable interest entity ("VIE") and the Company has a variable interest in the VIE. The Company has concluded that it is not the primary beneficiary of AKA and, therefore, consolidation is not required. The carrying amount of the Company's investment in AKA was approximately \$0.1 million as of both June 30, 2024 and March 31, 2024, which is presented on the Condensed Consolidated Balance Sheets within Other non-current assets.

The Company's revenue from sales to AKA for the three months ended June 30, 2024 and 2023 was \$0.3 million and \$0.8 million, respectively. Accounts receivable from AKA is \$0.3 million and \$0.4 million at June 30, 2024 and March 31, 2024, respectively. Deferred revenue relating to AKA maintenance contracts is \$0.3 million as of both June 30, 2024 and March 31, 2024. The Company also has an unlimited guarantee for the performance of the other owner in AKA, who primarily provides support and engineering services to the customer. This guarantee was put in place at the request of the AKA customer. The guarantee, which is estimated to have a maximum potential future payment of \$0.7 million, will stay in place as long as the contract between AKA and the customer is in place. The Company would have recourse against the other owner in AKA in the event the guarantee is triggered. The Company determined that it could perform on the obligation it guaranteed at a positive rate of return and, therefore, did not assign value to the guarantee. The Company's exposure to loss as a result of its involvement with AKA, exclusive of lost profits, is limited to the items noted above.

Note 10. Income Taxes

At the end of each interim period, the Company makes its best estimate of the effective tax rate expected to be applicable for the full fiscal year and uses that rate to provide for income taxes on a current year-to-date basis before discrete items. If a reliable estimate cannot be made, the Company may make a reasonable estimate of the annual effective tax rate, including use of the actual effective rate for the year-to-date. The impact of discrete items is recorded in the quarter in which they occur. The Company utilizes the liability method of accounting for income taxes and deferred taxes, which are determined based on the differences between the financial statements and tax basis of assets and liabilities given the enacted tax laws.

The Company evaluates the need for valuation allowances on the net deferred tax assets under the rules of ASC Topic 740, *Income Taxes*. In assessing the realizability of the Company's deferred tax assets, the Company considers whether it is more likely than not that some or all of the deferred tax assets will be realized through the generation of future taxable income. This evaluation involves the application of significant judgement and objectively verifiable data. Due to the sensitivity of the analysis, changes to the assumptions in subsequent periods could have a material effect on the valuation allowance. In making this determination, the Company assessed all of the evidence available at the time, including recent earnings, forecasted income projections, historical performance, project-based revenue, and macroeconomic conditions. The Company determined that the negative evidence outweighed the objectively verifiable positive evidence and previously recorded a full valuation allowance against deferred tax assets as a result of this assessment as of June 30, 2024. The Company will continue to reassess realizability going forward. In the event the Company changes its determination as to the amount of deferred tax assets that can be realized, the Company will adjust its valuation allowance with a corresponding impact to the provision for income taxes in the period in which such a determination is made.

As of June 30, 2024, the Company had net deferred tax assets of approximately \$30.0 million before a valuation allowance of \$30.0 million and is subject to review and future assessment.

The Company recorded \$22,000 of income tax expense in the three months ended June 30, 2024, using an effective rate of 3.0% plus discrete items. The Company recorded \$25,000 of income tax expense in the three months ended June 30, 2023, using an effective rate of 2.6% plus discrete items. The effective income tax rate in both periods is impacted by the intraperiod allocation as a result of income from continuing operations, and states which base tax on gross margin and not pretax income.

Note 11. Commitments and Contingencies

Litigation and Contingency Reserves

The Company and its subsidiaries are involved in various assertions, claims, proceedings and requests for indemnification concerning intellectual property, including patent infringement suits involving technologies that may be incorporated in the Company's products, which are being handled and defended in the ordinary course of business. These matters are in various stages of investigation and litigation. Although the Company does not expect that the outcome in any of these matters, individually or collectively, will have a material adverse effect on its financial condition or results of operations, litigation is inherently unpredictable. Therefore, judgments could be rendered, or settlements entered, that could adversely affect the Company's operating results or cash flows in a particular period. The Company routinely assesses all of its litigation and threatened litigation as to the probability of ultimately incurring a liability, and it records its best estimate of the ultimate loss in situations where it assesses the likelihood of loss as probable.

In January 2022, a former stockholder of the Company filed a complaint in the Delaware Court of Chancery (the "Court") on behalf of a putative class of former stockholders against the Company, its directors, a former director, and the Voting Trust concerning the October 1, 2020, Reverse/Forward Stock Split Transaction (the "Transaction"). The complaint asserts that the \$1.48 per share price paid in the Transaction was unfair and seeks, among other things, damages for the class. The complaint also asserts a state law claim for purported insider trading in connection with an officer's purchase of Company shares in August 2020. In April 2022, a second complaint was filed on behalf of two putative classes against the same parties concerning the Transaction. In March 2023, the Court granted the Company's motion to partially dismiss the second suit, consolidated the two suits, and appointed the plaintiff that filed the first complaint and his counsel as the lead plaintiff and lead counsel for representation of the class. In February 2024, the parties reached agreement on formal settlement documentation to resolve this shareholder class action lawsuit, captioned *In re Westell Technologies, Inc. Stockholder Litigation*, C.A. No. 2022-0090-NAC (Del. Ch.). The settlement contains no admission of wrongdoing, fault, liability or damage by the Company or any defendant. The settlement provides for consideration of a gross payment of \$2.2 million in cash, plus payment of up to \$49,000 in expense for notice to the class, which amounts will be funded fully by proceeds of existing Directors and Officers insurance. The settlement will resolve this matter against all defendants, releasing them from all claims

by the plaintiffs and the class. The settlement was contingent upon various conditions, including, but not limited to final approval by the Court. On June 14, 2024, the Court approved the settlement. In July 2024, the Company's insurer made the payment in full to the settlement account.

In the ordinary course of operations, the Company receives claims where the Company believes an unfavorable outcome is possible or probable but no estimate of possible losses can currently be made. A significant customer is a defendant in a patent infringement claim and is asserting possible indemnity rights under contracts with the Company. The customer initially won summary judgment for all claims, which was subsequently reversed on appeal. After the reversal, the customer filed another motion for summary judgment for non-infringement on all claims, which was granted by the District Court. Prior to issuance of the most recent summary judgment order, the customer informed the Company that the customer intends to seek to recover from the Company a share of the settlement and defense costs. The timeframe for appeal of denial of the second summary judgment motion has lapsed, and accordingly, the litigation has concluded. The Company has received notice from the customer that they intend to seek \$273,000 as the Company's share of litigation defense costs from June 2019 to the conclusion of litigation. (The Company has a release as to all defense costs incurred prior to June 2019.) The Company is seeking additional information to fully evaluate the merits of the claim in order to determine potential exposure, which will vary from a high of the asked-for amount to some lower figure, which we cannot determine with certainty at this point. The merits of the claim depend on the Company's contribution ratio and the reasonableness of the defense costs allegedly incurred by the customer. This claim relates to a business that was previously sold and therefore any future expense would be presented as discontinued operations in the financial statements.

As of June 30, 2024 and March 31, 2024, the Company has not recorded any contingent liability attributable to existing litigation.

Lease Obligations

The Company currently occupies office space under operating leases, with various expiration dates through November 2025. The Company's office leases provide for rental payments on a graduated scale. Lease expense is recognized on a straight-line basis over the lease term. For further details, refer to Note 2. *Leases*.

Note 12. Fair Value Measurements

Fair value is defined by ASC 820, *Fair Value Measurements and Disclosures* ("ASC 820"), as the price that would be received upon selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1 – Quoted prices in active markets for identical assets and liabilities.
- Level 2 – Quoted prices in active markets for similar assets and liabilities, or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

Assets Measured at Fair Value on a Recurring Basis

The Company's money market funds are measured using Level 1 inputs. The following table presents available-for-sale securities measured at fair value on a recurring basis as of June 30, 2024:

(in thousands)	Total Fair Value of Asset or Liability	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance Sheet Classification
Assets:					
Money market funds	\$ 1,434	\$ 1,434	—	—	Cash and cash equivalents

The following table presents available-for-sale securities measured at fair value on a recurring basis as of March 31, 2024:

(in thousands)	Total Fair Value of Asset or Liability	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance Sheet Classification
Assets:					
Money market funds	\$ 324	\$ 324	—	—	Cash and cash equivalents

The fair value of the money market funds approximates their carrying amounts due to the short-term nature of these financial instruments.

Additionally, the Company invests in debt instruments consisting of U.S. treasury bonds. The treasury bonds are classified as held-to-maturity and are carried at amortized cost. Investments with an original maturity up to three months are carried at cost and reported as Cash and cash equivalents on the Condensed Consolidated Balance Sheets. The Company had \$14.7 million and \$16.6 million of U.S. treasury bonds presented in Cash and cash equivalents as of June 30, 2024 and March 31, 2024, respectively. Investments with an original maturity greater than three months, but less than one year are carried at cost and reported as Short-term investments on the Condensed Consolidated Balance Sheets. Short-term investments were \$2.0 million as of June 30, 2024 and March 31, 2024. The fair value of short-term investments approximates their carrying amounts due to the short-term nature of these financial assets and therefore there are no unrecognized gains or losses. The Company does not intend to sell the investments and it is not more likely than not that the Company will be required to sell the investments before recovery of their amortized cost basis.

Note 13. Share Repurchases

Share Repurchase Programs

In May 2017, the Board of Directors authorized a share repurchase program whereby the Company may repurchase up to an aggregate of \$2.0 million of its outstanding Class A Common Stock (the "2017 authorization"). The 2017 authorization is in addition to the \$0.1 million that was remaining from the August 2011 \$20.0 million authorization (the "2011 authorization"). The Company repurchased 41,922 and 34,221 shares under the 2017 authorization under a 10b5-1(c) purchase plan during the three months ended June 30, 2024 and 2023, respectively, at a weighted-average purchase price of \$1.42 and \$1.69 per share, respectively. As of June 30, 2024, there was approximately \$0.1 million remaining for additional share repurchases under the 2017 authorization.

Additionally, in the three months ended June 30, 2024 and 2023, the Company repurchased 67,960 and 72,748 shares of Class A Common Stock, respectively, from certain employees that were surrendered to satisfy the minimum statutory tax withholding obligations on the vesting of restricted stock units. These repurchases were not included in the authorized share repurchase programs and had a weighted-average purchase price of \$1.46 and \$1.67 per share, respectively.

Related-Party Share Repurchase

On May 30, 2024, the Company repurchased 64,430 shares of the Company's Class A Common Stock from the estate of the former board member, Mr. Robert C. Penny III at a weighted-average purchase price of \$1.42. This purchase was pre-approved by the Audit Committee and Board of Directors and was outside of the 2017 authorization.

Subsequent Event

In August 2024, the Company's Board of Directors authorized a new stock repurchase authorization of up to \$2.0 million of Class A Common Stock.

Note 14. *Accrued Expenses*

The components of accrued expenses are as follows:

(in thousands)	June 30, 2024	March 31, 2024
Accrued compensation	\$ 586	\$ 934
Current operating lease liability	543	527
Other accrued expenses	600	678
Total accrued expenses	<u>\$ 1,729</u>	<u>\$ 2,139</u>

Note 15. *Property and Equipment, net*

Long-lived assets consist of property and equipment. Long-lived assets that are held and used should be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the long-lived assets might not be recoverable. There was no long-lived asset impairment during the three months ended June 30, 2024 or 2023.

The components of Property and equipment are as follows:

(in thousands)	June 30, 2024	March 31, 2024
Machinery and equipment	\$ 1,439	\$ 1,439
Office, computer and research equipment	4,581	4,581
