IPA Announces Post-Award Indexed REC Process Fourth Workshop: Post-Award Models Applicable to Illinois

October 15, 2024

The IPA's 2024 Long-Term Plan outlined a process for exploring post-award REC delivery contract term changes for utility-scale wind and utility-scale solar projects. The IPA is now conducting a series of workshops running through November 2024 with the goal that an Indexed REC contract post-award negotiation process may be finalized for inclusion in a compliance filing with the ICC by mid-February 2025.

Building on the discussion from the first three workshops, the IPA announces the fourth workshop with the details below:

Fourth Workshop Topic: "Post-Award Models Applicable to Illinois"

Date: October 21, 2024

Time: 12 p.m. - 2 p.m. CT

[AGENDA](#)

[REGISTER NOW](#)

The IPA requests stakeholders to send questions in advance of the workshop that they would like covered during the workshop via email to the IPA's Director of Renewable Energy Finance, Chandrika Mital, at chandrika.mital@Illinois.gov with the subject "[Responder's Name] – Post Award Contract Change Workshops" by October 18, 2024.

Post-Award Indexed REC Process Third Workshop Notes, Recording, Presentation, Q&A and Attendee List is now available. For additional information on this process and to access materials from the third workshop, please visit the [Downstream Negotiation for Indexed REC Contracts](#) webpage on the IPA website.
