Section 404 of the CWA authorizes the Secretary of the Army, acting through the Chief of Engineers, U.S. Army Corps of Engineers (COE), to issue permits for the discharge of dredged or fill material into navigable waters.
7. Section 502(12) of the CWA, 33 U.S.C. § 1362(12), defines a "discharge of pollutants" as "[a]ny addition of any pollutant to navigable waters from any point source."
8. Section 502(14) of the CWA, 33 U.S.C. § 1362(14), defines "point source" as "[a]ny discernible, confined and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit [or] discrete fissure . . . from which pollutants are or may be discharged."

Federal regulations under 40 C.F.R. § 232.2 (1988) and 33 C.F.R. § 328.3(b) (1986) define "wetlands" as "[t]hose areas that are inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions."
12. Pursuant to Section 309(g)(1) of the CWA, 33 U.S.C. § 1319(g)(1), and 40 C.F.R. § 22.38(b), the Complainant represents that the State of Florida was provided a prior opportunity to consult with the Complainant regarding this matter.

IV. EPA'S FINDINGS OF FACTS

Respondent admits the jurisdictional allegations contained in this CAFO. The EPA asserts, and Respondents neither admit nor deny, that the following facts are true and substantiated:

14. Respondent impacted approximately 1,875.60 acres of waters of the United States located within CMU 3, centrally located at or near latitude 29.9959° north and longitude 85.4134° west, and generally located north and west of Mexico Beach, south of the Intracoastal Waterway and East Bay, and east of Tyndall Air Force Base, in Bay and Gulf Counties, Florida ("Discharge Area"), through the discharge of dredged and/or fill material from unauthorized activities associated with the development of pine tree silviculture areas into cattle pastures and the construction of stock ponds. The Discharge Area is indicated on the enclosed Exhibit A.

15. The term “Site” means the parcel or parcels of land on which the Discharge Area is located and is indicated on the enclosed Exhibit B. At all times relevant to this AOC, Respondents were the owners and/or operators of the Site.
16. Commencing on or about 2015, to approximately February 2021, Respondents, and/or those acting on behalf of the Respondents, harvested plantation pine from the Site and developed cattle pastures and constructed stock ponds, which are currently used and will continue to be used for ranching. The Respondents’ activities within the Discharge Area generally included removing stumps; roller chopping stumps and woody debris on the soil surface; using an agriculture and silviculture disk to prepare the soil surface for planting pasture grasses; planting of pasture grasses, including rolling; digging a number of ditches using v-blade ditching equipment pulled behind a tractor; and constructing stock ponds and side casting the excavated material. These activities resulted in the discharge of dredged and/or fill material into wetlands on the Site and within the Discharge Area without a permit under Section 404 of the CWA, 33 U.S.C. § 1344.
17. Respondents’ unauthorized activities in the Discharge Area impacted approximately 1,875.60 acres of wetlands that have a continuous surface connection to Wetappo Creek, the Intracoastal Waterway, and East Bay, which are traditional navigable waters.
18. On November 13 – 14, 2019, the Corps and the EPA conducted a joint Site inspection with the assistance of Respondents of a portion of the Site to review whether Respondents’ unauthorized activities occurred in waters of the United States.
19. On April 6 – 8, 2021, the Corps and the EPA conducted a second joint Site inspection with the assistance of Respondents of a portion of the Site to further review whether Respondents’ unauthorized activities occurred in waters of the United States.
20. On November 14 – 16, 2022, the Corps and the EPA conducted a third joint Site inspection with the assistance of Respondents and collected vegetative cover data.
21. On December 20, 2019, January 20, 2021, and May 4, 2021, the EPA sent Information Request Letters (“Information Requests”), pursuant to Section 308 of the CWA, 33 U.S.C. § 1318, to Respondents requesting information related to Respondents’ discharge of dredged/fill material at the Site to assess compliance with the CWA, and the regulations promulgated thereunder at 40 C.F.R. § 232. Respondents responded to the Information Requests on March 10, 2020; June 8, 2020; February 26, 2021; March 15, 2021; March 22, 2021; March 31, 2021; April 12, 2021; and May 24, 2021.
22. During September 2021, April 2022, and September 2022, EPA sent Respondents Notices of Violation of the Clean Water Act.
23. Respondents have agreed to an Administrative Order on Consent (“AOC”) to resolve EPA’s claims for injunctive relief. Under the AOC, Respondents shall restore and protect certain wetlands which are identified in the AOC.

V. EPA’S ALLEGED VIOLATIONS

24. At all times relevant to this action, Respondents are “persons” within the meaning of Section 502(5) of the CWA, 33 U.S.C. § 1362(5).

25. At all times relevant to this action, the Respondents owned and/or operated the Site.
26. The discharged dredged and/or fill material, including earthen material deposited at the Discharge Area, are “pollutants” as defined under the CWA § 502(6), 33 U.S.C. § 1362(6).
27. The earth moving equipment employed by the Respondents to deposit the dredged and/or fill material at the Discharge Area are “point sources” as defined under the CWA § 502(14), 33 U.S.C. § 1362(14).
28. Respondents’ placement of the dredged and/or fill material at the Discharge Area constitutes a “discharge of pollutants” as defined under the CWA § 502(12), 33 U.S.C. § 1362(12).
29. At no time during the discharge of dredged and/or fill material at the Discharge Area from approximately 2015, to approximately February 2021, did the Respondents possess a permit under Section 404 of the CWA, 33 U.S.C. § 1344, authorizing the activities performed by Respondents.
30. Each discharge by the Respondents of pollutants into navigable waters without the required permit issued under Section 404 of the CWA, 33 U.S.C. § 1344, is a violation of Section 301(a) of the CWA, 33 U.S.C. § 1311(a).
31. To date, the unauthorized dredged and/or fill material remains in waters of the United States. Each day the material discharged by the Respondents remains in waters of the United States without the required permit under Section 404 of the CWA, 33 U.S.C. § 1344, constitutes a day of violation of Section 301(a) of the CWA, 33 U.S.C. § 1311(a).

45. Pursuant to 26 U.S.C. § 6050X and 26 C.F.R. § 1.6050X-1, EPA is required to send a completed Form 1098-F (“Fines, Penalties, and Other Amounts”) to the Internal Revenue Service (“IRS”) annually with respect to any court order and settlement agreement (including administrative settlements), that requires a payor to pay an aggregate amount that EPA reasonably believes will be equal to, or in excess of, \$50,000 for the payor’s violation of any law or the investigation or inquiry into the payor’s potential violation of any law, including amounts paid for “restitution or remediation of property” or to come “into compliance with a law.” EPA is further required to furnish a written statement, which provides the same information provided to the IRS, to each payor (for example, a copy of Form 1098-F). In order to provide EPA with sufficient information to enable it to fulfill these obligations, EPA herein requires, and Respondents herein agree, that:

- (a) Respondents shall complete a Form W-9 (“Request for Taxpayer Identification Number and Certification”), which is available at <https://www.irs.gov/pub/irs-pdf/fw9.pdf>;

Failure to comply with providing Form W-9 or TIN may subject Respondents to a penalty. See 26 U.S.C. § 6723, 26 U.S.C. § 6724(d)(3), and 26 C.F.R. § 301.6723-1.

VIII. EFFECT OF CAFO

46. In accordance with 40 C.F.R. § 22.18(c), Respondents' full compliance with this CAFO shall only resolve Respondents' liability for federal civil penalties for the violations and facts specifically alleged above.
47. Full payment of the civil penalty, as provided in Section VII (Terms of Payment) shall satisfy the requirements of this CAFO; but, shall not in any case affect the right of EPA or the United States to pursue appropriate injunctive or other equitable relief or criminal sanctions for any violations of law. 40 C.F.R. § 22.18(c).
48. Nothing in this CAFO shall relieve Respondents of the duty to comply with all applicable provisions of the Act and other federal, state, or local laws or statutes, nor shall it restrict EPA's authority to seek compliance with any applicable laws or regulations, nor shall it be construed to be a ruling on, or determination of, any issue related to any federal, state, or local permit, except as expressly provided herein.
49. Nothing herein shall be construed to limit the power of EPA to undertake any action against Respondents or any person in response to conditions that may present an imminent and substantial endangerment as provided under the Act.
50. The terms, conditions, and compliance requirements of this CAFO may not be modified or amended except upon the written agreement of both Parties, and approval of the Regional Administrator.
51. The provisions of this CAFO shall apply to and be binding upon Respondents and their successors and assigns. Respondents shall direct its officers, directors, employees, agents, trustees, and authorized representatives to comply with the provisions of this CAFO.
52. The obligations of the Respondents under this CAFO are joint and several.
53. Any change in the legal status of the Respondents, or change in ownership, partnership, corporate or legal status relating to the Facility, will not in any way alter Respondents' obligations and responsibilities under this CAFO.
54. By signing this Consent Agreement, Respondents acknowledge that this CAFO will be available to the public and agrees that this CAFO does not contain any confidential business information or personally identifiable information.
55. By signing this Consent Agreement, the Complainant and the undersigned representative of Respondents each certify that he or she is fully authorized to execute and enter into the terms and conditions of this CAFO and has the legal capacity to bind the party he or she represents to this CAFO.
56. By signing this Consent Agreement, both Parties agree that each party's obligations under this CAFO constitute sufficient consideration for the other party's obligations.
57. By signing this Consent Agreement, Respondents certify that the information it has supplied concerning this matter was at the time of submission, and continues to be, true, accurate, and complete for each such submission, response, and statement. Respondents acknowledge that

there are significant penalties for submitting false or misleading information, including the possibility of fines and imprisonment for knowing submission of such information, under 18 U.S.C. § 1001.

58. EPA also reserves the right to revoke this CAFO and settlement penalty if and to the extent that EPA finds, after signing this CAFO, that any information provided by Respondents was materially false or inaccurate at the time such information was provided to EPA, or if Respondents fail to implement the AOC. If such false or inaccurate material was provided, EPA reserves the right to assess and collect any and all civil penalties for any violation described herein. EPA shall give Respondents notice of its intent to revoke, which shall not be effective until received by Respondents in writing.
59. Unless specifically stated otherwise in this CAFO, each party shall bear its own attorney's fees, costs, and disbursements incurred in this proceeding.
60. It is the intent of the parties that the provisions of this CAFO are severable. If any provision or authority of this CAFO or the application of this CAFO to any party or circumstances is held by any judicial or administrative authority to be invalid or unenforceable, the application of such provisions to other parties or circumstances and the remainder of the CAFO shall remain in force and shall not be affected thereby.
61. Respondents hereby covenant not to sue and agrees not to assert any claims or causes of action against the United States, including any department, agency or instrumentality of the United States, with respect to the matters addressed and resolved in this CAFO, including but not limited to, any claim that any of the matters or actions described in this CAFO have resulted in a taking of Respondents' property without compensation.

IX. EFFECTIVE DATE

62. This CAFO shall become effective after execution of the Final Order by the Regional Administrator, on the date of filing with the Hearing Clerk.
