Packaging Pharmaceutical markets 2020-2025 in billion USD

Source: IQVIA Pharma Prognosis Dec 2019

*"Emerging economies" = *(Brazil, Russia, India, China, Mexico, Turkey, South Korea) included in other regions

Packaging Sales development of barrier packaging

Increasing sales share of high-barrier products

Packaging Innovations since 1970

Always one step ahead.

Packaging Third barrier centre of excellence currently under construction

Perlen Packaging AG global competence centre, Perlen | Switzerland

- World's biggest coating plant for thermoformable blister pack materials
- R&D centre for multilayer and ultra-high-barrier structures

Perlen Packaging (Suzhou) Co., Ltd. Asian competence centre, Suzhou | China

- Longest coating plant specializing in medium-barrier products
- Most advanced plant in Asia

Perlen Packaging Ltda. South American competence centre, Anápolis | Brazil

- South America's newest plant with the highest manufacturing standards
- Production due to begin in the second quarter of 2022

Continued profitable growth with a firm focus on the pharmaceutical sector

- Growth through further market penetration in existing business
- Market development in regional “white spots” including Africa, the Middle East, India and Australia
- Original strategy goals of 2012 achieved with development of the new Brazil operation

Further business expansion thrusts being studied

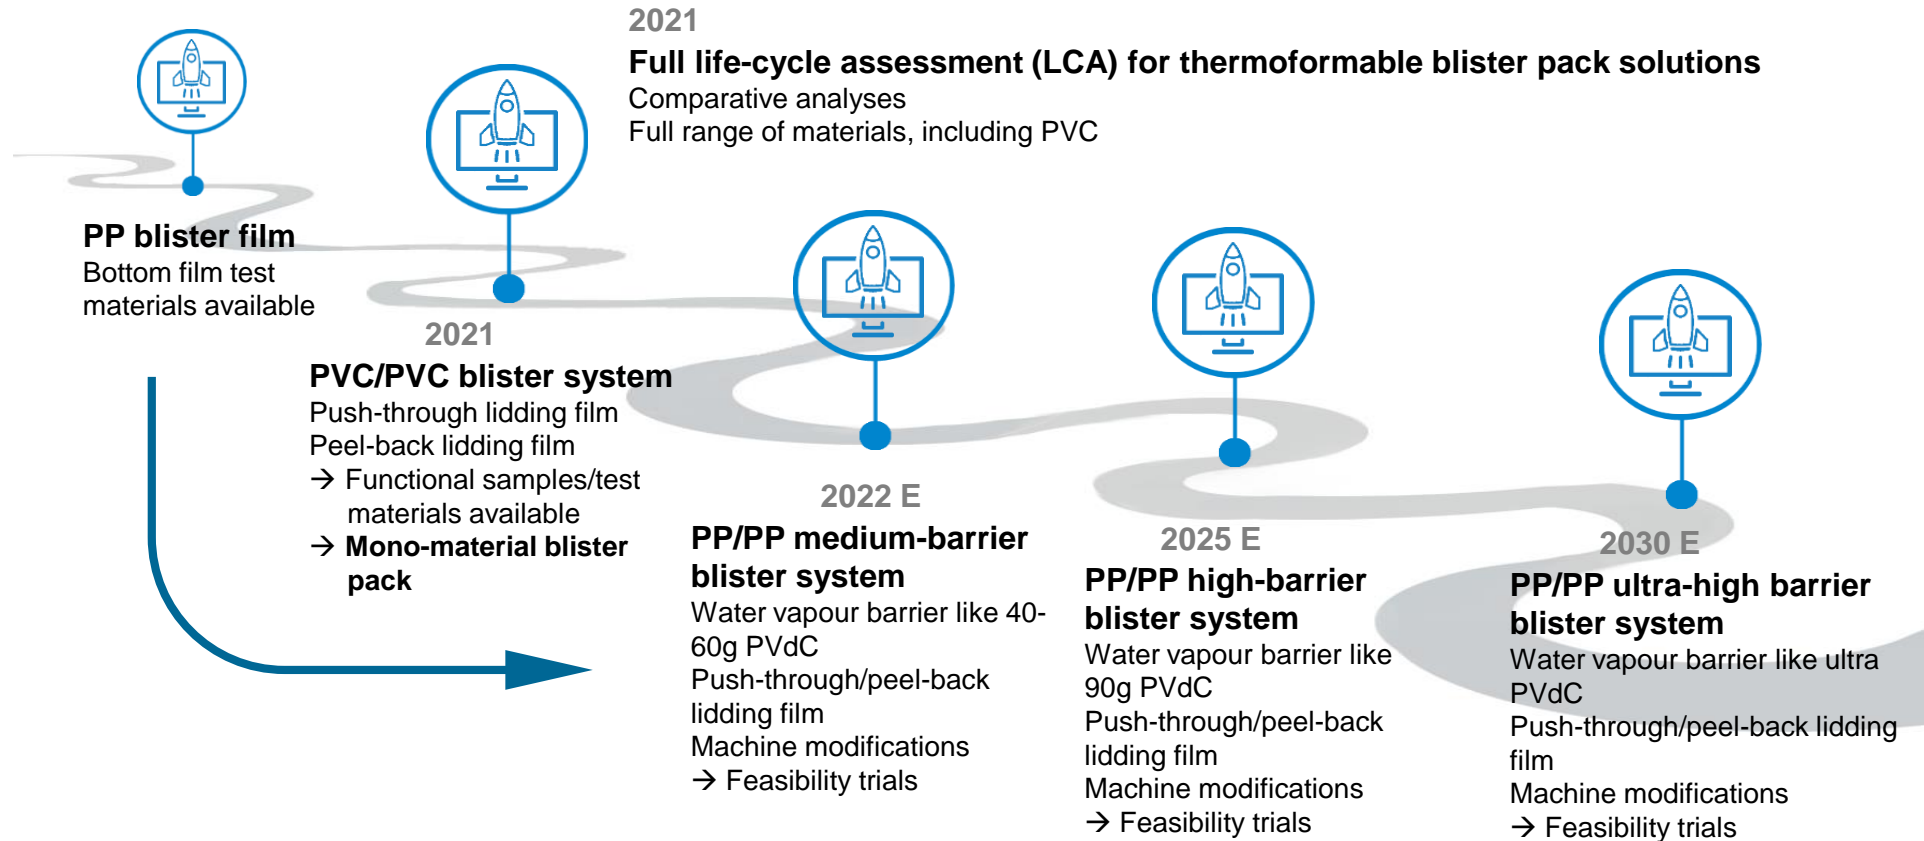

- **Blister pack specialist** (independent of product/market): use of blister packs for new products/markets

In addition to their barrier function, blister packs are primarily used to protect from contamination and/or for transport. Use in markets such as medicinal technology.

- **Packaging specialist** for primary pharmaceutical packagings (independent of dosage form)

New primary packaging forms such as containers, bottles, ampoules, syringes, etc. made of plastic or other materials such as glass, metal or paper for the pharmaceutical market.

Packaging Project roadmap

Mono-material blister systems meet the requirements of the recycling economy

Shareholders

CPH Target financial KPIs

- Organic sales growth of over 3% a year
- EBITDA margin of over 10%
- Equity ratio of over 50%
- Liquidity of at least CHF 30-50 million
- Annual operating investments of CHF 20-25 million

CPH share An attractive investment

- Leading competitive positions in three industrial sectors with three distinct brands
 - Cost leader in the predatory newsprint and magazine paper market and Switzerland's biggest recovered paper recycler
 - Expansion of Chemistry and Packaging divisions reducing dependence on Paper
 - Expanding (Chemistry and Packaging) production capacities outside Switzerland to reduce currency risks
 - Investing in growth markets
 - Sound equity base
 - Stable anchor shareholders with long-term commitment
- Solid dividend levels (around 2-3%) with further share price rise potential
