This document is an important document. If you are in any doubt as to how to act, you should consult your financial or legal adviser as soon as possible.

Letter from the Chairman

Dear Navigator Shareholder

Navigator Global Investments Limited (“Navigator” or “NGI”) completed another significant transaction this year in pursuing our strategy to grow a diversified asset management business through partnering with leading global alternative asset managers. The finalisation of the acquisition of the remaining interests in the six manager stakes originally acquired in 2021 from Blue Owl (NYSE: OWL) is a major milestone and was achieved two and a half years ahead of schedule.

As part of this transaction, Navigator settled its US\$200m obligation to GP Strategic Capital (“GPSC Investor”), a platform of Blue Owl, in early January 2024, well ahead of the original 2026 timeframe. This early settlement allowed us to realise the full earnings of the NGI Strategic Portfolio two years ahead of the original schedule, resulting in an additional \$34.3 million in distribution income for the 2024 fiscal year.

This additional distribution income significantly bolstered our financial results for the 2024 fiscal year, and the extinguishment of the obligation has strengthened our balance sheet. The substantial growth in earnings has also enabled NGI to secure a credit facility to support our growth strategy. All of these factors mean that we are well placed to continue investing in new partner firms to further diversify our portfolio of partner firms and broaden our earnings base.

The completion of the transaction was the major contributor to Navigator achieving a record Adjusted EBITDA of USD 90.5 million for 2024, reflecting an 85% increase from the previous year. Taking into account the significant number of shares issued in connection with the transaction, we are pleased that earnings per share was US 16.6 cents per share for the 2024 financial year, a 15% increase from the prior year.

In line with our dividend policy, the Board has declared an annual final dividend of US 3.0 cents per share for both Ordinary Shares and Convertible Notes, to be paid on September 27, 2024.

In anticipation of the successful close of the transaction, proactive changes were made to our leadership team to ensure that the Group is resourced and focused on growing both the NGI Strategic and the Lighthouse businesses, as well as increasing our Australian based market engagement.

Stephen Darke joined us as NGI CEO in October 2023, bringing extensive experience in alternative asset management and a stronger presence in Australia. Sean McGould, who previously served as both Navigator and Lighthouse CEO, will now focus on the growth and evolution of Lighthouse. We appreciate Sean’s 15 years of leadership, which have been instrumental in Navigator’s development. He remains an executive director and significant shareholder. In addition, Ross Zachary has been appointed as Navigator’s Chief Investment Officer and Head of NGI Strategic Investments. Since joining Navigator in 2016, Ross has been pivotal in establishing the NGI Strategic business and will continue to oversee the portfolio and explore growth opportunities.

Our Board has undergone some changes this year. Stephen Darke was appointed a director in October 2023 alongside new independent non-executive director Lindsay Wright. Marc Pillemer joined the Board in March 2024 as a nominee director of GPSC Investor, per the Shareholder Agreement. Cathy Hales resigned from the Board in October 2023 to pursue a full-time executive role elsewhere. We thank Cathy for her contributions and wish her well in her future endeavours.

The Board now comprises seven members, including four independent directors, bringing diverse skills and experience essential for Navigator’s continued growth and global diversification in the alternative asset management sector.

Our dedicated employees drive Navigator’s strong momentum. Their focus and hard work have led to another successful year. We are excited about our business’s ongoing evolution and growth.

Business of the meeting

In addition to the usual required election and re-election of directors, we are seeking Shareholder approval at this meeting for a grant of performance rights to our new Chief Executive Officer, Mr Stephen Darke. The Performance Rights Plan was renewed at the 2023 Annual General Meeting in anticipation of this grant, and it will allow us to continue our long-term incentive program to support the continued growth of Navigator’s EBITDA and share price. In addition, we are asking Shareholders renew the existing approval of Potential Termination Benefits to ensure the Group can meet obligations under existing employment contracts with key United States based executives.

Your vote is important, and I encourage you to vote by attending the AGM scheduled to be held on 31 October 2024 at 10:00am (Sydney time) either in person or online, or by completing the enclosed Voting Form and returning it by the deadline indicated on the form.

I look forward to your participation at the upcoming AGM and extend my thanks to all of our Shareholders for their ongoing support.

Yours sincerely,

Michael Shepherd,
Chairman

Voting

Voting rules

§ The required quorum for the AGM is at least two (2) Shareholders registered for the Hybrid Meeting or their proxy, attorney or representative.

§ Ordinary Resolutions will be passed if a majority of the votes that are cast by Shareholders entitled to vote on the Resolution are voted in favour of the Resolution.

§ Special Resolutions will be passed if at least 75% of the votes cast by Shareholders entitled to vote on the Resolution are voted in favour of the Resolution.

§ In accordance with rules 7.6(b)(2) and 7.7(d)(1) of the Company's constitution, the Chair intends to call a poll on each of the resolutions proposed at the AGM. Each resolution considered at the AGM will, therefore, be conducted by poll rather than a show of hands. The Chair considers voting by poll to be in the interests of the Shareholders as a whole and to ensure the representation of as many Shareholders as possible at the meeting.

§ Each Shareholder registered for the Hybrid Meeting, or their proxy, attorney or representative, shall have one vote for each Navigator Share held by that Shareholder and in respect of which that Shareholder is entitled to vote.

§ If Navigator Shares are jointly held and more than one of the joint holders votes, only the vote of the holder whose name appears first in the Register of Shareholders will be counted.

§ For more information on voting, see rule 7.8 of the Constitution.

Entitlement to vote

The Board has determined that a Shareholder's voting entitlement at the AGM will be taken to be the entitlement of the person shown in the Register of Shareholders as at 7:00pm (Sydney time) on 29 October 2024. Accordingly, transactions registered after that time will be disregarded in determining Shareholders entitled to attend and vote at the AGM.

Explanatory Memorandum

1 Financial Report

The annual financial report and the reports of the directors and of the auditors of the Company for the year ended 30 June 2024 are presented to shareholders. No resolution is required in relation to this item.

2 Adoption of the Remuneration Report

Section 250R(2) of the Corporations Act 2001 (Cth) (Corporations Act) requires the Company to put a resolution to each annual general meeting for adoption of the Remuneration Report. The vote on Resolution 2 will be advisory only and will not bind either the Directors or the Company. However, the Board will take into consideration the outcome of voting on this resolution when assessing the remuneration policy in future.

Shareholders should also note that if 25 per cent or more of the votes cast are against the Remuneration Report, the first element in the Board spill provisions contained in the Corporations Act (i.e. the 'two strikes rule') will be triggered. While this would not impact the 2024 AGM, it would affect next year's annual general meeting.

The Chairman of the Meeting intends to vote all 'open' proxies (where the Chairman has been appropriately authorised) in favour of this resolution.

4 Grant of Performance Rights to the Executive Director and Chief Executive Officer

Having obtained the renewed shareholder approval of the Navigator Global Investments Limited Employee Performance Rights Plan (the Company's Performance Rights Plan) at the 2023 AGM, it is proposed that the Company's Executive Director and CEO, Mr Stephen Darke, be granted Performance Rights under the Company's Performance Rights Plan.

The principles of Navigator's executive remuneration strategy, programs and frameworks are designed to:

- § support the business strategy of the Navigator Group by attracting, retaining and rewarding quality executives and employee;
- § encourage appropriate performance and results to uphold client and Shareholder interests;
- § properly reflect each individual's duties and responsibilities; and
- § embed a culture that rewards performance whilst maintaining integrity, reputation and mitigating risk.

The Company's remuneration structure includes a combination of fixed remuneration and variable or 'at risk' remuneration. The granting of Performance Rights to eligible employee, including the CEO, is part of a long-term incentive component to the Group's remuneration structure.

The Board is satisfied that the proposed grant of Performance Rights to Mr Darke will enhance the existing remuneration structure in a way that is aligned with the interests of Shareholders and prospective Shareholders and is consistent with market practice.

The performance metrics for grants will be based on achieving targets of Total Shareholder Return (TSR) and Profit Before Tax (PBT) per share, weighted equally, as the Board believes that these metrics most closely align to delivery of value to shareholders.

An overview of the proposed grant is set out below.

ASX Listing Rules

In accordance with ASX Listing Rule 10.14, securities cannot be issued to a Director under an employee incentive scheme without first obtaining Shareholder approval. Approval of this resolution will also result in the Performance Rights granted to Mr Darke being included as an exception to ASX Listing Rule 7.1, in accordance with Exception 14 of ASX Listing Rule 7.2. This means Performance Rights granted to Mr Darke, and any shares issued pursuant to this approval, will not use up part of the 15% limit available under ASX Listing Rule 7.1.

The Board considers that the proposed grant represents reasonable remuneration for Mr Darke in his role as Executive Director and CEO of the Company.

Mr Stephen Darke is eligible to participate in the Performance Rights Plan, and Performance Rights have previously been granted to Executive Director Sean McGould. Whilst Mr McGould remains eligible to participate in the Performance Rights Plan, no additional offer is being made to him at this time. Non-Executive Directors are not eligible to participate in the Performance Rights Plan.

The Performance Rights Plan was previously approved by Shareholders for the purposes of ASX Listing Rule 7.2 (Exception 13(b)) at the 2023 AGM of the Company.

This approval allows for a maximum of 6,000,000 Performance Rights to be issued over a 3-year period.

To date, a total of 4,593,270 Performance Rights have been granted from this pool.

In accordance with the Shareholder approval for the Performance Rights Plan provided at the 2023 AGM, approval is sought from the Shareholders to grant 1,000,000 Performance Rights to Mr Stephen Darke.

If Shareholders do not approve this Resolution 4, it is intended that the equivalent Performance Rights Plan award will be provided in cash, subject to the same performance, service, vesting and other conditions as described in this Notice of Meeting.

Information for Shareholders

Pursuant to and in accordance with ASX Listing Rule 10.15, the information in relation to Resolution 4 required to be provided to Shareholders is set out in the overview of the proposed grant below.

The terms of the Performance Rights Plan rules are otherwise summarised in Schedule 1 to this Notice of Meeting.

Board Recommendation

The Board (other than the Executive Director and CEO, Stephen Darke, who is not entitled to vote) recommends that Shareholders vote in favour of the proposed grant of Performance Rights to Stephen Darke under the Performance Rights Plan. None of the Directors (other than Mr Darke) has an interest in the outcome of this Resolution 4.

The Chairman of the Meeting intends to vote all 'open' proxies (where the Chairman has been appropriately authorised) in favour of this resolution.

Overview of proposed grant to Mr Stephen Darke

Grantee	<p>If Shareholder approval is obtained, the Performance Rights will be granted to Mr Darke or his nominee.</p> <p>Mr Darke is a Director of Navigator Global Investments Limited</p>												
Grant type	<p>A Performance Right is a right to acquire one ordinary share in the capital of the Company (subject to adjustment in accordance with the ASX Listing Rules in the event of a reorganisation of the issued ordinary share capital of the Company or as otherwise contemplated by the Performance Rights Plan rules).</p> <p>Performance Rights do not carry any dividend or voting rights.</p>												
Date of grant	Shortly after the 2024 Annual General Meeting, but in any event, no later than 12 months after the date of the meeting.												
Number to be allocated	1,000,000 Performance Rights.												
Previous grants	No Performance Rights have previously been issued to Mr Darke under the Performance Rights Plan.												
Value of Performance Rights	<p>The indicative fair value of the Performance Rights to be granted to Mr Darke has been estimated at AUD 1.54 per Performance Right, calculated using a Black-Scholes option valuation model and the following key assumptions:</p> <table border="0"> <tr> <td>NGI closing share price at the start of the Performance Period as at 23 September 2024</td> <td style="text-align: right;">AUD 1.615</td> </tr> <tr> <td>Time to expiration</td> <td style="text-align: right;">1.5 years</td> </tr> <tr> <td>Risk-free interest rate</td> <td style="text-align: right;">3.7%</td> </tr> <tr> <td>Volatility</td> <td style="text-align: right;">50%</td> </tr> <tr> <td>Dividend yield</td> <td style="text-align: right;">3%</td> </tr> <tr> <td>Estimated indicative fair value of each Performance Right</td> <td style="text-align: right;">AUD 1.54</td> </tr> </table> <p>The estimated fair value of the Performance Rights to be granted to Mr Darke is assessed as AUD 1,540,000, assuming all of the Performance Rights vest and are exercised. This represents 200% of Mr Darke's annual base salary and 113% of his total remuneration for the 2024 financial year.</p> <p>The Board considers that the estimated fair value of the grant of Performance Rights to Mr Darke is appropriate as it introduces an equity-based deferred component to his overall remuneration package.</p> <p>The actual value of Performance Rights at vesting will depend on performance against the relevant performance conditions and the price of the Company's ordinary shares. Vesting of the maximum number of Performance Rights will be subject to satisfaction of the performance conditions discussed below.</p> <p>In preparing its financial statements, the Company will obtain an independent valuation of the Performance Rights once issued and will expense this value over the relevant performance period in accordance with accounting standards.</p>	NGI closing share price at the start of the Performance Period as at 23 September 2024	AUD 1.615	Time to expiration	1.5 years	Risk-free interest rate	3.7%	Volatility	50%	Dividend yield	3%	Estimated indicative fair value of each Performance Right	AUD 1.54

Performance conditions

The number of Performance Rights that vest and, therefore, the number of shares that Mr Darke may acquire are subject to two performance conditions.

Performance Rights will vest depending on the following two performance conditions:

1. total shareholder return (TSR); and
2. profit before tax per share (PBT).

Fifty per cent of the Performance Rights granted to you for the Performance Period will be tested against an absolute TSR performance condition (**TSR Rights**), and the remaining **fifty per cent** will be tested against Profit Before Tax (excluding the Lighthouse Investment Partners business segment (Lighthouse)) per share performance condition (**PBT Rights**). In both cases, any vesting will depend upon the Compound Annual Growth Rate (CAGR) achieved in relation to each performance condition over the performance period.

TSR Rights

The performance condition to be used to determine the number of TSR Rights that vest is the TSR performance of NGI over the performance period.

Broadly, TSR measures the return to a Shareholder over the relevant performance period in terms of changes in the market value of the shares plus the value of any dividends paid on the shares.

Unless the Board determines otherwise, the share prices used to calculate the TSR of NGI for a performance period will be measured as follows:

- § the opening share price will be the volume weighted average price on the ASX in respect of NGI for the 20 trading days ending on the first day of the performance period; and
- § the closing share price will be the volume weighted average price on the ASX with respect to NGI for the 20 trading days ending on the last day of the performance period.

The percentage of Performance Rights which vest, if any, will be determined by the Board by reference to the absolute TSR CAGR achieved by NGI over the relevant performance period:

TSR - Performance level	TSR over the Performance Period	Vesting level
Below Minimum	< 7%	0%
Minimum	7%	25%
Between Minimum and Target	Between 7% and 9.5%	Straight line vesting between 25% and 50%
Target	9.5%	50%
Between Target and Stretch	Between 9.5% and 14.5%	Straight line vesting between 50% and 100%
Stretch	14.5%	100%

The Board's determination of TSR and TSR CAGR for this purpose is final and is not appealable or reviewable.

PBT Rights

The Performance Condition to be used to determine the number of PBT Rights that Vest is the CAGR of adjusted Profit Before Tax (excluding Lighthouse) per Share (PBT/Share) over the Performance Period.

Unless the Board determines otherwise, PBT is to be calculated as Profit Before Tax of the Group adjusted to:

- § exclude earnings from the Lighthouse Business Segment (as defined in Navigator's annual financial statements);
- § to include cash payments associated with office lease payments recognised as a finance cost under AASB 16 Leases related to non-Lighthouse entities;
- § to exclude from PBT unrealised changes in fair value related to the assets and liabilities associated with investments held at fair value through the profit and loss;
- § to exclude interest expense from the unwind of discount of (but not limited to) deferred consideration, lease liabilities and convertible notes;
- § to exclude from PBT non-cash items associated with share based payments.

	<p>The Board retains a discretion to adjust the PBT performance condition to ensure that participants are not penalised nor provided with a windfall benefit arising from matters outside of management's control that affect PBT (for example, excluding one-off non-recurrent items or adjusting realised gains/losses on disposal of non-Lighthouse investments to include the unwind of discount of deferred consideration excluded from PBT).</p>																					
	<p>PBT/Share is calculated by dividing PBT for the financial year by the weighted average number of ordinary shares outstanding (being ordinary shares on issue plus ordinary shares which may be issued pursuant to the conversion of Convertible Notes) outstanding over the relevant period i.e.</p> $\frac{\text{USD PBT for the financial year}}{\text{Weighted average number of ordinary shares outstanding (including ordinary shares which may be issued pursuant to the conversion of Convertible Notes)}}$ <p>The vesting schedule for the PBT/Share performance hurdle is set out in the table below:</p> <table border="1"> <thead> <tr> <th>PBT - Performance level</th> <th>PBT/Share CAGR over the Performance Period</th> <th>Vesting level</th> </tr> </thead> <tbody> <tr> <td>Below Minimum</td> <td>< 8%</td> <td>0%</td> </tr> <tr> <td>Minimum</td> <td>8%</td> <td>25%</td> </tr> <tr> <td>Between Minimum and Target</td> <td>Between 8% and 11.5%</td> <td>Straight line vesting between 25% and 50%</td> </tr> <tr> <td>Target</td> <td>11.5%</td> <td>50%</td> </tr> <tr> <td>Between Target and Stretch</td> <td>Between 11.5% and 15%</td> <td>Straight line vesting between 50% and 100%</td> </tr> <tr> <td>Stretch</td> <td>15%</td> <td>100%</td> </tr> </tbody> </table>	PBT - Performance level	PBT/Share CAGR over the Performance Period	Vesting level	Below Minimum	< 8%	0%	Minimum	8%	25%	Between Minimum and Target	Between 8% and 11.5%	Straight line vesting between 25% and 50%	Target	11.5%	50%	Between Target and Stretch	Between 11.5% and 15%	Straight line vesting between 50% and 100%	Stretch	15%	100%

Performance period and vesting	<p>The performance period is from 1 July 2023 to 30 June 2026. The performance conditions will be tested on a date determined by the Board following the end of the 2026 financial year (i.e. 30 June 2026). Any Performance Rights that do not vest prior to the expiry date of the Performance Rights will lapse.</p> <p>The Company will issue or procure the transfer of Company ordinary shares on the exercise of Performance Rights in accordance with the Performance Rights Plan rules and the terms of the Performance Rights.</p> <p>Shares allocated on the exercise of Performance Rights will rank equally with shares in the same class.</p>																					
Lapsing of Performance Rights	<p>Subject to the Board's discretion, a Performance Right lapses:</p> <ul style="list-style-type: none"> (a) 4 years after the date of grant of the Performance Right; (b) the failure to meet the performance conditions; (c) on a cessation of the employment of Mr Darke with the Company; or (d) on a change of control of the Company. 																					
Cessation of employment	<p>If Mr Darke's employment with the Company ceases, then his unvested Performance Rights will remain subject to the Performance Rights Plan and will be tested in accordance with the performance conditions.</p> <p>However, the Board may determine within 60 days of the cessation of employment that some or all of his unvested Performance Rights vest or lapse (or that the performance conditions or performance period are amended or waived). In making that determination, the Board may have regard to any matter the Board considers relevant, including the circumstances in which the cessation of employment occurred, the extent that the performance conditions are determined or estimated by the Board to have been satisfied when tested at the date of cessation of employment, or the proportion of the performance period during which the performance conditions are tested has elapsed at the time of cessation of employment.</p> <p>The Board may also determine that Mr Darke's unvested Performance Rights lapse where the Board considers that Mr Darke has breached any applicable post-employment covenants regarding not being involved with a competitor business or not soliciting business clients, employees or contractors of the NGI Group or it is no longer appropriate for Mr Darke to retain</p>																					

	his unvested Performance Rights having regard to other circumstances following his cessation of employment.
Trading restrictions	<p>Performance Rights may not be sold, and hedging arrangements in relation to any unvested Performance Rights may not be entered into.</p> <p>Shares allocated following the exercise of Performance Rights are not subject to any trading restrictions. However, Mr Darke must observe the Company's policies (including the Share Trading Policy) when dealing with shares.</p>
Change of control	If a change of control event occurs prior to the vesting of the Performance Rights, then the Board may, in its absolute discretion, resolve that any unexercised Performance Rights (whether vested or not) will be exercisable.
Inappropriate benefits	<p>The Board may determine that Performance Rights or shares acquired on the exercise of Performance Rights lapse or are forfeited where:</p> <ul style="list-style-type: none"> § the Performance Rights vest as a result of fraud, dishonesty or breach of duties or obligations of Mr Darke or another person where the Performance Rights would not have otherwise vested; § Mr Darke has acted fraudulently or dishonestly, engaged in gross misconduct or breached his duties or obligations to any NGI Group entity (including acting in breach of the terms and conditions of his employment and/or the Company's code of conduct), or has done an act which brings any NGI Group entity into disrepute; § there is a material misstatement or omission in the financial statements of the Company or those financial statements need to be restated; § the Company is entitled to reclaim the remuneration of Mr Darke or to reduce his remuneration outcome under law, regulation, contract or a policy of an NGI Group entity; § a significant unexpected or unintended consequence or outcome has occurred which impacts the NGI Group or an NGI Group entity, including where the original expected performance outcomes which the Performance Rights were intended to incentivise have not been realised; or § vesting of some or all of Mr Darke's unvested Performance Rights is not justified or supportable, having regard to a range of factors.

5 Approval of potential termination benefit

Part 2D.2 of the Corporations Act 2001 (the **Act**) restricts the benefits that can be given without Shareholder approval to individuals who hold or have held, in the last three years, a managerial or executive office (as defined in the Act) on leaving employment with Navigator Global Investments Limited or its related bodies corporate (**Navigator Group**). This includes individuals employed by Navigator's overseas subsidiaries.

Under S200B of the Act, the Company may only give a person a 'benefit' in connection with their ceasing to hold managerial or executive office in the Navigator Group if it is approved by shareholders or an exemption applies (**Relevant Executives**). If termination benefits are provided beyond those permitted by the Act, a breach of the Act can occur even if the Relevant Executive has a pre-existing contractual entitlement to the benefit.

Having regard to the potentially wide application of the Act and the uncertainties it can cause, as well as ensuring the Group can meet longstanding existing contractual arrangements with Relevant Executives, the Directors are of the view that it is appropriate and prudent to seek Shareholder approval, as contemplated by the Act so that termination benefits are able to be provided to Relevant Executives without any risk of a breach of the Act.

Shareholder approval was sought and received for potential termination benefits at the Company's 2015, 2018 and 2021 AGM, with a supplementary 2 year approval confirmed at the 2022 AGM.

As with those previous approvals, approval by Shareholders is sought with respect to any current or future employees who are Relevant Executives at the time of their termination or at any time in the three years prior to their termination.

Potential benefits upon termination for Non-Executive Directors are limited to unpaid fees and entitlements and other non-material incidental benefits (such as retention of property such as electronic devices). This resolution, therefore, does not apply to Non-Executive Directors.

Why is shareholder approval being sought in 2024?

At the Company's 2021 and 2022 AGMs, Shareholders approved potential termination benefits that may be paid or granted to Relevant Executives whose employment terminated in the three years following that AGM. That authorisation lapses at the end of the 2024 AGM.

Since that time, the Navigator Group has continued to review its remuneration arrangements to ensure that it remains competitive in the various markets in which the Navigator Group operates. This has included establishing short-term remuneration arrangements for these senior management which are tied to achieving key performance measures in relation to one or more of the following areas:

- § Revenue levels and/or growth
- § EBITDA margin

These measures replace the previous short-term remuneration arrangements, which involved the Lighthouse CEO awarding amounts on a discretionary basis after taking into account an individual's performance.

As was the case for the 2021 and 2022 AGM approvals, the approval sought is in relation to the Navigator Group's existing obligations to the Lighthouse CEO/CIO and potential obligations to other Relevant Executives, and to enable the Navigator Group to operate its remuneration programmes to support the Company's strategy. In particular, the approval will enable the Board to:

- § deliver current Relevant Executives the benefits to which they are contractually entitled;
- § attract and retain future Relevant Executives on market competitive terms as benchmarked in their local jurisdiction, particularly in the US;
- § strengthen its ability to require and enforce a period of non-competition against the Navigator Group following cessation of employment; and
- § ensure Relevant Executives are treated fairly on cessation of employment, having regard to their contribution to the Navigator Group and the circumstances.

Navigator's approach to remuneration policy is outlined in the Remuneration Report contained in the 2024 Annual Report.

The Company is conscious of the need to strike a balance between fair treatment of Relevant Executives on cessation of employment and avoiding excessive termination payouts. In addition, the Board has considered the differences in employment practices in the United States, where the majority of Relevant Executives are employed. Careful consideration is given when setting employment arrangements, remuneration, individual contractual entitlements, benefits and incentive plan treatments for Relevant Executives.

Shareholder approval does not guarantee a Relevant Executive will receive the termination benefits described below. The Company's purpose in seeking shareholder approval is to:

- § facilitate the execution of Navigator's remuneration policy and programmes;
- § allow Navigator to honour its existing contractual commitments to senior executives;
- § take into account the impact of the grants of Performance Rights (as approved by shareholders at the 2021 and 2022 AGM and outlined in the Remuneration Report) and any other grants which may be made to a Relevant Executive; and
- § preserve the discretion of the Navigator Board to determine the most appropriate termination package for Relevant Executives at the time cessation occurs.

Executive base salaries and the impact of Part 2D.2 of the Act

As outlined in the 2021 and 2022 AGM Notice of Meeting, in setting the remuneration arrangements for Relevant Executives, in particular those Relevant Executives based in the United States (**US Relevant Executives**), the Company's general approach is to significantly weight remuneration packages for US Relevant Executives towards variable incentive remuneration.

US Relevant Executives may have an annual remuneration structure designed so that they receive a relatively small base salary as compared to their potential bonus compensation and, therefore, have the potential to be rewarded for their contribution and performance by participating in a short-term incentive bonus pool. In addition, shareholder approval was provided at the 2021 and 2022 AGMs for the Lighthouse CEO/CIO to participate in long-term incentive arrangements.

The relatively smaller typical base salaries of some US Relevant Executives (as compared to against their potential bonus compensation) creates an anomalous result when applying the statutory cap on termination benefits under Part 2D.2 of the Act, as it limits the total termination payment amount for US Relevant Executives to their relatively low base salary, and restricts the Board's ability to accommodate equitable termination payments above this amount which are otherwise in accordance with the jurisdiction in which the US Relevant Executives are employed. It may also limit the Company's ability to enforce a suitable non-compete period in jurisdictions where it is usual to provide additional compensation for these arrangements to be enforced.

Approval is sought for a three-year period

If the approval is obtained, it will be effective for a period of approximately three years from the date the resolution is passed. That is, shareholder approval will be effective for all termination benefits paid or granted to a Relevant Executive who ceases to hold office or a position of employment during the period beginning at the conclusion of the 2024 Annual General Meeting and expiring at the conclusion of the 2027 Annual General Meeting. If considered appropriate, the directors will seek a new approval from shareholders at the 2027 Annual General Meeting.

Potential termination benefits for which supplementary approval is sought - Summary of potential benefits and their value

At the 2021 and 2022 AGMs, shareholder approval was sought and provided for any potential termination benefits that may be provided to a Relevant Executive (including as a result of Board discretion) under:

- § their employment agreement;
- § applicable laws and regulations;
- § the Company's Performance Rights Plan;
- § the Navigator Group's remuneration policy, as set out in the Remuneration Report; and
- § prevailing market practice and governance expectations at the time the Relevant Executive ceases employment.

Under the Act, when seeking shareholder approval for a termination benefit, shareholders must be provided with details of the amount or value of the payment or benefit, or if that amount or value cannot be ascertained at the time of disclosure, the manner in which that amount or value is to be calculated and any matter, event or circumstance that will, or is likely to, affect the calculation of that amount or value.

The amount or value of a benefit that a particular Relevant Executive may be entitled to will depend on a number of factors, including the manner and circumstances in which the individual ceases in their role, the length of time they have been employed for the calendar year, changes in market practice or law in the relevant jurisdiction, and in some cases, the exercise of discretions by the Board or by the Remuneration and Nominations Committee. Accordingly, it is not possible to state with certainty the amount or value of a payment or benefit that may become payable.

The table below sets out the potential termination payments for which supplementary shareholder approval is sought, including the manner in which the amount or value of each potential benefit may be calculated and the matters which may impact that calculation.

Potential termination benefit

Treatment on cessation of employment and circumstances affecting the calculation or amount of benefits

Employment contract benefits

Severance payment in lieu of annual bonus

At the 2021 and 2022 AGMs, the potential termination benefits approved by shareholders included the receipt of severance payments by US Relevant Executives of up to USD 1 million on cessation of employment, based on a pro-rata calculation of the number of days of service provided by the US Relevant Executive during the calendar year prior to cessation of their employment.

To provide the Navigator Group with the required competitive flexibility in relation to the employment terms and policies which may be applied to US Relevant Executives, an additional approval is sought for US Relevant Executives to receive a severance payment calculated by reference to one or more of the following factors (instead of, or in conjunction with, a severance payment that is a pro rata proportion of a specified amount):

- § current period bonus amounts to the US Relevant Executive accrued and prorated as to the date or month of cessation; and/or
- § bonus-equivalent amounts under a bonus framework that applies or would otherwise apply to the US Relevant Executive.

By way of example, applying that approach, the severance payment for a US Relevant Executive may be calculated as the greater of a current period bonus accrued and prorated as to the cessation date based on applicable performance metrics and a pro-rata proportion of USD 1 million based on the number of days of service during the calendar year up to the cessation date.

As those severance payments are calculated by reference to variable amounts (such as bonuses and bonus criteria such as investment or business performance) rather than as a pro-rata proportion of a fixed USD 1 million amount, the amount of those severance payments may exceed USD 1 million.

To the extent that a severance payment is based upon a pro-rata current period bonus or a bonus-equivalent amount, those amounts are subject to bonus conditions (such as conditions relating to the investment performance of relevant Navigator Group funds or the business performance of relevant Navigator Group businesses). The amount of the severance payment is constrained by those bonus conditions (and accordingly by the actual performance of the relevant Navigator Group funds or businesses).

Eligibility for a severance payment is dependent upon the circumstances of the employee's cessation of employment. For example, an employee is not eligible for a severance payment where their employment is terminated for a defined 'good cause' event such as due to misconduct.

Any severance payment made is in lieu of any unpaid short term incentive bonus which the US Relevant Executive would otherwise be entitled to receive for their performance during the relevant calendar year in which they ceased employment.

The severance payment is an existing contractual entitlement in the employment agreements of US Relevant Executives.

Restraint payments

Restraint payments may be paid to enforce post-employment restraint clauses if considered necessary and/or appropriate to protect matters such as confidential information or intellectual property. In some jurisdictions, restraint clauses may be legally unenforceable, or difficult to successfully enforce, without payment.

As outlined in the 2022 AGM Notice of Meeting, restraint payments that may be received by Relevant Executives may be:

- § up to USD 2 million for 12 months following cessation of employment; or
- § the aggregate amount of restraint payments may be up to an aggregate of USD 4 million over a period of up to 24 months following cessation of employment, provided that such restraint payments do not exceed USD 2 million in a 12 month period;

Relevant Executives may receive restraint payments in such circumstances of cessation of employment as may be agreed or determined by the Navigator Group, with the rate and duration of such restraint payments being as agreed or determined by the Navigator Group, provided that the sum of such restraint payments to a particular Relevant Executive does not exceed the maximum above.

Potential termination benefit

Treatment on cessation of employment and circumstances affecting the calculation or amount of benefits

For example, under the proposed approval, if agreed by Navigator Group in relation to the circumstances of a particular Relevant Executive's cessation of employment (for example, due to termination or resignation for particular reasons or any reason, or at the Navigator Group's election), the Relevant Executive may receive restraint payments:

§ for 6, 12, 18 or 24 months at their monthly base salary, provided the sum does not exceed USD 2 million in a 12 month period and a total of USD 4 million; or

§ for 6, 12, 18 or 24 months by paying the Relevant Executive a restraint payment of USD 83,333 per month or up to USD 166,666 per month.

The restraint payments determined by Navigator Group in respect of a particular Relevant Executive will depend upon the role and responsibilities of the Relevant Executive and the restraint period that the Navigator Group considers necessary and/or appropriate for the protection of the Navigator Group.

Reduced or nil management fees on personal investments in Navigator Group investment funds

Navigator Group employees, including Relevant Executives, do not pay management fees in relation to any monies which they invest into Navigator Group investment products.

At the 2022 AGM, the potential termination benefits approved by shareholders included the post-termination benefit to US Relevant Executives of reduced or nil management fees.

Approval is sought for US Relevant Executives to receive, in circumstances agreed or determined by the Navigator Group, the benefit of reduced management fees and/or performance fees in relation to investments by the US Relevant Executive or their associated entities in Navigator Group investment products.

The amount, extent and duration of any discount will be determined by the Navigator Group having regard to factors including the circumstances of the US Relevant Executive's cessation or employment (for example, whether it is for a defined 'good cause' or resignation for defined 'good reason') and any benefits to the Navigator Group of continuing investment in Navigator Group investment products by the US Relevant Executive following cessation of their employment.

Benefit of vesting of unvested rights

At the 2021 and 2022 AGMs, the potential termination benefits approved by shareholders included the extent, if any, to which the Board determines that unvested rights will vest if a Relevant Executive dies, becomes permanently disabled, resigns from employment on the basis of retirement from the workforce or is made redundant by the Company or any of its related bodies corporate.

Approval is sought for US Relevant Executives to receive, in such circumstances as may be agreed or determined by the Navigator Group, the benefit of vesting of unvested rights. The circumstances and extent of any such vesting will be determined by the Navigator Group having regard to factors including the circumstances of the US Relevant Executive's cessation of employment (for example, whether it is for a defined 'good cause' or resignation for defined 'good reason').

Board recommendation

The Board (other than Executive Directors Sean McGould and Stephen Darke, who are not entitled to vote) recommends that Shareholders vote **in favour** of the approval of potential termination benefits to Relevant Executives.

The Chairman of the Meeting intends to vote all 'open' proxies (where the Chairman has been appropriately authorised) in favour of this resolution.

Amendments	<p>Subject to the ASX Listing Rules, the Board may amend the Performance Rights Plan at any time but may not do so in a way which reduces the Employees' existing rights without their consent unless the amendment is to comply with the law, to correct an error or similar.</p>
