## **About Realbotix**

Transcending the barrier between man and machine, Realbotix creates human-like, socially intelligent robots that improve the human experience through learning, connection and play. Manufactured in Nevada, USA, Realbotix has built a reputation for building robots with the most realistic human appearance on the market. Our target addressable markets are massive, most of them in the tens or hundreds of billions USD.

Our mission is to create robots and AI that are indistinguishable from humans in appearance and social interaction. Realbotix replicates the physical and emotional aspects of being human, in hardware and software. This versatility makes our robots and their personalities customizable and programmable to suit a wide variety of use cases.
