Management Comments on Third Quarter Performance

“Our third quarter results reflect another good quarter for NMFC,” said Steven B. Klinsky, NMFC Chairman. “New Mountain continues to benefit from our disciplined, defensive growth strategy that is focused on end markets that perform well in all economic cycles. Additionally, our commitment to the 1.25% base management fee, along with the extension of our dividend protection program, demonstrates our focus to providing value and stability for our shareholders.”

John R. Kline, CEO, commented: “NMFC continues perform well with adjusted earnings per share of \$0.34, in line with our implied guidance. The underlying portfolio remains strong with over 97% of the portfolio rated green on our risk rating scale. Additionally, we continue to make substantial improvements to our liabilities. During the quarter, we upsized and extended our NMFC Credit Facility at a lower cost, reduced the spread on our Holdings Credit Facility and completed an attractively priced unsecured note issuance.”

Portfolio and Investment Activity⁶

As of September 30, 2024, the Company’s NAV² was \$1,361.3 million and its portfolio had a fair value of \$3,278.8 million of investments in 128 portfolio companies, with a weighted average YTM at Cost⁷ of approximately 10.5%. For the three months ended September 30, 2024, the Company generated \$146.2 million of originations³, \$100.6 million of cash repayments³ and realized \$1.5 million of asset sales.

Portfolio and Asset Quality

NMFC’s mandate is to primarily target businesses in the middle market that, consistent with New Mountain’s private equity platform, are high quality, defensive growth companies in industries that are well-researched by New Mountain. The Company’s focus is on defensive growth businesses that generally exhibit the following characteristics: (i) acyclicity, (ii) sustainable secular growth drivers, (iii) niche market dominance and high barriers to competitive entry, (iv) recurring revenue and strong free cash flow, (v) flexible cost structures and (vi) seasoned management teams.

The Company monitors the performance and financial trends of its portfolio companies on at least a quarterly basis. The Company attempts to identify any developments within the portfolio company, the industry, or the macroeconomic environment that may alter any material element of the Company's original investment strategy. As described more fully in the Company's Quarterly Report on Form 10-Q filed with the U.S. Securities and Exchange Commission, the portfolio monitoring procedures are designed to provide a simple, yet comprehensive analysis of the Company's portfolio companies based on their operating performance and underlying business characteristics, which in turn forms the basis of its Risk Rating. The Risk Rating is expressed in categories of Green, Yellow, Orange and Red with Green reflecting an investment that is in-line with or above expectations and Red reflecting an investment performing materially below expectations.

The following table shows the Risk Rating of the Company's portfolio companies as of September 30, 2024:

For additional details related to the quarter ended September 30, 2024, please refer to the New Mountain Finance Corporation Quarterly Report on Form 10-Q filed with the SEC and the supplemental investor presentation which can be found on the Company's website at <http://www.newmountainfinance.com>.

(1) Adjusted net investment income for Q3 2024 includes \$1.2 million of net accelerated deferred financing costs related to the termination of the DB Credit Facility and a corresponding incentive fee adjustment.

(2) Excludes non-controlling interest in New Mountain Net Lease Corporation ("NMNLC").

(3) Originations exclude payment-in-kind ("PIK"); originations, repayments, and sales excludes revolvers, unfunded commitments, bridges, return of capital, and realized gains / losses.

(4) Excludes the Company's United States Small Business Administration ("SBA") guaranteed debentures.

(5) Dividend yield calculation uses the closing stock price of \$11.44 on October 28, 2024 and \$12.33 on October 30, 2023 and includes regular and supplemental dividends.

(6) Includes collateral for securities purchased under collateralized agreements to resell.

(7) References to "YTM at Cost" assume the accruing investments, including secured collateralized agreements, in the Company's portfolio as of a certain date, the "Portfolio Date", are purchased at cost on that date and held until their respective maturities with no prepayments or losses and are exited at par at maturity. This calculation excludes the impact of existing leverage. YTM at Cost uses the Sterling Overnight Interbank Average Rate ("SONIA"), Euro Interbank Offered Rate ("EURIBOR") and Secured Overnight Financing Rate ("SOFR") curves at each quarter's respective end date. The actual yield to maturity may be higher or lower due to the future selection of SONIA, EURIBOR and SOFR contracts by the individual companies in the Company's portfolio or other factors.

(8) Includes investments held in NMNLC.

(9) Excludes NMFC Senior Loan Program III LLC ("SLP III"), NMFC Senior Loan Program IV LLC ("SLP IV") and NMNLC.
