Such objections must be filed with the Commission, and served on the incumbent LEC, no later than the ninth business day following the release of this Public Notice.⁴ The effective implementation date(s) of network changes referenced in standard copper retirement notices are subject to the FCC public notice periods described under section 51.333(b)(2).⁵ For purposes of computation of time when filing a petition for reconsideration, application for review, or petition for judicial review of the Commission's decision, the date of "public notice" shall be the later of 15 days after the release date of this Public Notice, or the release date of any further public notice or order announcing final action, as applicable. Should no petitions for reconsideration, applications for review, or petitions for judicial review be timely filed, the proceeding listed in this Public Notice shall be terminated, and the docket will be closed.
