For licensure as a non-exempt shared
solar subscriber organization

ORDER GRANTING LICENSE

On June 24, 2024, Prince Edward Solar 1 LLC ("Prince Edward" or "Company") filed an application ("Application") with the State Corporation Commission ("Commission") for a license to conduct business as a non-exempt subscriber organization in the shared solar program ("Shared Solar Program") established pursuant to § 56-594.3 of the Code of Virginia ("Code"). The Company seeks authority to provide service to subscribers in the service territory of Virginia Electric and Power Company d/b/a Dominion Energy Virginia ("Dominion"). In its Application, the Company attested that it would abide by all applicable laws of the Commonwealth and regulations of the Commission as required by 20 VAC 5-340-30 B of the Commission's Rules Governing Shared Solar Program, 20 VAC 5-340-10 *et seq.* ("Shared Solar Rules").

On July 15, 2024, the Commission entered an Order for Notice and Comment ("Procedural Order") requiring the Company to serve a copy of the Procedural Order electronically upon Dominion on or before July 17, 2024, and to file proof of service on or before July 24, 2024. On July 16, 2024, the Company served a copy of the Procedural Order upon Dominion and filed proof of service.

The Procedural Order also directed that any comments on the Application be filed with the Clerk of the Commission on or before July 31, 2024. No comments were filed in the case.

The Procedural Order further directed the Staff of the Commission ("Staff") to analyze the Application and present its findings in a report ("Report"). On August 7, 2024, Staff filed its Report, which summarized Staff's investigation of Prince Edward's proposal and evaluated the Company's financial condition and technical fitness. Based on its review of the Application, Staff recommended that Prince Edward be granted a license to conduct business as a non-exempt subscriber organization in the Shared Solar Program.

The Procedural Order also provided that Prince Edward may file any response to the Report on or before August 14, 2024. On August 7, 2024, Prince Edward filed a letter requesting that the Commission grant the license as recommended in the Report.

NOW THE COMMISSION, upon consideration of this matter, finds that Prince Edward's Application for a license to conduct business as a non-exempt subscriber organization in the Shared Solar Program should be granted subject to the conditions set forth below.

Accordingly, IT IS ORDERED THAT:

(1) Prince Edward is hereby granted license No. SS-79 to provide shared solar subscription services in the service territory of Dominion. This license to act as a non-exempt subscriber organization is granted subject to the provisions of the Shared Solar Rules, this Order, and other applicable statutes.

(2) The licensure provided for herein is not valid authority for the provision of any product or service not identified herein and within the license itself.

(3) This case shall remain open for consideration of any subsequent amendments or modifications to this license.

A COPY hereof shall be sent electronically by the Clerk of the Commission to all persons on the official Service List in this matter. The Service List is available from the Clerk of the Commission.
