The Commission's Division of Utility and Railroad Safety ("Division"), charged with the investigation of each jurisdictional gas company's compliance with the Safety Standards, has conducted various inspections of records, construction, operation, and maintenance activities involving Atmos Energy Corporation ("Atmos" or "Company"), the Defendant, and alleges that:

- (1) The Company is a person within the meaning of Code § 56-257.2.
- (2) The Company violated the Commission's Safety Standards by the following

conduct:

- (a) 49 C.F.R. § 192.273 (b) – Failure of the Company to make a joint in accordance with written procedures that have been proven by test or experience to produce strong gastight joints.
- (b) 49 C.F.R. § 192.605 (a) – Failure of the Company to follow its Construction Procedures, Section 2.4.1, by not complying with the general guidelines to eliminate static electricity contained in the Atmos Energy Employee Safety Manual.

As an offer to settle all matters arising from the allegations made against it herein, the Company represents and undertakes that:

(1) The Company shall be assessed a civil penalty in the amount of \$28,000, which shall be paid contemporaneously with the entry of this Order.

(2) This settlement does not prohibit the Commission Staff from submitting, in any present or future Commission proceeding involving the Company, any information discovered or obtained in the course of the Division's investigation and inspections described herein, nor does this settlement prohibit the Company from submitting information contradicting or mitigating the information submitted by the Commission Staff.

(3) Although the civil penalty in this Order is assessed to Atmos, the probable violations can be attributed to Atmos and its contractors. However, Atmos is ultimately responsible for compliance with the Safety Standards. The Company shall bear the financial responsibility for this civil penalty. Any part of the civil penalty ordered herein that is recovered from contractors shall be credited to the accounts that were charged with the cost of the work performed.

(4) Any amounts paid in accordance with this Order shall not be recovered in the Company's rates. Any such amounts shall be booked in Uniform System of Accounts No. 426.3. The Company shall verify its booking by filing a copy of the trial balance showing this entry with the Commission's Division of Utility Accounting and Finance within 90 days of such booking.

NOW THE COMMISSION, finding sufficient basis herein for the entry of this Order and in reliance on the Defendant's representations and undertakings set forth above, is of the opinion and finds that the offer of settlement set forth above should be accepted.

Accordingly, IT IS ORDERED THAT:

(1) The captioned case is docketed and assigned Case No. URS-2023-00172.

(2) Pursuant to the authority granted to the Commission by Code § 12.1-15, the offer of settlement made by Atmos is accepted.
