APPLICATION OF

CHOICE! ENERGY SERVICES RETAIL, LP
dba GETCHOICE!

CASE NO. PUR-2024-00070

For aggregators license

ORDER GRANTING LICENSE

On May 16, 2024, Choice! Energy Services Retail, LP d/b/a Getchoice! ("Getchoice!" or "Company") completed the filing of an application ("Application") with the State Corporation Commission ("Commission") for a license to conduct business as a competitive service provider. Getchoice! seeks authority to provide retail electric and natural gas aggregation services to eligible commercial, industrial, and governmental customers throughout Virginia. In its Application, the Company attested that it would abide by all applicable regulations of the Commission as required by 20 VAC 5-312-40 B of the Commission's Rules Governing Retail Access to Competitive Energy Services ("Retail Access Rules").

On May 22, 2024, the Commission entered an Order for Notice and Comment ("Procedural Order") requiring the Company to serve a copy of the Procedural Order upon the utilities and cooperatives listed in Attachment A to the Procedural Order on or before May 31, 2024, and to file proof of service on or before June 7, 2024. On May 22, 2024, the Company filed its proof of service.

The Commission, through its Procedural Order, directed any comments in the matter to be filed with the Clerk of the Commission on or before June 14, 2024. No comments were filed in the case.

The Procedural Order also directed the Staff of the Commission ("Staff") to analyze the Application and present its findings in a report ("Staff Report") to be filed on or before June 21, 2024. On June 21, 2024, Staff filed its Staff Report, which summarized the proposal of Getchoice! and evaluated the Company's financial condition and technical fitness. Based on its review of the Application, Staff recommended that Getchoice! be granted a license to conduct business as an electric and natural gas aggregator to eligible commercial, industrial, and governmental customers throughout Virginia.

NOW THE COMMISSION, upon consideration of the Application, the case record, and applicable law, finds that Getchoice!'s Application for a license to provide competitive electric and natural gas aggregation services should be granted, subject to the conditions set forth below.

Accordingly, IT IS ORDERED THAT:

(1) Getchoice! is hereby granted license No. A-133 to provide electric and natural gas aggregation services to eligible commercial, industrial, and governmental customers throughout Virginia. This license to act as a competitive service provider is granted subject to the provisions of the Retail Access Rules, this Order, and other applicable statutes.

(2) This license is not valid authority for the provision of any product or service not identified within the license itself.

(3) This case shall remain open for consideration of any subsequent amendments or modifications to this license.

A COPY hereof shall be sent electronically by the Clerk of the Commission to all persons on the official Service List in this matter. The Service List is available from the Clerk of the Commission.
