REGISTRATION OFFICE
STATE CORPORATION COMMISSION

JOINT APPLICATION OF
BARC ELECTRIC COOPERATIVE

2024 JUL 17 P 2:05

AND

CASE NO. PUR-2024-00110

SHENANDOAH VALLEY ELECTRIC COOPERATIVE

For revision of certificate
under the Utility Facilities Act

ORDER FOR REVISION OF CERTIFICATE

On June 17, 2024, the Division of Public Utility Regulation of the State Corporation Commission ("Commission") received letters and a detailed map from BARC Electric Cooperative ("BARC") and Shenandoah Valley Electric Cooperative ("SVEC"), requesting revisions to Certificates E-J32 and E-K32 for SVEC and BARC to change the respective boundary line between their service territories. These documents were filed with the Clerk of the Commission on June 21, 2024, in what is now docketed as Case No. PUR-2024-00110.

SVEC and BARC have reached an agreement ("Agreement") for the adjustment of the electric utility service territory boundary line between them as it relates to the provision of electric service to a portion of parcel 63 A 14, Highland County, Virginia ("Property"). Pursuant to the Agreement, BARC would serve the Property. The Agreement states SVEC was unable to obtain the easements necessary to provide service. The Agreement further states that BARC has an existing distribution line in the immediate area and is readily able to provide service to the Property by an ordinary line extension.

In the interest of time and to avoid further delays in providing electric service to the affected Property, BARC and SVEC request that the Commission approve the changes discussed herein and revise their respective service territory boundary line accordingly.

NOW THE COMMISSION, having considered BARC's and SVEC's request, is of the opinion and finds that it is in the public interest to amend Certificates E-J32 and E-K32 to revise the service territory boundary line as requested. We are advised that the Property owner has notice thereof and is in agreement with the requested revision of this boundary line.

Accordingly, IT IS ORDERED THAT:

- (1) Certificate E-J32 for BARC is amended as delineated on Map J32.
- (2) Certificate E-J32 for SVEC is amended as delineated on Map J32.
- (3) Certificate E-K32 for BARC is amended as delineated on Map K32.
- (4) Certificate E-K32 for SVEC is amended as delineated on Map K32.
- (5) The amended certificates and maps shall be sent to SVEC and BARC by the Division of Public Utility Regulation forthwith.
- (6) This matter is dismissed.

A COPY of this Order shall be sent electronically by the Clerk of the Commission to: Randall Roberts, Manager of Engineering, BARC Electric Cooperative, P.O. Box 264 Millboro, Va 24460-0264, rroberts@barcelectric.com; Gregory S. Rogers, President and CEO, Shenandoah Valley Electric Cooperative, P.O. Box 236, Mount Crawford, Virginia 22841, grogers@svec.com; and a copy shall be delivered to the Commission's Office of General Counsel and Division of Public Utility Regulation.
