CASE NO. PUR-2024-00072

For licensure as a non-exempt shared
solar subscriber organization

CORRECTING ORDER

On April 24, 2024, Gretna II Solar LLC ("Gretna II" or "Company") completed the filing of an application ("Application") with the State Corporation Commission ("Commission") for a license to conduct business as a non-exempt subscriber organization in the shared solar program ("Shared Solar Program") established pursuant to § 56-594.3 of the Code of Virginia ("Code"). The Company sought authority to provide service to subscribers in the service territory of Virginia Electric and Power Company d/b/a Dominion Energy Virginia. In its Application, the Company attested that it would abide by all applicable laws of the Commonwealth and regulations of the Commission as required by 20 VAC 5-340-30 B of the Commission's Rules Governing Shared Solar Program.

On July 2, 2024, after considering the record in this case, the Commission entered an Order Granting License, granting a license to Gretna II. On August 15, 2024, the Commission's Staff ("Staff") alerted the Commission that due to oversight, Gretna II was assigned License No. SS-74 rather than License No. SS-75. Staff requested the Commission issue an order granting Gretna II License No. SS-75 to correct the oversight.

NOW THE COMMISSION, upon consideration of this matter, finds that a Correcting Order should be entered to reflect the correct license number for Gretna II.

Accordingly, IT IS ORDERED THAT:

(1) The license granted to Gretna II in the Order Granting License entered in this matter on July 2, 2024 is removed and replaced with License No. SS-75.

(2) All other provisions of the Order Granting License shall remain in full force and effect.

(3) This case shall remain open for consideration of any subsequent amendments or modifications to this license.

A COPY hereof shall be sent electronically by the Clerk of the Commission to all persons on the official Service List in this matter. The Service List is available from the Clerk of the Commission.
