

Mr. Francis Lui Named Most Influential Person in Asia Gaming Industry for the 8th Time

November 9, 2024 – Mr. Francis Lui, Vice Chairman of Galaxy Entertainment Group (“GEG”), has been ranked as the most influential person in the 2024 Asian Gaming Power 50 list announced yesterday night, marking the eighth time he has received this honor and the sixth consecutive year that Mr. Lui has topped the list. This also makes him the industry leader with the most top rankings and signifies the widespread recognition from various stakeholders of Mr. Lui’s visionary business strategies and GEG’s unwavering commitment to excellence and outstanding results under his leadership. Additionally, Mr. Kevin Kelley, Chief Operating Officer – Macau of GEG, has also made it into the Asian Gaming Power 50 list this year.

Mr. Francis Lui said, “This year marks a time of ‘Double Celebrations’ in Macau. GEG has been actively hosting, supporting and participating in a number of large-scale events and activities, showcasing Macau’s appeal as ‘One Center, One Platform, One Base’. We are particularly grateful to see our Phase 3 projects, including our two world-class MICE and entertainment venues – the Galaxy International Convention Center and Galaxy Arena – rapidly becoming popular choices for hosting various large-scale entertainment performances, MICE, sports, cultural and artistic events in Macau since they became operational last year, which further demonstrates GEG’s commitment to promoting the diverse development of Macau’s ‘1+4’ industries through pragmatic actions. We are encouraged and would like to thank the tremendous support from the different sectors of the community. Moving forward, GEG will continue to set an example for the industry and support Macau’s moderate economic diversification and sustainable development.”

Under Mr. Francis Lui’s leadership, GEG has received numerous awards over the years for its introducing various new facilities, services, and products for Macau’s integrated tourism and leisure industry. At the 2024 IAG Academy IR Awards held earlier this year, Mr. Lui was named “Outstanding CEO” while the Galaxy Macau™ integrated resort received the “Best Integrated Resort” for the second time, along with other awards, making GEG the integrated and leisure enterprise in Macau that has received the most awards at the event. In 2025, the Capella at Galaxy Macau will open, becoming the ninth world-class hotel brand in Galaxy Macau, further enriching the high-end tourism and leisure experiences in the region. Moving forward, GEG will continue to uphold its service philosophy of “World Class, Asian Heart” and provide customers with extraordinary one-stop integrated resort experiences.
