Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

a. Unless otherwise provided in the GCL, the Articles of Incorporation, or any resolution providing for the issuance of preferred stock adopted by the Board of Directors pursuant to authority expressly vested in it by the provisions of the Articles of Incorporation, each shareholder of record, or such shareholder's duly authorized proxy, shall be entitled to one (1) vote for each share of voting stock standing registered in such shareholder's name at the close of business on the record date.

b. Except as otherwise provided in these Bylaws, all votes with respect to shares (including pledged shares) standing in the name of an individual at the close of business on the record date shall be cast only by that individual or such individual's duly authorized proxy. With respect to shares held by a representative of the estate of a deceased shareholder, or a guardian, conservator, custodian or trustee, even though the shares do not stand in the name of such holder, votes may be cast by such holder upon proof of such representative capacity. In the case of shares under the control of a receiver, the receiver may vote such shares even though the shares do not stand of record in the name of the receiver but only if and to the extent that the order of a court of competent jurisdiction which appoints the receiver contains the authority to vote such shares. If shares stand of record in the name of a minor, votes may be cast by the duly appointed guardian of the estate of such minor only if such guardian has provided the Corporation with written proof of such appointment.

c. With respect to shares standing of record in the name of another corporation, partnership, limited liability company or other legal entity on the record date, votes may be cast:

(i) in the case of a corporation, by such individual as the bylaws of such other corporation prescribe, by such individual as may be appointed by resolution of the board of directors of such other corporation or by such individual (including, without limitation, the officer making the authorization) authorized in writing to do so by the chairman of the board, if any, the chief executive officer, if any, the president or any vice president of such corporation; and (ii) in the case of a partnership, limited liability company or other legal entity, by an individual representing such shareholder upon presentation to the Corporation of satisfactory evidence of his or her authority to do so.

d. Notwithstanding anything to the contrary contained herein and except for the Corporation's shares held in a fiduciary capacity, the Corporation shall not vote, directly or indirectly, shares of its own stock owned or held by it, and such shares shall not be counted in determining the total number of outstanding shares entitled to vote.

e. Any holder of shares entitled to vote on any matter may cast a portion of the votes in favor of such matter and refrain from casting the remaining votes or cast the same against the proposal, except in the case of elections of directors. If such holder entitled to vote does vote any of such shareholder's shares affirmatively and fails to specify the number of affirmative votes, it will be conclusively presumed that the holder is casting affirmative votes with respect to all shares held.

f. With respect to shares standing of record in the name of two or more persons, whether fiduciaries, members of a partnership, joint tenants, tenants in common, spouses as community property, tenants by the entirety, voting trustees or otherwise and shares held by two or more persons (including proxy holders) having the same fiduciary relationship in respect to the same shares, votes may be cast in the following manner:

(i) If only one person votes, the vote of such person binds all.

(ii) If more than one person casts votes, the act of the majority so voting binds all.

(iii) If more than one person casts votes, but the vote is evenly split on a particular matter, the votes shall be deemed cast proportionately, as split.

g. If a quorum is present, unless the Articles of Incorporation, these Bylaws, the GCL, or other applicable law provide for a different proportion, action by the shareholders entitled to vote on a matter, other than the election of directors, is approved by and is the act of the shareholders if the number voting by classes or series is required for any action of the shareholders by the laws of the State of Delaware, the Articles of Incorporation or these Bylaws, in which case the number of votes cast in favor of the action by the voting power of each such class or series must exceed the number of votes cast in opposition to the action by the voting power of each such class or series.

h. If a quorum is present, directors shall be elected by a plurality of the votes.
cast.

2. **Proxies.** At any meeting of shareholders, any holder of shares entitled to vote may designate, in a manner permitted by the laws of the State of Delaware, another person or persons to act as a proxy or proxies. If a shareholder designates two or more persons to act as proxies, then a majority of those persons present at a meeting has and may exercise all of the powers conferred by the shareholder or, if only one is present, then that one has and may exercise all of the powers conferred by the shareholder, unless the shareholder's designation of proxy provides otherwise. Every proxy shall continue in full force and effect until its expiration or revocation in a manner permitted by the laws of the State of Delaware.

3. **Action Without A Meeting.** Unless otherwise provided in the Articles of Incorporation, any action required to be taken at any annual or special meeting of shareholders of the Corporation, or any action which may be taken at any annual or special meeting of such shareholders, may be taken without a meeting, without prior notice and without a vote, if a consent in writing, setting forth the action so taken, shall be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted. Prompt notice of the taking of the corporate action without a meeting by less than unanimous written consent shall be given to those shareholders who have not consented in writing.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

(a) DESIGNATION. The Preferred Stock subject hereof shall be designated Series C Preferred Stock (“Series C Preferred”). No other shares of Preferred Stock shall be designated as Series C Preferred stock.

(b) DIVIDENDS. The holders of the Series C Preferred Stock shall be entitled to receive non-cumulative dividends in preference to any dividend on the Common Stock at the rate of 6% per annum, payable on an annual basis, beginning as of the first anniversary of the original issue date.

(c) OPTIONAL CONVERSION. Holders of Preferred Stock may, at any time, convert their shares, in whole or in part, into shares of Common Stock (the “Conversion Shares”) at a conversion price (the “Initial Conversion Price”) equal to the lesser of (i) \$0.10 per share, or (ii) after 12 months from issuance, a price per share equal to forty percent of the volume weighted average closing price (the “VWAP”) of the Common Stock for the twenty(20) trading days prior to Conversion; or (iii) after 24 months from issuance, a price per share equal to twenty percent of the VWAP of the Common Stock for the twenty (20) trading days prior to Conversion. For example: if the stock price on the date of conversion is \$0.10, the Holder would be entitled to convert each share into ten shares of common stock ($\$1.00/0.10$). If the VWAP stock price after twelve months was \$0.10, the Holder would be entitled to convert each share into twenty-five shares of common stock ($\$1.00/(\$0.10 \times 40\%)$). If the stock price after twenty-four months was \$0.10, the Holder would be entitled to convert each share into fifty shares of common stock ($\$1.00/(\$0.10 \times 20\%)$). All certificates issued upon conversion shall contain a legend pursuant to rule 144 imposing restrictions on the sale of such shares.

(d) MANDATORY CONVERSION. Holders of Preferred Stock will be obligated to convert their Preferred Stock shares into Conversion Shares at the then-applicable Conversion Price on the date (the “Mandatory Conversion Date”) that any of the following events have occurred (i) there is an effective registration statement covering the resale of the Conversion Shares and the average closing price of the Common Stock on the applicable trading markets at least \$2.00 with the average daily trading volume of the Common Stock for the same period is at least 200,000 shares or (ii) thirty months have transpired from date of issuance. All certificates issued upon conversion shall contain a legend pursuant to rule 144 imposing restrictions on the sale of such shares.

(e) ADJUSTMENTS FOR RECLASSIFICATION AND REORGANIZATION. If the common stock issuable upon conversion of the Series C Preferred shall be changed into the same or different number of shares of any other class or classes of stock, whether by capital reorganization, reclassification or otherwise, the conversion rate shall, concurrently with the effective date of such reorganization or reclassification, be proportionately adjusted so that the Series C Preferred shall be convertible into, in lieu of the number of shares of common stock which the holders would otherwise have been entitled to receive, a number of shares of such other class or classes of stock equivalent to the number of shares of common stock that would have been subject to receipt by the holders upon conversion of the Series C Preferred immediately before that change.

(f) REORGANIZATIONS, MERGERS, CONSOLIDATIONS OR SALES OF ASSETS. If at any time or from time to time after the date of this Certificate, there is a capital reorganization of the common stock (reverse split, forward split, etc.), as a part of such capital reorganization, provision shall be made so that the holders of the Series C Preferred shall thereafter be entitled to receive upon conversion of the Series C Preferred the same number of shares of common stock to which that holder would have been entitled prior to such capital reorganization. In essence, the number of Series C Preferred Stock authorized, issued and outstanding, and the number of shares of common stock into which such Series C Preferred is convertible based on using the \$0.10 conversion price, shall not be affected by any such capital reorganization. For example, the \$0.10

conversion price would remain \$0.10 regardless of a reverse split of the common stock. If a recapitalization causes the VWAP to exceed the \$0.10 conversion price, the Series C Preferred would be convertible into the lesser of the discounted VWAP (40% or 20%) or \$0.10.

(g) NO IMPAIRMENT. The Corporation will not, by amendment of its Certificate of Incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms to be observed or performed hereunder by the Corporation, but will at all times in good faith assist in the carrying out all the provisions of this Certificate and in the taking of all such action as may be necessary or appropriate in order to protect the conversion rights of the holders of the Series C Preferred against impairment.

(h) RESERVATION OF STOCK ISSUABLE UPON CONVERSION. The Corporation shall at all times reserve and keep available out of its authorized but unissued shares of common stock, solely for the purpose of effecting the conversion of the shares of the Series C Preferred, such number of its shares of common stock as shall from time to time be sufficient to effect the conversion of all outstanding shares of the Series C Preferred; and if at any time the number of authorized but unissued shares of common stock shall not be sufficient to effect the conversion of all then outstanding shares of the Series C Preferred, the Corporation will take such corporate action as may, in the opinion of its counsel, be necessary to increase its authorized but unissued shares of common stock to such number of shares as shall be sufficient for such purpose, including, without limitation, engaging in best efforts to obtain the requisite stockholder approval of any necessary amendment to this Certificate.

(i) LIQUIDATION RIGHTS. In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Corporation, the holders of the Series C Preferred shall be entitled to receive preference upon liquidation in preference to the holders of common shares or any other class or series of preferred stock. Rather, the Series C Preferred shall automatically be converted into common stock at the conversion rate hereinabove stated.

(j) INVOLUNTARY LIQUIDATION. In the event of involuntary liquidation, the shares of this series shall be entitled to the same amounts as in the event of voluntary liquidation.

(k) VOTING. As long as at least 500,000 shares of the Company's Series C Shares remain outstanding, the separate consent of the holders of at least 51% of the outstanding Series C Shares shall be required for any action which (i) alters or changes the rights, preferences or privileges of the Series C Shares, or (ii) increases or decreases the authorized number of Series C Shares. On all other matters, the Series C Shares shall vote with the common stock. Each share of Series C Preferred Stock shall carry with it one vote in all matters to be placed before the Company's shareholders.

(l) STATED VALUE. The shares of Series C Preferred shall have a stated value of \$0.0001 per share.

(m) OTHER PREFERENCES. The shares of the Series C Preferred shall have no other preferences, rights, restrictions, or qualifications, except as otherwise provided by law or the certificate of incorporation of the Corporation.

3. Describe any other material rights of common or preferred stockholders.

N/A

4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

As a result of a Share Exchange Agreement dated May 21, 2021, the issuer combined with Hempacco Co., Inc. which became a wholly owned subsidiary.

Hempacco, the main business unit, manufactures hemp smokables for other hemp/cbd related businesses (white labeling) as well as promoting its own brand – "The Real Stuff".

Through its sub-subsidiary Hempbox Vending, Inc. the issuer sells and leases state of the art vending kiosks for the distribution of cbd and hemp products. Hempbox vending owns approximately 585 kiosks as of December 31, 2022.

On January 3, 2022, Green Globe International, Inc. ("GGII") formed a new entity, Green Star Labs, Inc. ("GSL") for the purposes of commencing a new nutraceutical manufacturing business. With a 50% ownership of this operation Green Globe will be producing its own brand of nutraceuticals and cosmetic products and will also have the space to expand the manufacturing operations of Hempacco.

On December 31, 2023, the issuer sold its 50% interest in Green Star Labs, Inc. to its subsidiary Hempacco Co., Inc. which already owned 50% of GSL. As GGII currently fully consolidates the results of Hempacco into its financial statements, the only change for the issuer is that there is no longer a third-party minority interest in GSL.

As a result of legislation in California which bans the sale of hemp smokable products in the State, Hempacco is focused on building its nutraceutical and OTC medications business in the Green Star Labs, Inc. unit.

Nutraceutical Industry in the USA

The nutraceutical industry in the USA has experienced significant growth over the past decade, driven by increasing consumer awareness of health and wellness. As of 2023, the U.S. nutraceutical market was valued at approximately \$159.99 billion and is projected to reach around \$260.70 billion by 2033, growing at a compound annual growth rate (CAGR) of 5%. This growth is fueled by a rising geriatric population, increasing healthcare costs, and a shift towards preventive healthcare measures. Technological advancements, including the use of artificial intelligence for personalized nutrition solutions, are expected to further drive market growth. The COVID-19 pandemic has also played a pivotal role in boosting the demand for immunity-boosting supplements and functional foods, leading to a significant change in consumer buying patterns. The outlook for the nutraceutical industry remains positive, with continued innovation and a growing focus on health-promoting diets expected to sustain market expansion.

OTC Pharmaceutical Industry in the USA

The over-the-counter (OTC) pharmaceutical industry in the USA is a robust and growing sector. In 2023, the market size was estimated at \$23.03 billion and is anticipated to reach approximately \$41.72 billion by 2033, with a CAGR of 6.42% from 2024 to 2033. The largest segment within this market is cold and cough remedies, which are expected to generate significant revenue. The shift from prescription (Rx) to OTC drugs, driven by pharmaceutical companies' strategies to mitigate revenue losses from patent expirations, is a key factor contributing to this growth. The increasing trend of self-medication and the convenience of purchasing OTC medications without a prescription are also driving market expansion. However, challenges such as concerns over substance abuse and incorrect self-diagnosis may impede growth. Despite these challenges, the outlook for the OTC pharmaceutical industry in the USA remains positive, with steady growth expected over the next decade.

OTC Pharmaceutical Industry in Mexico

The OTC pharmaceutical market in Mexico is also experiencing notable growth. In 2024, the market is projected to generate revenue of approximately \$2.13 billion, with an annual growth rate of 3.65% from 2024 to 2029⁶. The cold and cough remedies segment dominates the market, reflecting consumer preferences for easily accessible and affordable healthcare solutions. The convenience of purchasing OTC medications without a prescription and the rising demand for herbal and natural health supplements are key drivers of this market. Overall, the OTC pharmaceutical industry in Mexico is poised for steady growth, supported by increasing consumer awareness and the convenience of OTC products.

Through its subsidiary, Hempacco, the company leases approximately 5,000 sf of office, storage and industrial manufacturing space in San Diego, California. The "Right of Use" asset value has been calculated at \$642,752. The 72-month lease expires on December 31, 2026, and the initial rental rate was \$10,000 per calendar month with annual cpi increases scheduled.

The total lease expense, on the straight-line basis of \$10,780 per month was \$32,340 for the three months ended March 31, 2024.

NOTE 1 - ORGANIZATION, BUSINESS AND LIQUIDITY

Organization and Operations

Green Globe International, Inc. (the "Company" or "GGII") was formed on November 12, 1999, as a Delaware Corporation.

Hempacco Co., Inc. ("Hempacco") was formed on April 1, 2019, as a Nevada Corporation.

Green Star Labs, Inc. ("Green Star") was formed on January 10, 2022, as a Delaware Corporation.

On April 23, 2021, Hempacco filed a second amendment to its Articles of Incorporation changing its name from The Hempacco Co., Inc. to Hempacco Co., Inc.

Hempacco merged with GGII on May 21, 2021.

An acquisition in which the entity that issues the securities (the legal acquirer) is identified as the acquiree for accounting purposes based on the guidance in ASC 805 paragraph 10-55-11 through 55-15. The entity whose equity interests are acquired (the legal acquiree) must be the acquirer for accounting purposes for the transaction to be considered a reverse acquisition.

On May 21, 2021 (the "Effective Date"), GGII (the Legal Acquirer) completed a share exchange agreement with Hempacco Co. (the Legal Acquiree) which resulted in Hempacco Co. becoming a wholly owned subsidiary of GGII with 100% of Hempacco's shares being owned by GGII.

On July 10, 2023, Hempacco acquired a 50% equity method investment in Green Star Labs, Inc.

In accordance with GAAP rule 810, business combinations, the operations of GGII and Hempacco have been consolidated with effect from July 1, 2023, being the beginning of the first accounting quarter that both entities were considered to be under common control.

Hempacco manufactures and distributes hemp smokables both under its own name and white label products for clients. Hempacco also owns high-tech CBD vending kiosks that it plans to place in retail venues throughout the US, in conjunction with a number of joint venture partners.

Green Star Labs, Inc. manufactures nutraceuticals and cosmetics under its own name brands and also as white label products for clients.

These financial statements are those of Green Globe International, Inc and its wholly owned and/or controlled subsidiaries.

On October 6, 2021, the California Assembly Bill Number 45 ("AB 45") was passed into law. Despite the fact that industrial hemp is federally legal and not a controlled substance, this bill prohibits the sale of "inhalable" hemp products in California. However, the manufacture of inhalable hemp products for the sole purpose of sale in other states is not prohibited. This ban on any kind of smokable flower will remain in force until such time as the California Legislature enact a bill to tax the product. It is also legal to manufacture Delta-8 products containing less than 0.3% THC for sale in another state.

During the year ended December 31, 2023, the Company and Hempacco entered into the following Joint Ventures and other significant agreements:

Effective January 1, 2023, HempBox Vending, Inc. ("HVI") a wholly owned subsidiary of Hempacco entered into a joint venture operating agreement (the "Operating Agreement") with Weedsies Mobile, LLC ("Weedsies"), a Florida limited liability company, to operate a joint venture entity (the "Joint Venture") in Florida by the name of Weedsies Vending, LLC. The Joint Venture was created to market the hemp related products of Weedsies using automated kiosks provided by HVI. Pursuant to the Operating Agreement, the Joint Venture will be owned 50% each by HVI and Weedsies with both entities required to fund \$1,000 to the Joint Venture. HVI will be responsible for provision of the self-service vending kiosks and will be responsible for technology and marketing support as well as accounting, financial services, and tax preparation for the Joint Venture.

Weedsies will be responsible for installations, repair, customer service, marketing support, billing, and reconciliations to the Joint Venture.

Effective January 24, 2023, Hempacco entered into a joint venture operating agreement (the “Operating Agreement”) with Alfalfa Holdings, LLC (“Alfalfa”), a California limited liability company, to operate a joint venture entity (the “Joint Venture”) in California by the name of HPDG, LLC. The Joint Venture was created to market and sell hemp smokables products. Pursuant to the Operating Agreement, the Joint Venture will be owned 50% each by Hempacco and Alfalfa. Hempacco is required to fund \$10,000 to the Joint Venture, manufacture product, and provide accounting, inventory management, staff training, and trade show and marketing services. Alfalfa is required to provide online marketing and promotion, design and branding, and brand management and development services as well as arranging appearances by Snoop Dogg at Joint Venture events. The appearances by Snoop Dog are subject to professional availability and a separate Talent License and Services Agreement between the Joint Venture and Alfalfa as described below (the “Services Agreement”).

In connection with the Operating Agreement, effective January 24, 2023, HPDG, LLC entered into the Services Agreement with Spanky’s Clothing, Inc., and Calvin Broadus, Jr. p/k/a “Snoop Dogg” (collectively “Talent”), pursuant to which Talent will endorse the HDPG, LLC’s smokable hemp products and serve as a spokesperson for the products in the United States. HDPG, LLC shall (i) pay Talent’s legal expenses of \$7,500 in connection with entering into the Operating Agreement and Services Agreement; (ii) cause Hempacco to issue to Talent a fully vested warrant to acquire 450,000 shares of Company common stock at a strike price of \$1.00 per share (the “Talent Warrants”); (iii) cause Hempacco to issue to Talent’s designee a fully vested warrant to acquire 50,000 shares of Hempacco’s common stock at a strike price of \$1.00 per share (the “Talent Designee Warrants”); and (iv) pay Talent royalties of 10% of HDPG, LLC’s gross revenue, with minimum annual royalty payments of \$450,000 by the end of the first two years of the initial term of the Services Agreement, an additional \$600,000 by the end of the third year of the initial term, and an additional \$1,200,000 by the end of the fourth year of the initial term. On or about January 30, 2023, Hempacco issued the Talent Warrants and Talent Designee Warrants as required by the Services Agreement (See Note9).

On February 8, 2023, Hempacco signed, as guarantor, a lease agreement between US Tobacco de Mexico S.A. de C.V. (“US Tobacco de Mexico,” a related party), which is 100% owned by UST Mexico, Inc. (“UST Mexico,” a related party), and Grupo Fimher, S. de R.I. de C.V. (“Fimher”) for the lease of 43,000 sf of manufacturing space located in Tijuana, Mexico. The term of the lease is three years, commencing on June 1, 2023. The first year’s rent payment is \$18,622 per month, with 3.5% inflation increases on the first and second anniversaries of the lease. The estimated total contingent liability at lease inception will be \$694,159. Hempacco Co., Inc. and Hempacco Paper Co., Inc. are sub-tenants of US Tobacco de Mexico and will manufacture products at this facility. A liability for the guarantee has not been recorded as of June 30, 2023, as the amount is not probable.

On February 8, 2023, Hempacco’s subsidiary, Hempacco Paper Co., Inc., leased the above-referenced space for an initial period of one year for a monthly rental of \$2,500. Hempacco Paper will use this facility for the manufacture of all its paper products.

Effective February 1, 2023, Hempacco, through its representative in Warsaw, Poland, filed the equivalent of Articles of Incorporation with the court to create Hempacco Europe Sp.z.o.o. (an LLC equivalent), the corporate entity through which Hempacco will distribute its smokable products throughout the EU. Ownership of the entity rests 99% with Hempacco, and 1% with Jakub Duda, an individual.

On February 9, 2023, Hempacco entered into an underwriting agreement (the “Underwriting Agreement”) with Boustead Securities, LLC, and EF Hutton, a division of Benchmark Investments, LLC, as representatives (the “Representatives”) of the underwriters (the “Underwriters”) in connection with the public offering of additional shares of common stock of Hempacco. The Underwriting Agreement provides for the offer and sale of 4,200,000 shares of Hempacco’s common stock, par value \$0.001 (the “Common Stock”) at a price to the public of \$1.50 per share (the “Offering”). In connection therewith, Hempacco agreed to issue to the Representatives and/or their designees 338,100 warrants to purchase shares of Common Stock, exercisable from February 14, 2023, through February 10, 2028, at \$1.50 per share subject to adjustment as provided therein (the “Representatives’ Warrants”, see Note 9). Hempacco also granted the Underwriters an option (the “Option”) for a period of 45 days to purchase up to an additional 630,000 shares of Common Stock. The Offering is being made pursuant to a Registration Statement on Form S-1 (File No. 333-269566) (the “Registration Statement”), which was declared effective by the Securities and Exchange Commission on February 9, 2023.

On February 11, 2023, the Underwriters exercised the Option in full, and on February 14, 2023, the Offering was completed. At the closing of the Offering, Hempacco (i) sold an aggregate of 4,830,000 shares of Common Stock for total gross proceeds of \$7,245,000, and (ii) issued the Representatives' Warrants as directed by the Representatives. After deducting underwriter commissions and Offering expenses, Hempacco received net proceeds of \$6,610,400. The Underwriting Agreement includes customary representations, warranties, and covenants by Hempacco. It also provides that Hempacco will indemnify the Underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the "Securities Act"), or contribute to payments the Underwriter may be required to make because of these liabilities.

On April 6, 2023, Hempacco Co. received a letter notification from the Nasdaq Capital Market ("Nasdaq") advising of its non-compliance with Nasdaq listing rules because Hempacco had failed to maintain its stock price at above \$1.00 for a period of 30-days. The Nasdaq rules provide for a period of 180 days in which Hempacco must restore compliance. This period expires on October 3, 2023.

On April 20, 2023, Hempacco received a further letter notification from Nasdaq advising of its non-compliance with Nasdaq listing rules because Hempacco had failed to file its Annual Report on Form 10-K with the Securities and Exchange Commission by the required due date. The deficiency was cured by Hempacco by the filing of their annual report on Form 10-K on May 15, 2023.

On May 23, 2023, Hempacco received a letter notification from Nasdaq advising of its non-compliance with Nasdaq listing rules because Hempacco had failed to file its Quarterly Report on Form 10-Q with the Securities and Exchange Commission by the required due date. Nasdaq requires Hempacco to submit a detailed plan of action explaining how Hempacco will remedy this situation and restore compliance. The report must be submitted within 60 days, which is July 24, 2023. The deficiency was cured by the filing of the Form 10-Q quarterly report on July 5, 2023.

On June 1, 2023, Hempacco Co. formed a new Nevada corporation, RD-HPCO, Inc. as the joint venture entity between the Hempacco and Nasir Ghesani, a New York distribution company doing business as "Reliable Distributor", for the purpose of entering new master distributor agreements whereby all Hempacco smokable products would be placed in New York area convenience stores. On May 7, 2023, Hempacco entered into a joint venture with Nasir Ghesani with each party owning 50% of the business. Any working capital needs would be provided by Hempacco.

On July 10, 2023, Hempacco Co. signed a Purchase Agreement and an accompanying Assignment Agreement with Viva Veritas LLC ("Veritas") (successor to Curated Nutra) whereby Veritas agreed to assign its 50% interest in Green Star Labs, Inc. ("GSL") to Hempacco together with additional equipment lines related to bottling and gummy production.

The total purchase price to be paid by Hempacco was \$3,500,000. The preliminary purchase price was allocated as to \$1,776,000 for the interest in Green Star Labs, and \$1,724,000 for the equipment. \$3,200,000 of the \$3,500,000 total purchase price was paid by Hempacco's issuance of a convertible promissory note to the seller, which became effective on July 10, 2023. The balance of \$300,000 was paid in cash.

The promissory note carries a 10% interest rate and matures twelve months from the issue date. The holder has the right, after 6-months after the issue date, to convert all or part of the then outstanding principal balance of the note into common stock of the issuer, provided, however, that the holder may not convert the note into Hempacco common stock to the extent that such conversion would result in the holder's beneficial ownership of Hempacco's common stock being in excess of 4.99% of Hempacco's issued and outstanding common stock. Additionally, the note contains a maximum issuance limitation such that the note will no longer be convertible after the Company has issued an aggregate of 5,572,000 shares upon conversion of the Note.

On July 9, 2023, the Company entered into a Joint Venture with Vortex WBP, the entity will be named Fairy Dust, Inc., a Nevada corporation. The new entity will manufacture and market patented Hemp powder-based products in the United States, Canada and Mexico (Territory). The mutual partners will also get exclusivity in manufacturing and marketing Hemp Powder in the stipulated territories.

On November 6, 2023, Hempacco signed two agreements with Aspire North America, LLC, (“Aspire”) as follows:

- a) Manufacturing & Supply Agreement (“MSA”)
- b) Exclusive Distribution Agreement (“EDA”)

Aspire is a leading Los Angeles based, developer, manufacturer and marketer of cannabis vaporizer hardware.

The MSA provides for Hempacco Co., as a client of Aspire, to manufacture at Client’s Facility finished consumer vaporization goods using the products, filling Machines, their respective patents and other IP Rights embodied therein, and to fill with Client’s Finished Oils (collectively, “Finished Goods”); and (b) sell and distribute the Client Products as part of Client’s Finished Goods throughout the Territory (collectively, "Limited Distribution License").

On September 5, 2023, the Company entered into an agreement with Sound Capital/Richard Chancis for the provision of investor awareness and public relations services. Compensation will be comprised of:

- i) A monthly cash payment of \$7,500, and
- ii) The transfer of 500,000 shares of Hempacco common stock currently owned by the Company, transferred in quarterly installments.

The term of the agreement will be for a period of twelve months, subject to termination by either party with thirty days’ written notice.

On December 31, 2023, Hempacco acquired the company’s 50% interest in Green Star Labs for \$2,500,000. Hempacco issued a promissory note in the amount of \$2,500,000 to the company. As of December 31, 2023, the debt was partially settled by the offsetting of accounts receivable by Hempacco from GGII in the amount of \$1,813,802. This transaction resulted in the 100% ownership of Green Star Labs by Hempacco. As long as GGII retains controlling interest in Hempacco, the activities will be fully consolidated into the financial statements of the company.

Going Concern Matters

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles in the United States (“GAAP”), which contemplates the Company’s continuation as a going concern. The Company incurred a net loss of \$3,530,999 and \$832,270 during the period ended March 31, 2024, and 2023 respectively, and has an accumulated deficit of \$39,316,707 as of March 31, 2024. In addition, the Company has a \$6,747,378 “Right of Use Asset” liability which is offset by a Right of Use Asset in the Other Assets section of the Balance Sheet.

Management intends to raise additional operating funds through equity and/or debt offerings. However, there can be no assurance management will be successful in its endeavors. Due to uncertainties related to these matters, there exists a substantial doubt about the ability of the Company to continue as a going concern. The accompanying financial statements do not include any adjustments related to the recoverability or classification of asset-carrying amounts or the amounts and classification of liabilities that may result should the Company be unable to continue as a going concern. If we are not able to successfully execute our future operating plans, our financial condition and results of operation may be materially adversely affected, and we may not be able to continue as a going concern.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying unaudited Condensed Financial Statements and related notes have been prepared in accordance with U.S. generally accepted accounting principles (“U.S. GAAP”) for interim financial information and pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”). The unaudited Condensed Consolidated Financial Statements reflect all normal recurring adjustments which, in management’s opinion, are necessary for a fair statement of the Company’s financial position, results of operations and stockholders’ equity and cash flow for interim periods.

In order to comply with accounting standard ASC 805-50-05-5 which describes a merger or acquisition of companies under common control, thereby causing a change in the reporting entity, and considering that GGII had control of GSL with effect from January 1, 2022, the Company has retrospectively revised all comparative periods presented in these financial statements to reflect ownership of GSL by Hempacco for the whole of the 2022 fiscal year.

Principles of Consolidation

The financial statements include the accounts of the Company and all of its wholly owned subsidiaries. All significant inter-company balances and transactions have been eliminated in consolidation.

Joint Venture entities where the Company owns at least 51% voting control and controls the accounting, administration and financing of the entities will be accounted for under ASC 810-10 which will allow full consolidation of the assets and liabilities into the Company's balance sheet, with non-controlling interests being calculated and disclosed in the balance sheet and operating statement of the Company. Joint Venture entities where the Company owns less than 51% are evaluated for treatment as variable interest entities. The Company may provide accounting and administration for these entities, may have board of director control, and may provide the majority of funding for these entities. Any entities not falling within this criterion will be accounted for under ASC 323-30.

These condensed consolidated interim financial statements include the operating results and the assets of four joint venture entities that have been deemed variable interest entities for the period ended December 31, 2023. The non-controlling interests of these ventures have been disclosed on the consolidated balance sheet and income statement.

Equity Method Investments in Unconsolidated Affiliates

We apply the equity method of accounting for investments when we have significant influence, but not controlling interest in the investee. Judgment regarding the level of influence over each equity method investment includes key factors such as ownership interest, representation on the board of directors, participation in policy-making decisions, operational decision-making authority, and material intercompany transactions. Under this method of accounting, our proportionate share of the net income (loss) resulting from these investments is reported in "Other income and expenses" in the consolidated statements of operations since the activities of the investees are closely aligned with, and a critical part of, our operations. The carrying value of our equity method investments is reported as "Equity investment in related party" in our consolidated balance sheets.

For all equity method investments, we record our share of an investee's income or loss on a one quarter lag. We evaluate material events occurring during the quarter lag to determine whether the effects of such events should be disclosed in our financial statements. We classify distributions received from equity method investments using the cumulative earnings approach on our consolidated statements of cash flows. A change in our proportionate share of an investee's equity resulting from issuance of common shares or in-substance common shares by the investee to third parties is recorded as a gain or loss in our consolidated statements of operations in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 323, "Investments-Equity Method and Joint Ventures" (Subtopic 10-40-1).

We assess investments for impairment whenever events or changes in circumstances indicate that the carrying value of an investment may not be recoverable. If the decline in value is considered to be other than temporary, the investment is written down to its estimated fair value, which establishes a new cost basis in the investment. We did not record any such impairment charges for any periods presented.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of expenses during the reporting period. Some of these judgments can be subjective and complex, and, consequently, actual results may differ from these estimates.

Concentration of Credit Risk

Financial instruments, which potentially subject us to concentrations of credit risk, consist principally of cash. Our cash balances are maintained in accounts held by major banks and financial institutions located in the United States. The Company occasionally maintains amounts on deposit with a financial institution that are in excess of the federally insured limit of \$250,000. The risk is managed by maintaining all deposits in high quality financial institutions.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash and highly liquid investments with remaining maturities of less than ninety days at the date of purchase. We have not experienced any losses related to these balances, and we believe the credit risk to be minimal. The Company does not have any cash equivalents.

Inventory

Inventory is stated at the lower of cost and net realizable value on a first-in, first-out basis. Net realizable value is the estimated selling price in the ordinary course of business less any applicable selling expenses. Cost includes all expenses directly attributable to the manufacturing process as well as suitable portions of related production overheads, based on normal operating capacity. The Company periodically reviews the value of items in inventory and provides write-downs or write-offs of inventory based on its assessment of market conditions, including forecasted demand compared to quantities on hand, as well as other factors such as potential excess or aged inventories based on product shelf life, and other factors that affect inventory obsolescence.

Basic and Diluted Net Loss per Common Share

Pursuant to ASC 260, “Earnings Per Share,” basic net income and net loss per share are computed by dividing the net income and net loss by the weighted average number of common shares outstanding. Diluted net income and net loss per share is the same as basic net income and net loss per share when their inclusion would have an anti-dilutive effect due to our continuing net losses.

For the year ended December 30, 2023, and 2022, the following outstanding dilutive securities were excluded from the computation of diluted net loss per share as the result of the computation was anti-dilutive.

	March 31 2024 (GGII Shares)	December 31 2023 (GGII Shares)
Warrants for GGII shares	1,135,823,597	1,135,823,597
Promissory notes convertible to shares	\$ 142,467	\$ 142,467

Fair Value of Financial Instruments

FASB ASC 820, *Fair Value Measurements and Disclosures* (“ASC 820”) establishes a framework for all fair value measurements and expands disclosures related to fair value measurement and developments. ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

ASC 820 requires that assets and liabilities measured at fair value are classified and disclosed in one of the following three categories:

- Level 1—Quoted market prices for identical assets or liabilities in active markets or observable inputs.
- Level 2—Significant other observable inputs that can be corroborated by observable market data; and
- Level 3—Significant unobservable inputs that cannot be corroborated by observable market data.

Share-Based Compensation

The Company accounts for share-based compensation in accordance with ASC 718, “Compensation – Stock Compensation,” which requires all such compensation to employees and non-employees, including the grant of employee stock options, to be calculated based on its fair value at the measurement date (generally the grant date), and recognized in the statement of operations over the requisite service period or as vesting occurs.

Revenue Recognition

The Company recognizes revenue in accordance with ASC 606, Revenue from Contracts with Customers. The Company generally earns its revenue by supplying goods or providing services under contracts with its customers in two primary revenue streams: manufacturing and commercial product supply and white label development services. The Company measures the revenue from customers based on the consideration specified in its contracts, or the value of the amount invoiced should the initial order be a basic purchase order or emailed order.

The Company recognizes revenue from customers when control of the goods or services are transferred to the customer, generally when products are shipped, at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods.

Per Company policy, any product that doesn’t meet the customer’s expectations can be returned within the first 30 days of delivery in exchange for another product or for a full refund. Any product sold through a distributor or retailer must be returned to the original purchase location for any return or exchange. For the period ended March 31, 2024, and 2023, the Company has not recorded any reserves on revenue.

The majority of the Company’s revenue is derived from sales of branded products to consumers via our direct-to- consumer (DTC) ecommerce website, distributors, and retail and wholesale “white label” business-to-business (B2B) customers.

For larger orders, the Company requires the customer to make a deposit equal to 50% of the invoice or order total which is recorded as customer prepaid invoices and deferred revenue on the balance sheet. When the product is shipped the customer deposit is recorded into revenue. The Company recorded \$201,276 and \$1,749,361 in customer pre- paid invoices and deposits for goods ordered but not delivered, as of March 31, 2024, and December 31, 2023, respectively.

In 2019, Hempacco entered into an arrangement with a customer whereby the Hempacco was provided with product from the customer for Hempacco’s and the customer’s use. Under the arrangement, 50% of the product provided by the customer was to compensate Hempacco for their services for processing and packaging the customers remaining 50% share.

The transaction was recorded at the fair market value of the inventory received, which was similar to the cost of the services to which were to be provided with an increase of \$623,375 to inventory and customer deposits. As of March 31, 2024, and March 31, 2023, the customer deposit liability of \$623,375 remained. The Company will defer revenue on customer deposits and record as revenue once the product is delivered.

Non-Controlling Interests

The Company accounts for the non-controlling interests in its subsidiaries and joint ventures in accordance with U.S. GAAP/ASC 805-20. The Company has chosen to record the Minority interests (NCI’s) in the equity section of the balance sheet, and on the income statement, the profit or loss attributable to the minority interest will be reported as a separate non-operating line item.

The Company measures its NCI's using the percentage of ownership interest held by the respective NCI's during the accounting period in accordance with ASC 805-20. For the period ended March 31, 2024, and the period ended December 31, 2023, the Company reported minority interest in its accumulated losses and prior year end net assets of \$(5,719,579) and \$(6,143,343) respectively.

Recent Accounting Pronouncements

In August 2020, the FASB issued ASU 2020-06, ASC Subtopic 470-20 "Debt—Debt with "Conversion and Other Options" and ASC subtopic 815-40 "Hedging—Contracts in Entity's Own Equity". The standard reduced the number of accounting models for convertible debt instruments and convertible preferred stock. Convertible instruments that continue to be subject to separation models are (1) those with embedded conversion features that are not clearly and closely related to the host contract, that meet the definition of a derivative, and that do not qualify for a scope exception from derivative accounting; and (2) convertible debt instruments issued with substantial premiums for which the premiums are recorded as paid-in capital. The amendments in this update are effective for fiscal years beginning after December 15, 2021, including interim periods within those fiscal years. Early adoption is permitted, but no earlier than fiscal years beginning after December 15, 2020, including interim periods within those fiscal years. The Company adopted this standard effective January 1, 2021.

The Company has reviewed all other recently issued, but not yet effective, accounting pronouncements and does not believe the future adoption of any such pronouncements may be expected to have a material impact on our financial statements.

NOTE 3 – ACCOUNTS RECEIVABLE

NOTE 6 – OPERATING LEASES – RIGHT OF USE ASSETS

The Company entered into a 24-month lease in respect of approximately 457 square feet of office space on September 1, 2021, for a period of 2 years, in Scottsdale, Arizona. A security deposit of \$800 was paid, and the lease contains an option to extend for two further 24-month periods. Base monthly rent (inclusive of two parking spaces) commences at \$850 per month (plus AZ rent taxes) with subsequent defined annual increases. The lease is full-service gross with the exception of internet services which are borne by the lessee. At inception of the lease, the Company recorded a right of use asset and liability in the amount of \$16,567. The Company used an effective borrowing rate of 9.32% within the calculation. On August 9, 2023, the Company signed a 12-month extension to the lease and gave up one parking space. The new rent is \$825.00 plus local taxes, effective September 1, 2023.

Hempacco entered into a 72-month lease to lease approximately 6,300 square feet of manufacturing, storage, and office space on January 1, 2020, for a period of 6 years with Primus Logistics, Inc. (“Primus”), a related party that is controlled by Hempacco’s CEO. Approximately 1,800 square feet (28.5%) is used as a manufacturing facility with the balance used as corporate offices and storage. There was no security deposit paid, and the lease carries no optional extension periods. The term of the lease is for six years. At inception of the lease, recorded a right of use asset and liability. Hempacco used an effective borrowing rate of 6.23% within the Hempacco calculation.

In addition to the rental of manufacturing space, Hempacco transacts routine storage business with Primus. The primary business of Primus is the provision of cold storage facilities used for perishable raw materials and finished products from pharmaceutical manufacturing companies. Hempacco stores its raw hemp smokable material with Primus.

Base monthly rent commenced at \$10,000 per month, with subsequent defined annual increases. All operating expenses are borne by the lessee. Amounts payable to the related party for rent as of March 31, 2024, and December 31, 2023, were \$0 and \$0 respectively. On March 31, 2024, and December 31, 2023, the amounts of \$0 and \$0 respectively, of prepaid rent were included in the deposits and prepayments account.

Hempacco assumed a 63-month lease in respect of a 47,544-sf industrial building in San Diego, as part of the terms of the Green Star Labs, Inc. joint venture. See Note 1 above. Base rental is \$69,102 as of month 33, increasing by 3% on the anniversary date of the lease. The lease expires on July 31, 2024, and there is one 5-year option to extend for a further five years. Hempacco recorded a right of use asset and liability in the amount of \$5,449,811 representing the net present value of the remaining lease payments at an incremental borrowing cost (“IBR”) of 5.75%. Management is reasonably certain that the lease will be extended for a further five years.

Operating lease right-of-use (“ROU”) assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. ROU assets represent our right to use an underlying asset for the lease term and lease liabilities represent our obligation to make lease payments arising from the lease. Generally, the implicit rate of interest in arrangements is not readily determinable and the Company utilizes its incremental borrowing rate in determining the present value of lease payments. Hempacco’s incremental borrowing rate is a hypothetical rate based on its understanding of what its credit rating would be. The operating lease ROU asset includes any lease payments made and excludes lease incentives. Our variable lease payments primarily consist of maintenance and other operating expenses from our real estate leases. Variable lease payments are excluded from the ROU assets and lease liabilities and are recognized in the period in which the obligation for those payments is incurred. Our lease terms may include options to extend or terminate the lease when it is reasonably certain that we will exercise that option. Lease expense for minimum lease payments is recognized on a straight-line basis over the lease term.

Lease expense, on the straight-line basis was \$295,197 and \$264,762 during the three months ended March 31, 2024, and 2023.

NOTE 7 – OTHER SHORT-TERM LIABILITIES – EQUIPMENT LOANS

On December 11, 2019, Hempacco entered into a loan for \$1,500,000 within an initial maturity of 18 months to fund the purchase of equipment to use in its production. The loan did not have a stated interest rate, and, therefore, the Company calculated an imputed discount of \$109,627, which was amortized over 18 months. As of December 31, 2022, the discount had been completely amortized. The loan is secured by the production equipment.

On January 1, 2022, the Company acquired five operational vending kiosks located in Montreal, Canada. The agreed capital cost of approximately \$168,618 was represented by the outstanding loan balance of \$33,825 due to Ascentium Capital which was assumed by the Company plus \$9,793 in cash, plus the remaining balance which would be paid when the Company took possession of the assets. As of December 31, 2023, the five kiosks had not been received, and it was decided that the capitalized value of \$33,825 should be charged as an impairment expense.

The purpose is to facilitate short-term borrowing needs on an interest-free basis, with advances being subject to repayment within 90 days with a maximum of \$500,000 allowed to be outstanding within any 90-day period. Although GGII was a "shell company" at the time of the reverse merger in May 2021, the fact that Hempacco, an operating company with business assets and cash flow, had become its wholly owned subsidiary, did, in reality, make GGII also a fully operating company. GGII was maintained as a separate entity to be used as a holding company for potential acquisitions and new business lines.

In January 2022 GGII acquired a 50% interest in Green Star Labs, Inc. a nutraceutical manufacturing enterprise in San Diego, California. It took several months before the OTC would consider removing the “shell” status symbol from GGII’s pink open market dashboard page. Shell status was finally removed by the OTC in February 2022.

By the second half of 2021, GGII had developed relationships with lenders, and was able to negotiate a series of loans totaling \$914,500 using convertible promissory notes as security. Thus, GGII was able to provide short term operational funding to its wholly owned subsidiary, Hempacco Co., Inc.
