Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

Dividend Rights

Subject to preferences that may apply to shares of preferred stock outstanding at the time, the holders of outstanding shares of our Common Stock are entitled to receive dividends out of funds legally available at the times and in the amounts that our board of directors may determine.

Voting Rights

Each holder of our Common Stock is entitled to one vote for each share of our Common Stock held on all matters submitted to a vote of stockholders. Cumulative voting for the election of directors is not provided for in our articles of incorporation, as amended, which means that the holders of a majority of the voting shares voted can elect all of the directors then standing for election.

No Preemptive or Similar Rights

Holders of our Common Stock do not have preemptive rights, and our Common Stock is not convertible or redeemable.

Right to Receive Liquidation Distributions

Upon our dissolution, liquidation or winding-up, the assets legally available for distribution to our stockholders are distributable ratably among the holders of our Common Stock, subject to the preferential rights and payment of liquidation preferences, if any, on any outstanding shares of preferred stock.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

Preferred Stock

The Company has authorized 5,000,000 preferred shares with a par value of \$0.001 per share. Board of Directors are authorized to divide the authorized shares of Preferred Stock into one or more series, each of which shall be so designated as to distinguish the shares thereof from the shares of all other series and classes.

Series C Preferred Stock

The Company has designated 2,500,000 preferred shares of Convertible Preferred Series C Stock with a par value of \$0.001 per share.

As of September 30, 2024, the Company had 2,250,000 shares of Series C Preferred Stock issued and outstanding.

The 2,250,000 shares of Convertible Preferred Series C Stock outstanding have the rights, designations and preferences below:

- Holders of the Convertible Preferred Series C Stock, as a group, are entitled to receive dividends at a rate of five times the dividends, if any, issued to Common Share Holders, as a group;
- each one (1) share of Series C Preferred Stock is entitled to one thousand (1,000) votes on all matters submitted to a vote of our common stockholders:
- each one (1) share of Series C Preferred Stock shall be convertible into one hundred (100) shares of our common stock; and
- upon our Liquidation, dissolution or winding up the holders of the Convertible Preferred Series C Stock shall be entitled to receive \$.125 per share held;

There are no redemption or sinking funding provisions.

3. Describe any other material rights of common or preferred stockholders.

None

4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

<u>None</u>

3) Issuance History

The goal of this section is to provide disclosure with respect to each event that resulted in any changes to the total shares outstanding of any class of the issuer's securities in the past two completed fiscal years and any subsequent interim period.

TIDEROCK COMPANIES, INC.

Notes to Unaudited Condensed Consolidated Financial Statements September 30, 2024

Note 1 - Business

Tiderock Companies, Inc., ("TDRK", "we", "us", "our", the "Company") was incorporated in Nevada on June 20, 2000, as All Printer Supplies.com. On April 17, 2003, the Company changed its name to BV Pharmaceuticals, Inc. On March 29, 2006, the Company changed its name to Radial Energy, Inc. On May 14, 2014, the Company changed its name to iPure Labs, Inc. On September 16, 2021, the Company changed its name to Tiderock Companies, Inc.

Tiderock Companies provides strategic business consulting services, specializing in real estate development, start-ups and financially distressed businesses.

Note 2 - Going Concern

These unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles applicable to a going concern, which assumes that the Company will be able to meet its obligations and continue its operations for its next fiscal year. Realization values may be substantially different from carrying values as shown and these unaudited condensed consolidated financial statements do not give effect to adjustments that would be necessary to the carrying values and classification of assets and liabilities should the Company be unable to continue as a going concern. As of September 30, 2024 the Company had not yet achieved profitable operations, has accumulated losses of \$161,533 for the fiscal year to date and expects to incur further losses in the development of its business, all of which raise substantial doubt about the Company's ability to continue as a going concern is dependent upon its ability to generate future profitable operations and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management has no formal plan in place to address this concern but considers that the Company will be able to obtain additional funds by equity financing and/or related party advances, however there is no assurance of additional funding being available or on terms acceptable to the Company.

Note 3 - Summary of Significant Accounting Policies

Basis of Presentation of Interim Financial Statements

The accompanying unaudited interim consolidated financial statements as of and for the period ended September 30, 2024 have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP") for interim financial information and in accordance with the instructions to OTC Markets Pink Basic Disclosure Guidelines. Accordingly, they do not include all of the information and notes required by US GAAP for complete financial statements. In the opinion of management, all adjustments (consisting only of normal recurring accruals) considered necessary for a fair presentation have been included. All intercompany balances and transactions have been eliminated in consolidation. Operating results for the period ended September 30, 2024 are not necessarily indicative of the results that may be expected for any future periods.

Use of Estimates and Assumptions

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could materially differ from those estimates. It is reasonably possible that a change in the Company's estimates will occur in the near term and such change could be material as information becomes available. The Company's estimates include thoroughbreds reserve for potential impairment, and contingent liabilities.

Consolidation Policy

The consolidated financial statements of the Company include the accounts of the Company and its previously wholly owned subsidiary, Sora Ventures. All significant intercompany balances and transactions have been eliminated in consolidation.

Long-Lived Assets

Long-lived assets are evaluated for impairment whenever events or changes in business circumstances indicate that the carrying amount of the assets may not be fully recoverable or that the useful lives of these assets are no longer appropriate. Each impairment test is based on a comparison of the undiscounted future cash flows to the recorded value of the asset. If impairment is indicated, the asset is written down to its estimated fair value.

Stock-Based Compensation

ASC 718, "Compensation – Stock Compensation," prescribes accounting and reporting standards for all share-based payment transactions in which employee services are acquired. Transactions include incurring liabilities, or issuing or offering to issue shares, options, and other equity instruments such as employee stock ownership plans and stock appreciation rights. Share-based payments to employees, including grants of employee stock options, are recognized as compensation expense in the consolidated financial statements based on their fair values. That expense is recognized over the period during which an employee is required to provide services in exchange for the award, known as the requisite service period (usually the vesting period).

The Company accounts for stock-based compensation issued to non-employees and consultants in accordance with the provisions of ASC 505-50, "Equity – Based Payments to Non-Employees." Measurement of share-based payment transactions with non-employees is based on the fair value of whichever is more reliably measurable: (a) the goods or services received; or (b) the equity instruments issued. The fair value of the share-based payment transaction is determined at the earlier of performance commitment date or performance completion date.

Revenue Recognition

The Company recognizes revenue in accordance with ASC 606, Revenue from Contracts with Customers. The core principle of the new revenue standard is that a company should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. The following five steps are applied to achieve that core principle:

- Step 1: Identify the contract with the customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognize revenue when the company satisfies a performance obligation

The Company accounts for a contract after it has been approved by all parties to the arrangement, the rights of the parties are identified, payment terms are identified, the contract has commercial substance, and collectability of consideration is probable.

The Company evaluates the services promised in each contract at inception to determine whether the contract should be accounted for as having one or more performance obligations. The Company's services included in its contracts are distinct from one another.

The Company determines the transaction price for each contract based on the consideration it expects to receive for the distinct services being provided under the contract.

The Company recognizes revenue as performance obligations are satisfied and the customer obtains control of the services provided. In determining when performance obligations are satisfied, the Company considers factors such as contract terms, payment terms, and whether there is an alternative future use of the service.

The Company recognizes revenue from consulting services upon delivery of its testing results to the client.

Consulting engagements may vary in length and scope, but will generally include the review and/or preparation of regulatory filings, business plans, and financial models, operating plans, and technology support to customers within the same industry. Revenue from consulting services is recognized upon completion of deliverables as outlined in the consulting agreement.

Fair Value of Financial Instruments

The Company has adopted the guidance under ASC Topic 820 for financial instruments measured on fair value on a recurring basis. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability, in an orderly transaction between market participants on the

measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs.

Recent Accounting

Pronouncements Revenue from

Contracts with Customers

In September 2017, the FASB has issued Accounting Standards Update (ASU) No. 2017-13, "Revenue Recognition (Topic 605), Revenue from Contracts with Customers (Topic 606), Leases (Topic 840), and Leases (Topic 842): Amendments to SEC Paragraphs Pursuant to the Staff Announcement at the July 20, 2017 EITF Meeting and Rescission of Prior SEC Staff Announcements and Observer Comments." The amendments in ASU No. 2017-13 amends the early adoption date option for certain companies related to the adoption of ASU No. 2014-09 and ASU No. 2016-02. Both of the below entities may still adopt using the public company adoption guidance in the related ASUs, as amended. The effective date is the same as the effective date and transition requirements for the amendments for ASU 2014-09 and ASU 2016-02.

In May 2014, the FASB issued accounting standards updates which modifies the requirements for identifying, allocating, and recognizing revenue related to the achievement of performance conditions under contracts with customers. This update also requires additional disclosure related to the nature, amount, timing, and uncertainty of revenue that is recognized under contracts with customers. This guidance is effective for fiscal and interim periods beginning after December 15, 2017 and is required to be applied retrospectively to all revenue arrangements. The adoption of this guidance is not expected to have a significant impact on the Company's consolidated financial statements.

Other recent accounting pronouncements issued by the FASB (including its Emerging Issues Task Force), the AICPA and the SEC did not or are not believed by management to have a material impact on the Company's present or future consolidated financial statements.

Note 4 - Commitments and Contingencies

Dividend policy

The Company intends to distribute cash dividends to the shareholders from the proceeds of its real estate operations. However, our ability to pay dividends is subject to limitations imposed by Nevada law. Pursuant to Nevada Revised Statute 78.288, dividends may be paid to the extent that a corporation's assets exceed it liabilities and it is able to pay its debts as they become due in the usual course of business.

Note 5 - Equity
