

STATE of WISCONSIN

OFFICE of the GOVERNOR

Proclamation

WHEREAS; according to the Centers for Disease Control and Prevention, breast cancer is the second leading cause of cancer death among women in the United States, and metastatic breast cancer, or Stage 4 breast cancer, occurs when breast cancer spreads to other parts of the body, including the bones, lungs, liver, and brain; and

WHEREAS; breast cancer affects all races, socioeconomic classes, and genders, and the American Cancer Society estimates that more than 42,000 women and approximately 530 men will die from breast cancer in 2024; and

WHEREAS; through research and advocacy, advances have been made in the fight against breast cancer, and increased rates of early detection can be achieved through breast ultrasounds, magnetic resonance imaging, and genetic testing for hereditary breast cancer; and

WHEREAS; despite these advances, racial disparities in breast cancer persist, with Black women experiencing a disproportionately high rate of breast cancer mortality, underscoring the need for increased access to quality healthcare and breast cancer awareness in communities of color; and
