## **Denmark – Excalibur Projectiles**

WASHINGTON, August 20, 2024 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Denmark of Excalibur Projectiles and related elements of logistics and program support for an estimated cost of \$121 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Denmark has requested to buy three hundred thirty-nine (339) M982A1 Excalibur tactical projectiles. Also included are Portable Electronic Fire Control Systems (PEFCS); Improved Platform Integration Kits (iPIK); Simple Key Loaders (SKLs); extractors; Surface Danger Zones (SDZs); training for new equipment; spare parts; U.S. Government technical assistance; technical data; repair and return services; and other related elements of logistics and program support. The estimated cost is \$121 million.

This proposed sale will enhance the foreign policy and national security objectives of the United States by helping to improve the security of a NATO Ally that is a force for political stability and economic progress in Europe.

The proposed sale will improve Denmark's capability to meet current and future threats by providing precision capability equipment and increasing first strike accuracy in its brigades. Denmark will have no difficulty absorbing these articles and services into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be RTX Corporation, located in Tucson, Arizona. The purchaser typically requests offsets. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Denmark.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

The description and dollar value are for the highest estimated quantity and dollar value based on initial requirements. Actual dollar value will be lower depending on final requirements, budget authority, and signed sales agreement(s), if and when concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military-Affairs, Office of Congressional and Public Affairs, [pm-cpa@state.gov](mailto:pm-cpa@state.gov).
