Dear Mr. Bink:

This letter responds to the Indiana Harbor Belt Railroad Company (IBHR) July 16th, submission to the Federal Railroad Administration (FRA) seeking approval of its modifications to its approved Engineer Certification Program. FRA reviewed your submission and determined that it is a non-material modification that does not require FRA's approval.

Thank you for your submission so that FRA can maintain a current version of the approved program. Please contact me at 918-557-0651 or Kevin.Lewis@dot.gov, or FRAOPCERTPROG@dot.gov with any questions or concerns.

Sincerely,
