

Fatality Alert

MINE FATALITY – On November 27, 2024, an electrician died when a Load Haul Dump (LHD) loader struck him. The electrician was outside of his mine utility vehicle and was struck by the LHD loader tire.

Best Practices

- Communicate your intended movements to mobile equipment operators and ensure they acknowledge your presence before you travel near mobile equipment.
- Use reflective clothing and/or strobe light devices to increase your visibility.
- Be aware of your location in relation to movement of equipment and stay clear of their normal paths of travel.

This is the 28th fatality reported in 2024, and the 12th classified as “Powered Haulage.”

The information provided in this notice is based on preliminary information only and does not represent final determinations regarding the nature of the accident or conclusions regarding the cause of the fatality.

Report accidents and hazardous conditions: 1-800-746-1553
