CPKC-21

**BEFORE THE SURFACE TRANSPORTATION BOARD**

---

**FINANCE DOCKET NO. 36500 (SUB-NO. 6)**

---

**CANADIAN PACIFIC RAILWAY LIMITED, ET AL. – CONTROL – KANSAS CITY SOUTHERN, ET AL.  
(GENERAL OVERSIGHT)**

**CPKC’S SEPTEMBER 2024 DATA SUBMISSION**

In accord with Oversight Decision No. 1 served on September 1, 2023, Canadian Pacific Kansas City Limited (“CPKC”), on behalf of its U.S. rail carrier subsidiaries,<sup>1</sup> provides this submission of data for the month of August 2024.

**I. INTERCHANGE DATA**

CPKC is submitting interchange data for the month of August 2024 in the accompanying file named “STB\_FD\_36500\_6\_GATEWAY\_HC\_2024\_09\_202409051310.csv.” CPKC has designated that file as Highly Confidential in its entirety.

CPKC is separately filing a public file containing aggregate interchange data for each of the specified gateways. That file is named “STB\_FD\_36500\_6\_GATEWAY\_PUBLIC\_2024\_09\_202409051307.csv.”

**II. CUSTOMER EXPERIENCE DATA**

**A. Customer Experience Data File**

As in previous months, CPKC is submitting data on the customer service metrics that were not reported by CPKC in dockets Ex Parte No. 724 and Ex Parte No. 770 for the Saturday-

---

<sup>1</sup> CPKC’s U.S. rail carrier subsidiaries include Soo Line Railroad Company; Central Maine & Quebec Railway US Inc.; Dakota, Minnesota & Eastern Railroad Corporation; Delaware & Hudson Railway Company, Inc. (collectively “CP” or “CP/Soo”); The Kansas City Southern Railway Company, Gateway Eastern Railway Company, and The Texas Mexican Railway Company (collectively, “KCSR”).

to-Friday Reporting Weeks ending during August 2024 (*i.e.*, the period between July 27, 2024 and August 30, 2024) in the accompanying file named “STB\_FD\_36500\_6\_CUSTOMER\_2024\_09\_202409090921.csv” (the “Customer Data File”). As previously noted, the Customer Data File has been expanded to incorporate the weekly performance metrics previously reported in Ex Parte No. 770 (Sub-No. 1).<sup>2</sup> Those metrics continue to be reported separately for CP/Soo and KCSR, as they were when reported in the Ex Parte No. 770 docket. The Customer Data File contains blank rows that will be used in the future at such time as CPKC consolidates its performance reporting into a single set of metrics for CPKC’s U.S. network, at which point reporting of separate metrics for CP/Soo and KCSR will be discontinued.

#### **B. Metra Delay Data**

Weekly data reflecting performance of Metra trains is included in the Customer Data File. Table 1 below summarizes the Metra on-time performance data for the full months of July and August 2024 consistent with how Metra reports its on-time performance data publicly. Table 1 reflects the number and percentage of Metra trains delayed by CPKC freight trains on the MD-N and MD-W lines. In most monthly Data Submissions, Table 1 would also explain differences (if any) between the figures CPKC reported and the total “freight train interference” figures reported by Metra in its OTP reporting.<sup>3</sup> However, Metra has not yet released its July and

---

<sup>2</sup> See *Urgent Issues in Freight Rail Service – Railroad Reporting*, Ex Parte No. 770 (Sub-No. 1) (STB served Jan. 31, 2024) at 9 (“Board will not require that all Class I railroads continue to submit weekly performance data in this docket”).

<sup>3</sup> Metra’s public OTP reporting provides aggregate figures that include all delays caused by “foreign” freight train interference, and thus does not distinguish between freight train interference caused by CPKC trains and that caused by trains of other freight railroads operating over, or crossing, Metra’s lines. Note that the FTI delays reported herein and in Metra’s Public OTP Reports include delays resulting from CPKC freight trains that Metra has concluded are not “controllable” by CPKC.

August 2024 On-Time Performance (“OTP”) Report. A future Data Submission will explain any differences for those months.

**TABLE 1**

| <b>Metra Line</b> | <b>Period</b> | <b>Metra Delays Attributed to CPKC Freight Train Interference</b> | <b>Total Metra Trains Scheduled</b> | <b>Percentage of Metra Trains with Delays Attributed to CPKC Freight Train Interference</b> | <b>Difference, if Any, from Total FTI Figures in Metra’s Public OTP Reports</b> |
|-------------------|---------------|---|-------------------------------------|---|---|
| <b>MD-N Line</b>  |               |   |                                     |   |   |
| MD-N              | July 2024     | 0   | 1,357                               | 0.00%   | Metra has not yet released its July 2024 OTP Report.                            |
| MD-N              | August 2024   | 0   | 1,338                               | 0.00%   | Metra has not yet released its August 2024 OTP Report.                          |
| <b>MD-W Line</b>  |               |   |                                     |   |   |
| MD-W              | July 2024     | 0   | 1,330                               | 0.00%   | Metra has not yet released its July 2024 OTP Report.                            |
| MD-W              | August 2024   | 3   | 1,346                               | 0.22%   | Metra has not yet released its August 2024 OTP Report.                          |

**C. Service Action Plan Metric Benchmarks**

As set forth in Decision No. 35 (at 141-42), CPKC committed to develop Service Action Plans in the event specified thresholds are triggered by trends in three customer experience metrics: Manifest Carloads On Time (based on EP 770 Item 7(i)), First/Mile/Last Mile (Industry Spot and Pull) (based on EP 770 Item 5), and Bulk Train On Time (based on EP 770 Item 7(i)). See Applicants’ Final Brief, Appendix A, p. A9.

Table 2 on the next page reports the values for the applicable metrics as set forth in the Customer Data File (or, in the case of the bulk train OTP, the aggregate of the reported metrics) for the Reporting Weeks ending during the month of August 2024. The Table also reports the

four-week rolling average figures that are used to assess trends in performance relative to the applicable benchmarks.

| <b>8/30/2024</b> | 73.40%  | 74.35%                    | 73.97%                            | 74.59%                    | 97.50%  | 97.72%                    | 89.40%  | 90.86%                    | 96.75%   | 95.72%                    | 93.90%                            | 94.50%                    |

**III. OPERATIONAL DATA**

**A. Data for Reporting Period**

CPKC is submitting data on the operational metrics for the Reporting Weeks ending during August 2024 in the accompanying file named “STB\_FD\_36500\_6\_OPERATIONAL\_2024\_09\_202409111204.csv” (the “Operational Data File”).

**B. Status of Capital Projects on CP Marquette Subdivision**

This information is provided in Table 3 below.

**TABLE 3  
STATUS OF MARQUETTE SUBDIVISION CAPITAL PROJECTS AS OF SEPTEMBER 15, 2024**

| LOCATION                   | PROJECT                   | STATUS   |
|----------------------------|---------------------------|--|
| MP 24 to MP100 (Marquette) | 72 Miles of CTC Signaling | For segment between MP 46 and MP 72, construction completed; CTC placed in service on November 29, 2023.<br>For segments between MP 24 and MP 46 and between MP 72 and MP 100 (Marquette), construction began May 15, 2024, for target in-service date of November 2024. |
| Brownsville (MP 155)       | New 10,200-foot siding    | Design has been completed; construction planned to begin in 2026, but could be accelerated if volumes increase faster than anticipated.  |
| Turkey River (MP71)        | New 12,200-foot siding    | Design and tree clearing completed; civil construction began on April 22, 2024, for target in-service date in Q2 2025.   |
| Bellevue (MP24)            | New 10,200-foot siding    | Complete and in service on July 11, 2024.  |
