Notice to the Market

BR listed at FTSE4Good for the second consecutive year

Rio de Janeiro, July 19th, 2021.

Petrobras Distribuidora S.A. (“Company” or “BR”) (B3: BRDT3), announces that it is listed for the second consecutive year in the FTSE4Good index.

Created by FTSE Russel, the index aims to identify companies that demonstrate robust environmental, social and governance (ESG) practices in relation to internationally recognized standards.

The themes analyzed (climate change, biodiversity, water resources, governance, supply chain, human rights, communities and work practices) are in line with the UN’s sustainable development goals (SDGs).

BR obtained top marks in corporate governance and environmental requirements for the supply chain. It also had outstanding scores, in relation to others companies in the sector and Brazilian companies, in relation to risk management, climate change and social requirements for the supply chain.

This result demonstrates BR commitment to business sustainability and its continuous search for improving performance in environmental, social and governance (ESG) practices.
