Ref. BOD012/2021

19 July 2021

RE: Operations during Covid-19 situation
To: President,
The Stock Exchange of Thailand

According to the government's call for co-operation to limit the movement of people during current Covid-19 pandemic situation, Nok Airlines Public Company Limited (the "**Company**") is also aware of the need of some people to travel. Therefore the Company reduced the operational flight schedule to be in line to meet the required passenger demand in the same way as we have always stoodby with fellow Thais. Futhermore, the Company also has implemented public health measures to safeguard passengers during their travels and staff safety during their duties with us.

Please be informed accordingly.

Sincerely yours,

-Wutthiphum Jurangkool-

(Dr. Wutthiphum Jurangkool)

Chief Executive Officer
