About Emyria (www.emyria.com)

Emyria Limited is a data-backed, drug development company. Emyria's Treatments target unmet needs and are focused on obtaining approval from major global regulators. Emyria's drug development programs are informed by insights generated from extensive analysis of Emyria Data - deep, ethically-sourced clinical evidence that is gathered with patients across Emyria's independent clinical services.

(Emerald Clinics - www.emeraldclinics.com.au).

Emyria Data provides deep treatment insights and is therefore a source of unique IP, strategically designed drug development and personalised care programs.

About Cann Group

Cann Group Limited (ABN 25 603 949 739) is building a world-class business focused on breeding, cultivating, manufacturing and supplying medicinal cannabis for sale and use within Australia and for approved overseas export markets. Cann also owns Satipharm, a Europe-based business exclusively licensed to manufacture, develop and market the proprietary Gelpell delivery system for cannabinoids. Cann has established research and cultivation facilities in Melbourne and is developing a state-of-the-art cultivation and manufacturing facility near Mildura, Victoria. Cann Group has established a leading position in plant genetics, breeding, extraction, analysis and production techniques required to facilitate the supply of medicinal cannabis for a range of diseases and medical conditions. The Company is commercialising a range of imported and locally sourced and manufactured medicinal cannabis products.
