- a) incorporating into the Base Prospectus the information resulting from the press release published on 5 December 2023 in relation to NATIXIS' prudential capital requirements that had been set by the European Central Bank following the Supervisory Review and Evaluation Process;
- b) updating the decision of the Board of Directors of NATIXIS to renew the issuing authorisation;
- c) correcting the risk factors entitled "*Risks relating to the holding of Notes issued by NATIXIS – Holders of Notes issued by NATIXIS and certain other NATIXIS creditors may suffer losses should NATIXIS or an entity of the Groupe BPCE undergo resolution proceedings*";
- d) amending, as a result of a) to c) above, the following sections of the Base Prospectus: "*RISK FACTORS*", "*DESCRIPTION OF THE ISSUERS*" and "*GENERAL INFORMATION*".

To the extent applicable, investors who have already agreed to purchase or subscribe for any Notes before this Third Supplement is published, have the right, exercisable within a time limit of three (3) working days after the publication of this Third Supplement (no later than 12 January 2024), to withdraw their acceptances, provided that the significant new factor, material mistake or material inaccuracy arose or was noted before the closing of the offer period or the delivery of the Notes. Investors may contact the Authorised Offerors should they wish to exercise the right of withdrawal.

## RISK FACTORS

From the date of this Supplement, the “RISK FACTORS” section which appears on pages 21 to 37 of the Base Prospectus is amended as follows:

- the risk factor entitled “*Risks relating to the holding of Notes issued by NATIXIS – Holders of Notes issued by NATIXIS and certain other NATIXIS creditors may suffer losses should NATIXIS undergo resolution proceedings*” appearing on pages 22 to 23 of the Base Prospectus is deleted in its entirety and replaced as follows:

*“Risks relating to the holding of Notes issued by NATIXIS – Holders of Notes issued by NATIXIS and certain other NATIXIS creditors may suffer losses should NATIXIS or an entity of the Groupe BPCE undergo resolution proceedings*

Directive (EU) 2014/59 establishing a framework for the recovery and resolution of credit institutions and investment firms (“**BRRD 1**”), transposed into French law by order No. 2015-1024 of August 20, 2015 which also adapted French law to the provisions of European Regulation 806/2014 of July 15, 2014 which established the rules and a uniform procedure for the resolution of credit institutions under a single resolution mechanism and a single Bank Resolution Fund, aim in particular to set up a single resolution mechanism giving resolution authorities a “bail-in” power aimed at combating systemic risks attached to the financial system and in particular at avoiding financial intervention by governments in the event of a crisis. Directive (EU) 2019/879 of May 20, 2019 (“**BRRD 2**”, and together with BRRD 1, the “**BRRD regulation**”) amended BRRD 1 and was transposed into French law by order No. 2020-1636 of December 21, 2020. In particular, the powers provided for by the BRRD regulation allow the resolution authorities to write down, cancel or convert into shares, the securities and eligible liabilities of this financial institution, in the event that a financial institution or the group to which it belongs subject to BRRD becomes or is close to defaulting. In addition to the possibility of using this “bail-in” mechanism, the BRRD grants the resolution authorities more extensive powers, allowing them in particular to (1) force the entity to recapitalize itself in order to comply with the conditions of its authorization and continue the activities for which it is approved with a sufficient level of confidence on the part of the markets; if necessary, by modifying the legal structure of the entity, and (2) reduce the value of the receivables or debt instruments, or convert them into equity securities for transfer to a bridging institution for capitalization, or as part of the sale of a business, or recourse to an asset management vehicle.

As an establishment affiliated to BPCE, central body of the Groupe BPCE within the meaning of Article L.511-31 of the French Monetary and Financial Code and by virtue of the full and entire legal solidarity that binds all the affiliates of the Groupe BPCE and the central body, NATIXIS may only be subject to resolution proceedings in the event of default by BPCE and of all the affiliates of the Groupe BPCE, including NATIXIS. Such resolution proceedings would be initiated against the whole Groupe BPCE and all affiliated entities. If the financial position of the whole Groupe BPCE, including NATIXIS were to deteriorate, or be perceived as deteriorating, the implementation of the resolution measures provided for by the BRRD regulation could cause the market value of NATIXIS financial securities, including the Notes, to decline more rapidly.

If BPCE and all its affiliates, including NATIXIS, could be subject to resolution measures, the holders of Notes issued by NATIXIS could suffer losses due to the exercise of the powers conferred by BRRD regulation to the resolution authorities, which can then proceed to:

- the full or partial impairment of NATIXIS equity instruments and eligible financial instruments including the Notes, leading to the full or partial loss of the value of these instruments;
- the full or partial conversion of eligible financial instruments, including the Notes, into NATIXIS shares, resulting in the unwanted holding of NATIXIS shares and a possible financial loss when reselling these shares;

- a change to the contractual conditions of the financial instruments, including the Terms and Conditions of the Notes, that could alter the instruments' financial and maturity terms; such a change could result in lower coupons or longer maturities and have a negative impact on the value of said financial instruments.

Additionally, the implementation of resolution measures at the Groupe BPCE level would also significantly affect NATIXIS' ability to make the payments required by such instruments, including the Notes, or, more generally, to honor its payment obligations to third parties, including the Noteholders. Indeed, the debt securities issued by NATIXIS under its issuance programs, including the Programme, constitute general and unsecured and senior contractual commitments within the meaning of Article L.613-30-3-I 3° of the French Monetary and Financial Code (see Condition 3 (*Status*)). These securities could be impacted as a last resort once the subordinated receivables and debt instruments (Common Equity Tier 1 instruments, Additional Tier 1 capital instruments and Tier 2 capital) have been affected by "bail-in" measures. In any event, holders of equity securities would have been the first to be affected by the impairment of NATIXIS.

The legislative provisions establishing a legal principle of solidarity oblige BPCE, in its capacity as central body, to do everything necessary to restore the liquidity or solvency of affiliates in difficulty and/or of all affiliates of the Groupe BPCE, including NATIXIS. BPCE may in particular implement the internal solidarity mechanism that it has put in place (as described on page 4 of the NATIXIS 2022 URD First Amendment). Furthermore, by virtue of the unlimited nature of the principle of solidarity, BPCE is entitled at any time to request any one, several or all of the affiliates, including NATIXIS, to participate in the financial efforts that would be necessary to restore liquidity or solvency and will thus be able, if necessary, to mobilize up to all the availability and own funds of the affiliates, including those of NATIXIS, in the event of difficulty of one or more of them. Thus, (i) in the event of financial difficulties for NATIXIS, BPCE may resort to the resources of any one, several, or all of the affiliates; (ii) in the event of financial difficulties of one of BPCE's affiliates other than NATIXIS, the implementation of solidarity through recourse to the resources of any one, including NATIXIS, of several or all of the affiliates may lead to the emergence of financial difficulties at the level of NATIXIS and, consequently, to the Noteholders losing all or part of their initial investment and/or not receiving the return initially planned.

If resolution proceedings were to be brought at the Groupe BPCE level, the Noteholders may, following the exercise of powers of write-down, conversion or amendment of the Terms and Conditions of the Notes by the competent authority, lose all or part of their initial investment and/or not receive the originally anticipated remuneration.

Finally, the BRRD and the legal and regulatory texts relating to resolution procedures are evolving continuously and may be amended in the future, including in a way that could result in a less favourable treatment of the Noteholders in the context of a resolution procedure. For example, on 18 April 2023, the European Commission presented a package of legislative measures aimed at adapting and further strengthening the existing European Union framework for bank crisis management and deposit guarantee by amending the BRRD, Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund (as amended) and Directive 2014/49/EU of the European Parliament and of the Council of 16 April 2014 on deposit guarantee schemes (recast) (the "**European Commission's Proposal**"). The legislative package is subject to further legislative procedures, but if implemented in its current form, senior preferred obligations (such as the Notes) will then have a lower rank in right of payment than all deposits of NATIXIS, including deposits of large corporations and other deposits that are currently excluded from privileged deposits. As a result, there could be an increased risk that an investor in senior preferred obligations (such as the Notes) loses all or part of its investment. The European Commission's Proposal, if implemented, may also lead to a downgrade of the rating of the

Notes. In this respect, please also refer to the risk factor entitled “*Risks relating to a downgrade in the rating or rating outlook of NATIXIS or the Notes*”.”
