**Secures Unitholder Approval and Completes Acquisition**  
**of**  
**Navios Maritime Acquisition Corporation**

MONACO, October 15, 2021 -- Navios Maritime Partners L.P. (“Navios Partners”) (NYSE: NMM), an international owner and operator of dry cargo and tanker vessels, announced that it completed the acquisition of Navios Maritime Acquisition Corporation (“Navios Acquisition”) (NYSE: NNA).

Angeliki Frangou, Chairwoman and Chief Executive Officer, stated, “We are pleased with this transformative transaction through which we created the largest U.S. publicly-listed shipping company with 15 vessel types diversified across three segments, servicing more than 10 end markets. About one-third of our fleet will be in each of the dry bulk, containership and tanker segment. We believe that this combination should result in a stronger, more resilient entity, mitigating sector specific cyclicity, and enabling us to capitalize on opportunities throughout the industry and provide even returns to our stakeholders across cycles.”

**Merger Transaction Highlights**

In the merger, each outstanding common share of Navios Acquisition (other than shares held by Navios Partners) was exchanged for 0.1275 of a common unit of Navios Partners, with Navios Partners issuing a total of approximately 3.4 million common units to the Navios Acquisition shareholders in the transaction. As a result of the merger, Navios Acquisition’s common shares were no longer listed for trading on NYSE.

**Benefits of Combination**

The Transaction:

- Creates the #1 largest U.S. publicly-listed shipping company, with over 140 vessels aggregating approximately 15 million deadweight tons operating in three segments through 15 different vessel types and serving more than 10 end markets.
- Scales operations with trades across all sizes with about one-third of its vessels operating in each of the three segments.
- Achieves diversification to mitigate idiosyncratic segment volatility as operational segments are driven by unique fundamentals.
- Optimizes strategy allowing management to take advantage of opportunities within each sector, such as by calibrating charter term based upon segment opportunity.
- Realizes annual cost reductions.

- Maintains significant financial flexibility with a combined modest leverage ratio of approximately 35%, based upon the average of publicly available broker reports as of August 20, 2021, and a large collateral value base for refinancing debt maturities.
- Enhances credit profile by increasing cash retention to support growth and continued deleveraging.
- Grows equity market capitalization and depth in share trading to offer an attractive fundamental investment opportunity to investors seeking exposure to global economy.
- Maintains and ultimately grows returns to unitholders of the combined company.
- Provides Navios Acquisition's shareholders the opportunity to continue to participate in the combined company and avail themselves of market upside.
